Site No: SH1	Site Name: Admiralty Park, Camberley	LPA: Surrey Heath
Site Area: 5.4ha	Survey Date: November 2014	Name of Surveyor(s): CK, IM

SITE DESCRIPTION

The site can be described as the following (select all that apply):

<input checked="" type="checkbox"/> Edge of centre / out of town	<input type="checkbox"/> Town Centre	<input type="checkbox"/> Rural
<input type="checkbox"/> Incubator / SME Cluster Site	<input type="checkbox"/> Research and Technology / Science Park	<input type="checkbox"/> High Quality Business Park
<input checked="" type="checkbox"/> Warehouse / Distribution Park	<input checked="" type="checkbox"/> General Industry / Business Area	<input type="checkbox"/> Heavy / Specialist Industrial Site
<input type="checkbox"/> Site for Specific Occupier(s)	<input type="checkbox"/> Recycling / Environmental Industrial Sites	<input type="checkbox"/> Prominent Site
<input type="checkbox"/> Other: _____		

General comments / description of site

The site is located at the north western extremity of Camberley, immediately south of the Meadows Gyratory. The point where the three counties; Surrey, Hampshire and Berkshire meet is located just to the northwest of the site. There is a mix of light industry, ancillary office, storage and distribution use, as well as car servicing and trade counter occupiers. The site is divided into 5 zones – A to E. It no longer holds natural gas storage.

ACCESSIBILITY

Distance to Strategic Highway Network: Access to M3 at junction 4, 2.1km away, via the A331 primary route.	Rail Access: Located 2.7km from Camberley Station and 0.5km from Blackwater Station.
Quality of local roads: Admiralty Way is accessed from the A331 primary route at a traffic light junction just south of the Meadows Gyratory. Connectivity is good. The immediate section of the A331 is a well-used dual carriageway route that connects the M3 and A30, and provides further access to Camberley town centre, Farnborough and Aldershot.	Proximity to settlements: 2.7km driving distance to Camberley town centre, 5.1km driving distance to Farnborough town centre.

FACILITIES

	On site	Within 800m of the site
Convenience retail	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Restaurants / café	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Gym / sports facilities	<input type="checkbox"/>	<input type="checkbox"/>
Hotel	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Crèche / Children's Nursery	<input type="checkbox"/>	<input type="checkbox"/>
Training facility	<input type="checkbox"/>	<input type="checkbox"/>
Comparison Retail	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Other (please provide further information below)	<input type="checkbox"/>	<input type="checkbox"/>

The site is less than 800m from both a large superstore with a café and the local shops and services in Blackwater District Centre.

NON-B CLASS USES

If there are non-B Class uses on the site indicate the type and approximate proportion of floorspace below:

Use	0-20%	20-40%	40-60%	60-80%	80-100%
Housing	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Retail	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Leisure	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Community	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Other (please provide further information below)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Zone B is currently occupied by Gravity force Ltd Trampoline Centre, a D2 use. Zone B covers the smallest area of all the distinct zones within Admiralty Park and as such, accounts for less than 20% of the overall uses. There are some Suit Generis uses, with trade counter and car servicing & repair businesses.

ENVIRONMENT

Quality of environment for current use:

Very good Good Poor Very Poor

Is the site environment appropriate for the current uses?

Yes No (please provide further information below)

The site consists of large warehouses segregated into zones, with good vehicular access throughout. There is limited landscaping around the borders of the site.

Neighbouring uses:

Residential Leisure Retail Town Centre Airport Railway Highway Office
 Industrial Warehousing Education Other (please specify)

No conflicting neighbouring uses. The site is bordered to the west and south by the Hawley Meadows and Blackwater Park SANG, with the Reading to Redhill mainline at the SANG's western edge. The A331 and A30 routes border the site to the east and north, with further industrial, office and warehouses uses beyond.

ACCESS & PARKING

Car

Good access from a traffic light junction with the A331 primary route. The entry road is wide and well lit.

HGV

Wide entry junction to the site with plenty of room for HGVs. The internal layout of roads is good, with large areas for turning. The zones D and E at the southern end of the site are slightly more crowded and as such have a surplus of parked cars creating some difficulty for movement of HGVs.

Public Transport

Within 800m of Blackwater station and bus stops, as well as the bus stop at the Meadows Shopping Complex which provides a wider range of bus routes.

Servicing

Good.

Parking

Parking bays and designated areas for parking are provided which satisfies the needs for the amount of vehicles in most zones. There is however an area of apparent undersupply around zones D and E, which are slightly overcrowded with vehicles.

Is the access and parking adequate for the uses within the site?

Yes

No (please provide further information below)

DEVELOPMENT CONTEXT:

Planning Considerations:

Flood Risk (Zone 2 & 3)

Heritage and Conservation

Environmental Designation

Tree Preservation Order

Physical Considerations:

Topography

Contamination

Utilities Infrastructure

Other (please specify below)

Part of the site was previously used for natural gas storage and distribution. This is now a cleared area.

Planning Status (select all that apply):

- | | | |
|---|---|--|
| <input type="checkbox"/> Planning Consent | <input checked="" type="checkbox"/> Site Allocation: Core Employment Area | <input checked="" type="checkbox"/> Site/part of site in SHLAA |
| <input checked="" type="checkbox"/> Fully Implemented | <input type="checkbox"/> Partially Implemented | <input checked="" type="checkbox"/> Cleared Site |
| <input type="checkbox"/> Greenfield | <input checked="" type="checkbox"/> Brownfield | |

Additional comments:

The cleared area which previously housed two gas holders is a rejected site in the SHLAA.

Opportunity for intensification of employment uses at the site:

- Yes (please provide further information below) No

Undeveloped Land

- Yes (please provide further information below) No

An area of the site adjacent to the A331 where natural gas was previously stored. This use has now ceased and the area has been cleared. This may be utilised for future employment or a mix of uses and should still remain within the boundary of this employment site.

Vacant Premises

Yes (please provide further information below)

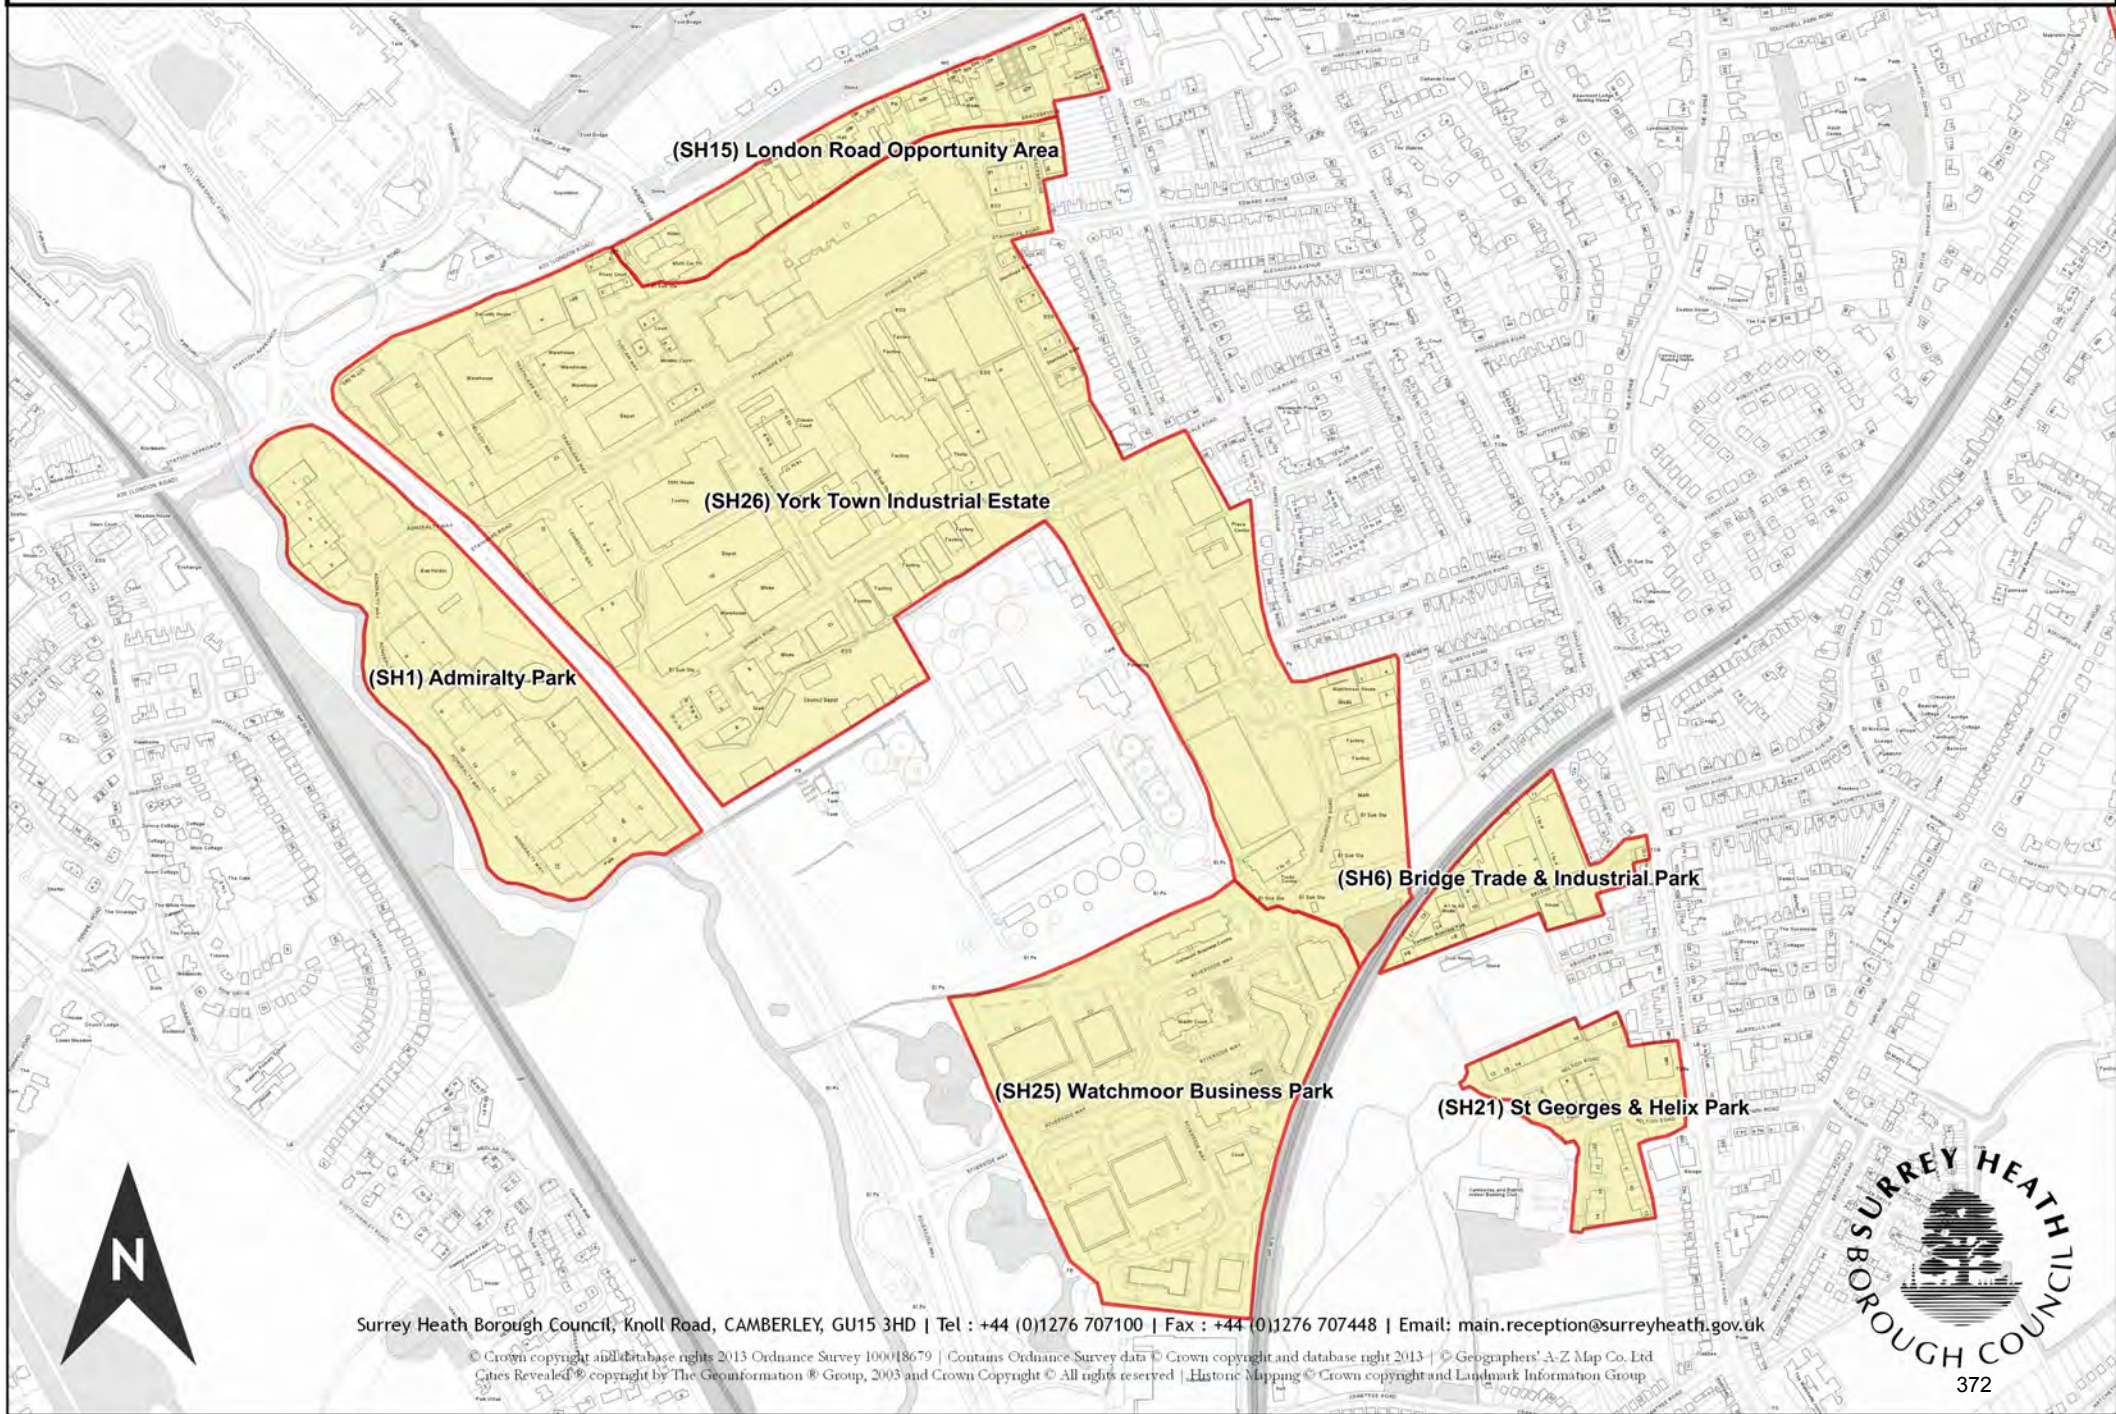

No

Unit Name / Number	Unit Type (B1a/b/c, B2, B8)	Size of unit / amount of floorspace marketed	Market attractiveness				Suitable for conversion to non-employment use? (please specify)
			Good	Refurbishment required	Obsolete	Redevelopment opportunity	
Unit 10	B2/B8	1433 sqm					No
Unit 15	B2/B8	880 sqm					No
Unit 16	B2/B8	855 sqm					No
Unit 17	B2/B8	1512 sqm					No

CONCLUSIONS

Comments / Observations

The site is well located with good strategic and local connections and meets the needs of a range of industrial, storage and distribution and office based occupiers. It consists of relatively large industrial and warehouse units and accommodates some large national and multi-national companies as well as SMEs. There were 4 vacant units at the time of assessment. Being surrounded by SANG land with mature vegetation and busy highways, the site is well separated from neighbouring uses and as such is a good locality for bad neighbour uses in the borough. There is capacity to attract and accommodate future economic development on the cleared site area that previously contained natural gas storage, although it would need to be checked for contamination.

Site No: SH2	Site Name: Albany Park, Frimley	LPA: Surrey Heath
Site Area: 7.4ha	Survey Date: November 2014	Name of Surveyor(s): CK, IM

SITE DESCRIPTION

The site can be described as the following (select all that apply):

<input checked="" type="checkbox"/> Edge of centre / out of town	<input type="checkbox"/> Town Centre	<input type="checkbox"/> Rural
<input type="checkbox"/> Incubator / SME Cluster Site	<input type="checkbox"/> Research and Technology / Science Park	<input type="checkbox"/> High Quality Business Park
<input checked="" type="checkbox"/> Warehouse / Distribution Park	<input checked="" type="checkbox"/> General Industry / Business Area	<input type="checkbox"/> Heavy / Specialist Industrial Site
<input type="checkbox"/> Site for Specific Occupier(s)	<input type="checkbox"/> Recycling / Environmental Industrial Sites	<input type="checkbox"/> Prominent Site
<input type="checkbox"/> Other: _____		

General comments / description of site

This is a large site that has been arranged in various different 'phases', numbered 1-6 and a more recently built addition, Albany Court. It is located adjacent to the M3 which borders the site to the north. The motorway is well screened and runs along an embankment, at a higher level than the site. The site is also close to Frimley District Centre, with good pedestrian and vehicular access. The site appears to be well managed and has a good layout, with well signposted areas. There is a mix of light industrial, warehouse and office uses, which are clustered together in the different phased areas. Occupiers range from SMEs to multi-national companies.

ACCESSIBILITY

Distance to Strategic Highway Network: Accessed from M3 via junction 4, which is a 1.6km car journey. Access to M3 from the site is 2.9km due to the nature of the road layout.	Rail Access: Located 1.1km from Frimley Station, 3.0km from Farnborough Main Station and 2.9km from Farnborough North Station.
Quality of local roads: Primary frontage and access is on to the B3411 Frimley Road, which can be used to access Camberley Town Centre and the A325 which is 0.6km away. This provides access to the A331, M3, Farnborough and Aldershot.	Proximity to settlements: 1.0km driving distance to Frimley town centre, 2.7km driving distance to Camberley town centre, 3.5km driving distance to Farnborough town centre.

Other (please provide further information below)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

ENVIRONMENT

Quality of environment for current use:

Very good Good Poor Very Poor

Is the site environment appropriate for the current uses?

Yes No (please provide further information below)

A large, spacious site with seven different phases/areas. These are not separated and the overall site is unified in nature. There is little in the way of landscaping as a result of the nature of the site, which contains mostly warehouses and light industrial uses.

Neighbouring uses:

Residential Leisure Retail Town Centre Airport Railway Highway Office
 Industrial Warehousing Education Other (please specify)

The site is bordered to by the M3, the Reading to Redhill railway line, the B3411 Frimley Road and Lyon Way Business Park and construction site.

ACCESS & PARKING

- Car Accessed from a roundabout junction with the B3411 Frimley Road.
- HGV Good access for HGVs. There are parking restrictions in place to ensure roads remain clear and large service areas in front of most of the warehouse and industrial accommodation.
- Public Transport There are bus routes on the adjacent Frimley Road and at Frimley High Street, both within 800m.
- Servicing Servicing is good.
- Parking Each unit has designated parking areas and additional bays around the perimeter of the site, with further restrictions ensuring only off-street parking is used.

Is the access and parking adequate for the uses within the site?

- Yes No (please provide further information below)

DEVELOPMENT CONTEXT:

Planning Considerations:

- Flood Risk (Zone 2 & 3) Heritage and Conservation Environmental Designation Tree Preservation Order

Unit 1A Phase 3	B1	498 sqm					No
Unit 5 Phase 3	B1	1065 sqm					No
Rear unit Phase 4	B2 or B8	223 sqm					No
Rear unit Albany Park	B1	354 sqm					No

CONCLUSIONS

Comments / Observations

This is a large, well-managed site with good strategic and local access. There are no conflicting neighbouring uses, as it is bordered by a main road, motorway and railway. The site contains exclusively B class uses. The environment of the site is fit for purpose, with a spacious layout and well allocated parking areas. There are a wide range of occupiers including offices, with an SME/technology cluster at the Albany Court Phase, as well as large multinational companies occupying warehouses and light industrial units. Due to the size and location of the site and the type of accommodation, it is in a good position to attract and accommodate future economic development. It currently houses both head offices and production warehouses for international companies such as Krispy Kreme and Amazon Filters. Although there are some vacant units, it is important to take the large size of the overall site into account. When analysed in this context, there is not a disproportionately high amount of vacant units.

<input type="checkbox"/> Site for Specific Occupier(s)	<input type="checkbox"/> Recycling / Environmental Industrial Sites	<input checked="" type="checkbox"/> Prominent Site
<input checked="" type="checkbox"/> Other: Town centre offices		

General comments / description of site

A large 4 storey building incorporating a 2 storey car park on the lower levels and offices above, which are now entirely vacant. It is situated to the south of Camberley town centre, with primary frontage on Pembroke Broadway, but also over town centre shops on Princess Way.

ACCESSIBILITY

Distance to Strategic Highway Network: Access to the M3 at junction 4, 4.2km away, and junction 3, 6km away.	Rail Access: Located 0.1km from Camberley Station and 2.7km from Blackwater Station.
Quality of local roads: The A30 London Road runs along the northern edge of Camberley town centre and provides access to the M3 either by the A331 to the west or the A322 to the east, both of which are primary routes. The A30 does however suffer from congestion at peak hours.	Proximity to other settlements: 5.6km driving distance to Farnborough town centre, 12.4km driving distance to Aldershot town centre, 13.2km driving distance to Bracknell town centre, 16.6km driving distance to Woking town centre.

			Good	Refurbishment required	Obsolete	Redevelopment opportunity	
All office space currently vacant	B1	4534 sqm					Yes. This town centre site could benefit from mixed use scheme.

CONCLUSIONS

Comments / Observations

This is a town centre site consisting of one large building in the south of Camberley town centre. The offices are entirely vacant at present. There is good strategic access and excellent access to local services, being within the Camberley Town Centre Area. In CTC Area Action Plan, Ashwood House is identified as part of the Pembroke Broadway (North) Opportunity Area, TC17. There is potential for this site to incorporate a mix of uses including improved retail provision, residential and office accommodation. In line with policy TC5, office based employment uses will be concentrated in the Knoll Road Commercial Area in the east of the town centre.

Site No: SH4	Site Name: Bagshot Manor, Bagshot	LPA: Surrey Heath
Site Area: 1ha	Survey Date: December 2014	Name of Surveyor(s): CK, IM

SITE DESCRIPTION

The site can be described as the following (select all that apply):

<input checked="" type="checkbox"/> Edge of centre / out of town	<input type="checkbox"/> Town Centre	<input type="checkbox"/> Rural
<input type="checkbox"/> Incubator / SME Cluster Site	<input checked="" type="checkbox"/> Research and Technology / Science Park	<input type="checkbox"/> High Quality Business Park
<input type="checkbox"/> Warehouse / Distribution Park	<input type="checkbox"/> General Industry / Business Area	<input type="checkbox"/> Heavy / Specialist Industrial Site
<input checked="" type="checkbox"/> Site for Specific Occupier(s): Steljes	<input type="checkbox"/> Recycling / Environmental Industrial Sites	<input type="checkbox"/> Prominent Site
<input type="checkbox"/> Other: _____		

General comments / description of site

This small site located in a residential area of Bagshot near the A322 and M3, providing good strategic connections. It is occupied solely by Steljes, an international company that specialises in innovating and supplying new technology solutions for organisations. The site appears well maintained and landscaped and has two car parks. The shops and services of Bagshot District Centre are within walking distance. It is not a prominent site, with frontage on Green Lane, a small residential road to the south of Bagshot.

ACCESSIBILITY

Distance to Strategic Highway Network: Access to M3 at junction 3, 1.2km away.	Rail Access: Located 0.3km from Bagshot Station, 5.7km from Sunningdale Station and 4.8km Camberley Station.
Quality of local roads: Primary frontage onto Green Lane, a small residential road. The site is in very close proximity of the A322 primary route dual carriageway. The A30 is also within easy reach either by residential roads of the A322.	Proximity to other settlements: 3.1km driving distance to Camberley town centre, 8.7km driving distance to Bracknell town centre, 12.2km driving distance to Woking town centre.

FACILITIES

	On site	Within 800m of the site
Convenience retail	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Restaurants / café	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Gym / sports facilities	<input type="checkbox"/>	<input type="checkbox"/>
Hotel	<input type="checkbox"/>	<input type="checkbox"/>
Crèche / Children's Nursery	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Training facility	<input type="checkbox"/>	<input type="checkbox"/>
Comparison Retail	<input type="checkbox"/>	<input type="checkbox"/>
Other (please provide further information below)	<input type="checkbox"/>	<input type="checkbox"/>

NON-B CLASS USES

If there are non-B Class uses on the site indicate the type and approximate proportion of floorspace below:

Use	0-20%	20-40%	40-60%	60-80%	80-100%
Housing	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Retail	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Other (please provide further information below)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

ENVIRONMENT

Quality of environment for current use:

- Very good Good Poor Very Poor

Is the site environment appropriate for the current uses?

- Yes No (please provide further information below)

The site appears to be well maintained and managed. There is a large car park adjacent to the main office building, landscaped areas and mature, protected trees to the rear of the site.

Neighbouring uses:

- Residential Leisure Retail Town Centre Airport Railway Highway Office
 Industrial Warehousing Education Other (please specify)

ACCESS & PARKING

Car

The site has two access points, one leading to a visitor car park and the other to the main car park. Both access points are from Green Lane, a small residential road within easy access of the A322 primary route and M3 junction 3.

HGV

Due to the nature of uses on site, it is unlikely HGVs will regularly need access. HGVs could be fairly constrained as the site is accessed from a small residential road and access points are not wide.

Public Transport

Within walking distance of bus stops and Bagshot Station.

Servicing

There are designated servicing areas on site.

Parking

Parking provision is good. There is a large car park for employees as well as a separate visitors' parking area.

Is the access and parking adequate for the uses within the site?

Yes

No (please provide further information below)

| <input type="checkbox"/> Greenfield | <input checked="" type="checkbox"/> Brownfield | |

Additional comments:

A developable site in the SHLAA.

Opportunity for intensification of employment uses at the site:

- Yes (please provide further information below) No

Although there is undeveloped land at the rear of the site, this is protected by TPOs.

Undeveloped Land

- Yes (please provide further information below) No

There is protected woodland at the rear of the site.

Vacant Premises

Yes (please provide further information below)

No

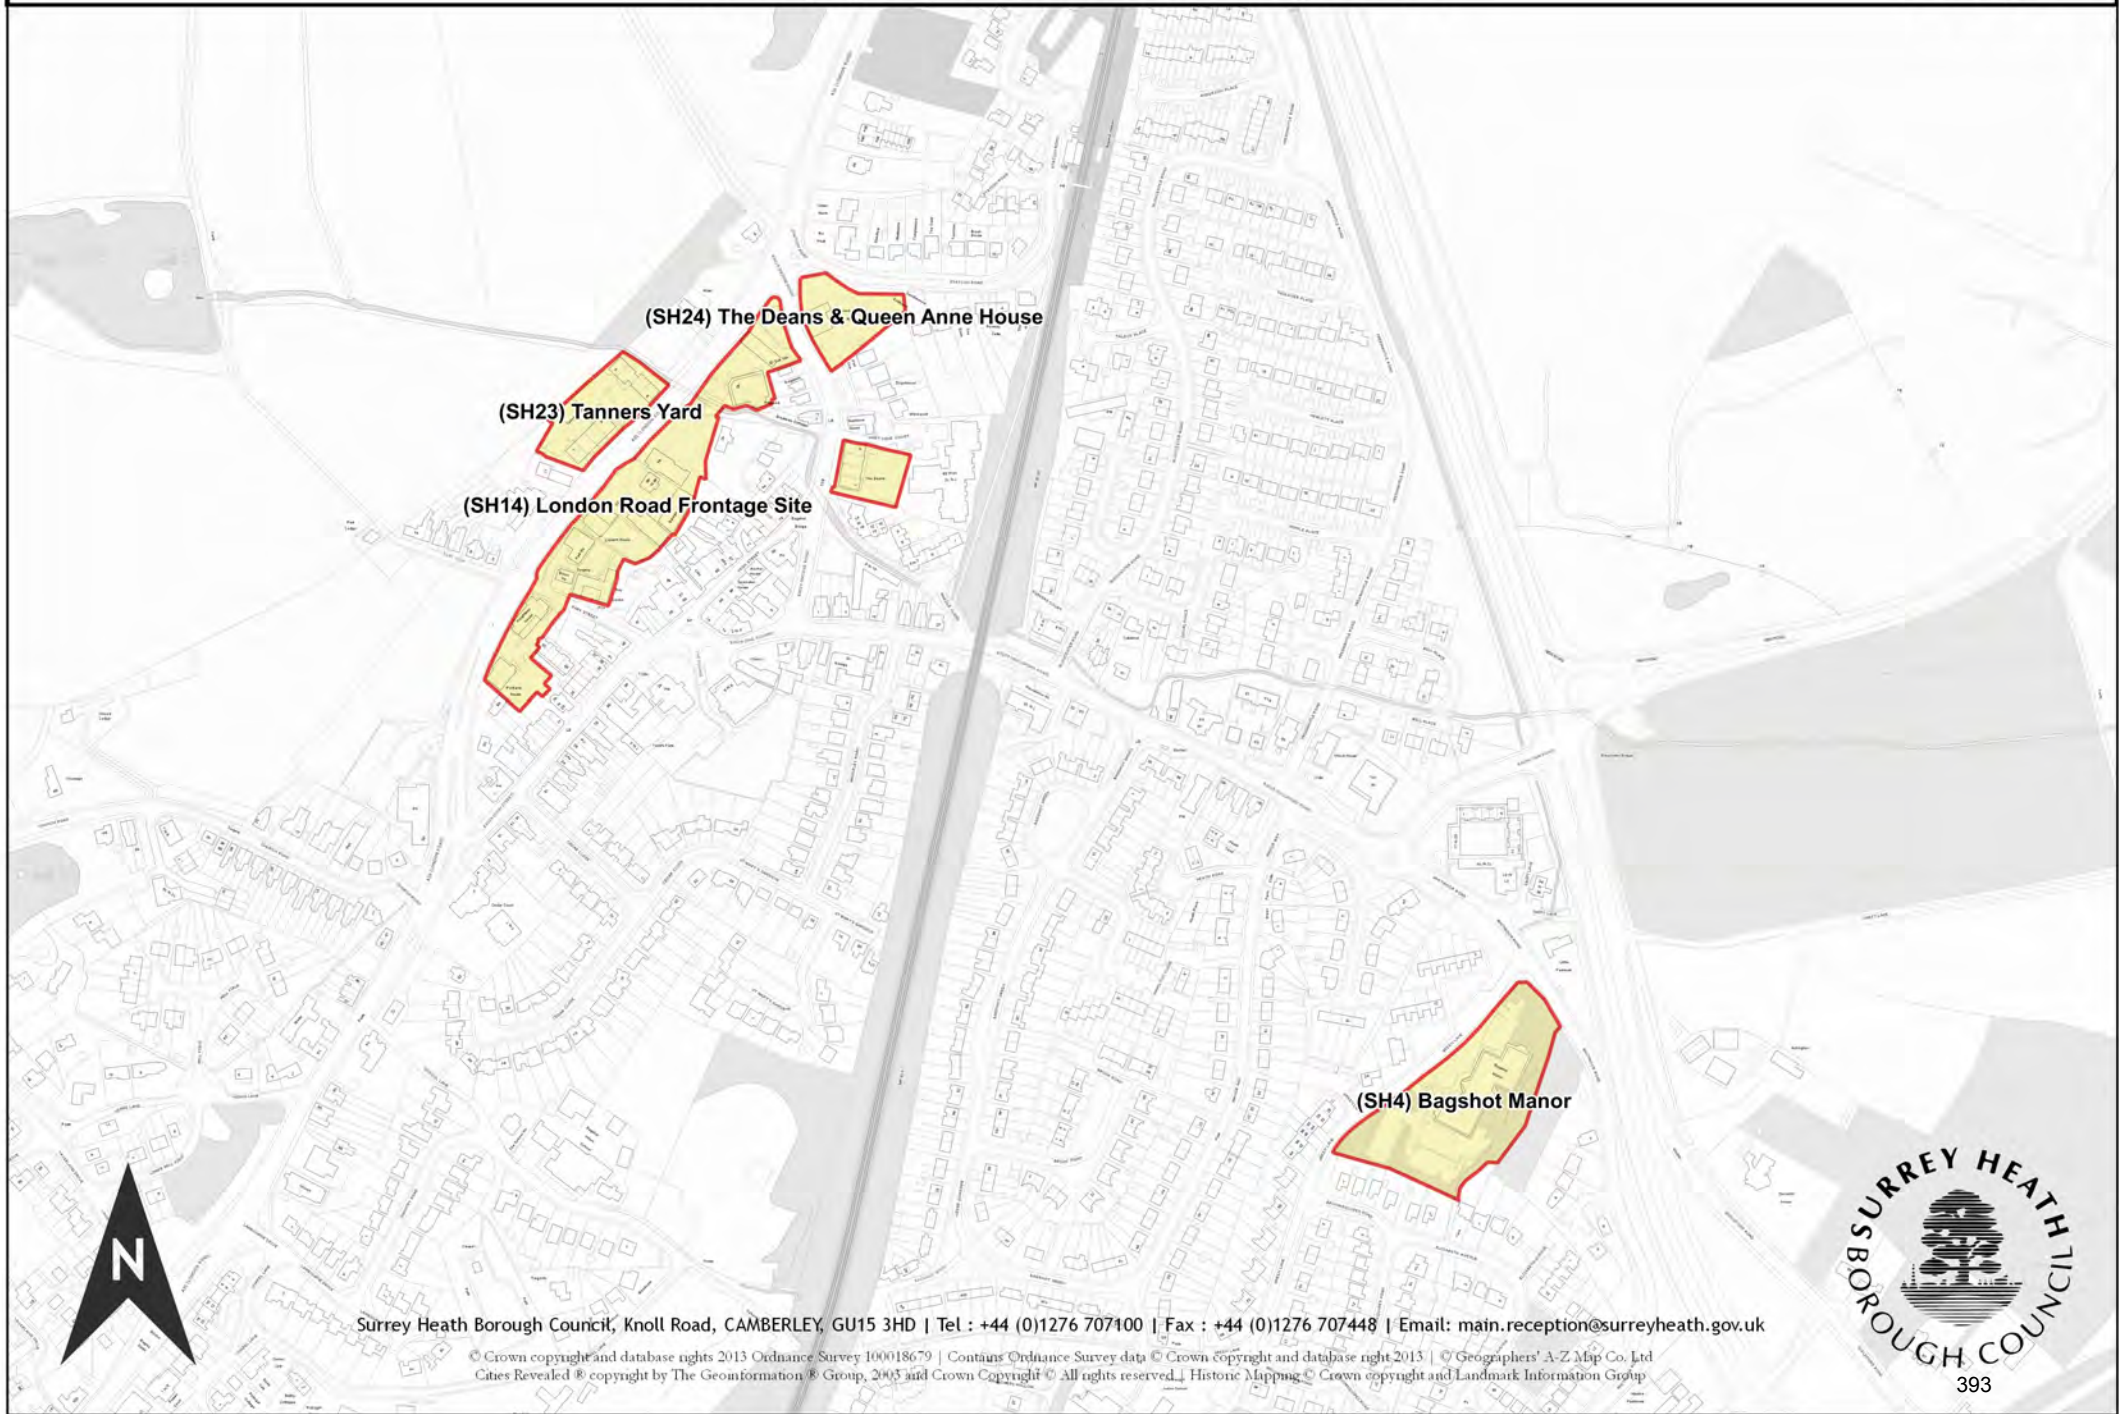

Unit Name / Number	Unit Type (B1a/b/c, B2, B8)	Size of unit / amount of floorspace marketed	Market attractiveness				Suitable for conversion to non-employment use? (please specify)
			Good	Refurbishment required	Obsolete	Redevelopment opportunity	

Site entirely occupied by Steljes.

CONCLUSIONS

Comments / Observations

Bagshot Manor has good strategic connections, being within walking distance of Bagshot Station and short drive from junction 3 of the M3. The sole occupier is now well established at the site, which is fully in use and seemingly well maintained. The office based uses do not appear to cause conflict with the surrounding residential environment, although it lacks prominence due to the relatively inconspicuous locality. The provision of parking is suitable to accommodate the needs of the occupier and there are parking restrictions in place on the entry roads in order to prevent vehicle obstruction. The site's sole occupier is an international company specialising in IT and digital media, which aligns with the Enterprise M3 priority sectors. However, further development of the site in future would potentially be constrained by the protected woodland to its rear and the closely surrounding residential areas.

Site No: SH5	Site Name: BOC/Frazer Nash Site, Chertsey Road, Windlesham	LPA: Surrey Heath
Site Area: 4.3ha	Survey Date: December 2014	Name of Surveyor(s): CK, IM

SITE DESCRIPTION

The site can be described as the following (select all that apply):

<input type="checkbox"/> Edge of centre / out of town	<input type="checkbox"/> Town Centre	<input checked="" type="checkbox"/> Rural
<input type="checkbox"/> Incubator / SME Cluster Site	<input checked="" type="checkbox"/> Research and Technology / Science Park	<input type="checkbox"/> High Quality Business Park
<input type="checkbox"/> Warehouse / Distribution Park	<input checked="" type="checkbox"/> General Industry / Business Area	<input type="checkbox"/> Heavy / Specialist Industrial Site
<input checked="" type="checkbox"/> Site for Specific Occupier(s)	<input type="checkbox"/> Recycling / Environmental Industrial Sites	<input type="checkbox"/> Prominent Site
<input type="checkbox"/> Other: See below		

General comments / description of site

This site is now solely occupied by Frazer Nash, a professional services firm providing engineering analysis and procurement support. The company recently purchased the site from Linde Group after it had been vacant for a number of years. It is a gated site in a secluded, rural setting to the southeast of Windlesham, within the Green Belt. Frazer Nash are currently preparing an application to submit to the council for permission to redevelop the site prior to their full occupancy. The M3 lies immediately to the south. Fields border the site to the east and west, and part of the Thames Basin Heaths Special Protection Area heathland is to the north, beyond the B386 Chertsey Road from which the site is accessed.

ACCESSIBILITY

Distance to Strategic Highway Network: Access to M3 at junction 3, 4.8km away. Access to M25 junction 11 via A30, 10.5km away.	Rail Access: Located 5.5km from Bagshot Station, 4.2km from Sunningdale Station and 10km from Woking station.
Quality of local roads: Primary frontage onto the B386 Chertsey Road. This provides access to other local B roads leading to settlements such as Woking and the A30 which provides access to Camberley, Staines and the M25.	Proximity to other settlements: 9.8km driving distance to Camberley town centre, 12.4km driving distance to Bracknell town centre, 10km driving distance to Woking town centre.

FACILITIES

	On site	Within 800m of the site
Convenience retail	<input type="checkbox"/>	<input type="checkbox"/>
Restaurants / café	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Gym / sports facilities	<input type="checkbox"/>	<input type="checkbox"/>
Hotel	<input type="checkbox"/>	<input type="checkbox"/>
Crèche / Children’s Nursery	<input type="checkbox"/>	<input type="checkbox"/>
Training facility	<input type="checkbox"/>	<input type="checkbox"/>
Comparison Retail	<input type="checkbox"/>	<input type="checkbox"/>
Other (please provide further information below)	<input type="checkbox"/>	<input type="checkbox"/>

NON-B CLASS USES

If there are non-B Class uses on the site indicate the type and approximate proportion of floorspace below:

Use	0-20%	20-40%	40-60%	60-80%	80-100%
Housing	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Retail	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Leisure	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Community	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Other (please provide further information below)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

ENVIRONMENT

Quality of environment for current use:

Very good

Good

Poor

Very Poor

Is the site environment appropriate for the current uses?

Yes

No (please provide further information below)

The site is within a parkland setting, containing lakes and formal gardens.

Neighbouring uses:

Residential

Leisure

Retail

Town Centre

Airport

Railway

Highway

Office

Industrial

Warehousing

Education

Other (please specify)

The site is surrounded by greenbelt land on all sides. The M3 runs east to west, just south of the site and the Thames Basin Heaths SPA is directly to the north of the site, beyond Chertsey Road.

ACCESS & PARKING

Car

There is good access from the B386 Chertsey Road, with one main access point and a secondary access point at the junction with a smaller local road and a further access point from Highams Lane.

HGV

There are no access barriers at the main entry point that would restrict HGV access.

Public Transport

There are bus stops adjacent to the site on Highams Lane, but no train stations within walking distance.

Servicing

Good servicing provision.

Parking

There is a car park to the front of the site, but it is yet to be fully determined if there is adequate provision of spaces, once the occupier inhabits the site.

Is the access and parking adequate for the uses within the site?

Yes

No (please provide further information below)

DEVELOPMENT CONTEXT:

Planning Considerations:

Flood Risk (Zone ___)

Heritage and Conservation

Environmental Designation

Tree Preservation Order

Physical Considerations:

Topography

Contamination

Utilities Infrastructure

Other (please specify below)

The site is entirely within the Greenbelt as well as the 400m buffer zone of the Thames Basin Heaths Special Protection Area.

Planning Status (select all that apply):

- | | | |
|--|--|--|
| <input type="checkbox"/> Planning Consent | <input type="checkbox"/> Site Allocation: Core Employment Area | <input checked="" type="checkbox"/> Site/part of site in SHLAA |
| <input type="checkbox"/> Fully Implemented | <input checked="" type="checkbox"/> Partially Implemented | <input type="checkbox"/> Cleared Site |
| <input type="checkbox"/> Greenfield | <input checked="" type="checkbox"/> Brownfield | |

Additional comments:

The site is considered in the SHLAA, but excluded due to its location within the SPA 400m buffer zone. Frazer Nash are currently preparing a planning application to submit to the council with redevelopment proposals for the site.

Opportunity for intensification of employment uses at the site:

- Yes (please provide further information below) No

The site has extensive landscaped grounds. However, it is entirely within the Greenbelt and 400m buffer of the SPA.

Undeveloped Land

- Yes (please provide further information below) No

As above, a planning application is expected to be submitted to the council, which will detail redevelopment proposals for the site.

Vacant Premises Yes (please provide further information below) No

Unit Name / Number	Unit Type (B1a/b/c, B2, B8)	Size of unit / amount of floorspace marketed	Market attractiveness				Suitable for conversion to non-employment use? (please specify)
			Good	Refurbishment required	Obsolete	Redevelopment opportunity	

The occupier has not yet moved to the premises.

CONCLUSIONS**Comments / Observations**

This is a low density site which has recently been purchased by Frazer Nash, a professional services firm providing specialist engineering; an M3 priority sector and an FEA growth sector. It is quite isolated, in a rural area to the east of Windlesham. The M3 borders the site, although it is a 4.8km journey southwest to access the strategic road network at junction 3 of the motorway. Local retail facilities and services are not available within 800m of the site, aside from one pub/restaurant. There are however on site café facilities. The site has some planning constraints, as it is within 400m of the Thames Basin Heaths SPA and entirely within the Greenbelt and is therefore likely to be unsuitable for residential use. The council is awaiting a planning application from Frazer Nash that will detail the proposed redevelopment of the site.

(SH9) Eli Lilly

Site No: SH6	Site Name: Bridge Trade & Industrial Park, Camberley	LPA: Surrey Heath
Site Area: 2.1ha	Survey Date: November 2014	Name of Surveyor(s): CK, IM

SITE DESCRIPTION

The site can be described as the following (select all that apply):

<input checked="" type="checkbox"/> Edge of centre / out of town	<input type="checkbox"/> Town Centre	<input type="checkbox"/> Rural
<input checked="" type="checkbox"/> Incubator / SME Cluster Site	<input type="checkbox"/> Research and Technology / Science Park	<input type="checkbox"/> High Quality Business Park
<input checked="" type="checkbox"/> Warehouse / Distribution Park	<input checked="" type="checkbox"/> General Industry / Business Area	<input type="checkbox"/> Heavy / Specialist Industrial Site
<input type="checkbox"/> Site for Specific Occupier(s)	<input type="checkbox"/> Recycling / Environmental Industrial Sites	<input type="checkbox"/> Prominent Site
<input type="checkbox"/> Other: _____		

General comments / description of site

The site is located to the southwest of Camberley, in an urban area. It is bordered by the Ascot to Guildford railway line to the northwest and Krooner Park football ground to the south. Uses are primarily light industrial and storage, with many local businesses occupying the smaller industrial workshops and warehouses provided on site. Bridge Road is accessed from a small junction with Frimley Road and is shared by the occupying businesses and a neighbouring residential area.

ACCESSIBILITY

<p>Distance to Strategic Highway Network: Accessed from M3 via junction 4, which is a 2.7km car journey. Access to M3 from the site is 3.7km due to the nature of the road layout. A longer access route would be required for HGVs due to width restrictions on the local road network.</p>	<p>Rail Access: Located 1.3km from Camberley Station, 2.3km from Blackwater Station and 2.3 km from Frimley Station.</p>
<p>Quality of local roads: The site is accessed from Bridge Road which directly connects to the B3411 Frimley Road. Vehicles must pass through a residential area in Bridge Road in order to access the site. This route provides direct access to the A30, A325 and A331.</p>	<p>Proximity to settlements: 1.3km driving distance to Camberley town centre, 1.9km driving distance to Frimley district centre, 4.2km driving distance to Farnborough town centre.</p>

FACILITIES

	On site	Within 800m of the site
Convenience retail	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Restaurants / café	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Gym / sports facilities	<input type="checkbox"/>	<input type="checkbox"/>
Hotel	<input type="checkbox"/>	<input type="checkbox"/>
Crèche / Children's Nursery	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Training facility	<input type="checkbox"/>	<input type="checkbox"/>
Comparison Retail	<input type="checkbox"/>	<input type="checkbox"/>
Other (please provide further information below)	<input type="checkbox"/>	<input type="checkbox"/>

The site is within close proximity of Frimley Road which has a range of local shops and services.

NON-B CLASS USES

If there are non-B Class uses on the site indicate the type and approximate proportion of floorspace below:

Use	0-20%	20-40%	40-60%	60-80%	80-100%
Housing	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Retail	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Leisure	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Community	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Other (please provide further information below)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Sui Generis: Motor vehicle servicing and repair uses

ENVIRONMENT

Quality of environment for current use:

Very good

Good

Poor

Very Poor

Is the site environment appropriate for the current uses?

Yes

No (please provide further information below)

Although the overall condition of the site shows that it is not well maintained, with lower grade, older building stock, it fulfils the needs of the occupying businesses. The small workshops and industrial buildings provide appropriate accommodation for the current uses.

Neighbouring uses:

Residential

Leisure

Retail

Town Centre

Airport

Railway

Highway

Office

Industrial

Warehousing

Education

Other (please specify)

Residential areas are in very close proximity to site, with no screening. Retail and other services can be easily accessed at the Frimley Road neighbourhood centre. The site is also bordered by the Ascot to Guildford railway line and Krooner Park Football round.

ACCESS & PARKING

<input checked="" type="checkbox"/> Car	Access to Bridge Road from a small junction with Frimley road.
<input checked="" type="checkbox"/> HGV	HGVs can access the site. However, turning room is limited and access to smaller units on side roads branching off from Bridge Road is somewhat restricted.
<input checked="" type="checkbox"/> Public Transport	Bus stops are within walking distance, on Frimley Road. Camberley Station is 1.3km away.
<input checked="" type="checkbox"/> Servicing	Generally adequate for the needs of the occupying businesses.
<input checked="" type="checkbox"/> Parking	The availability of parking varies across the site. One unit has a dedicated car park, whilst the majority have smaller designated parking bays at their frontage. However, cars are parked on both the main access road and side streets, despite some limitations. This indicates a need for further parking provision, although the site may lack capacity for this.

Is the access and parking adequate for the uses within the site?

Yes No (please provide further information below)

Moderately adequate. There is however an overspill of on street car parking, causing a difficulty for HGV access and manoeuvring. Car access is adequate and HGVs seem to negotiate the site well despite the constraints.

DEVELOPMENT CONTEXT:

Planning Considerations:

Flood Risk (Zone___) Heritage and Conservation Environmental Designation Tree Preservation Order

Physical Considerations:

Topography Contamination Utilities Infrastructure Other (please specify below)

Planning Status (select all that apply):

- | | | |
|---|---|---|
| <input type="checkbox"/> Planning Consent | <input checked="" type="checkbox"/> Site Allocation: Core Employment Area | <input type="checkbox"/> Site/part of site in SHLAA |

| <input type="checkbox"/> Greenfield | <input checked="" type="checkbox"/> Brownfield | |

Additional comments:

Opportunity for intensification of employment uses at the site:

- Yes (please provide further information below) No

There is already a dense arrangement of existing units.

Undeveloped Land

- Yes (please provide further information below) No

There is a large, seemingly underused car park to the east of Minekeep House.

Vacant Premises

Yes (please provide further information below)

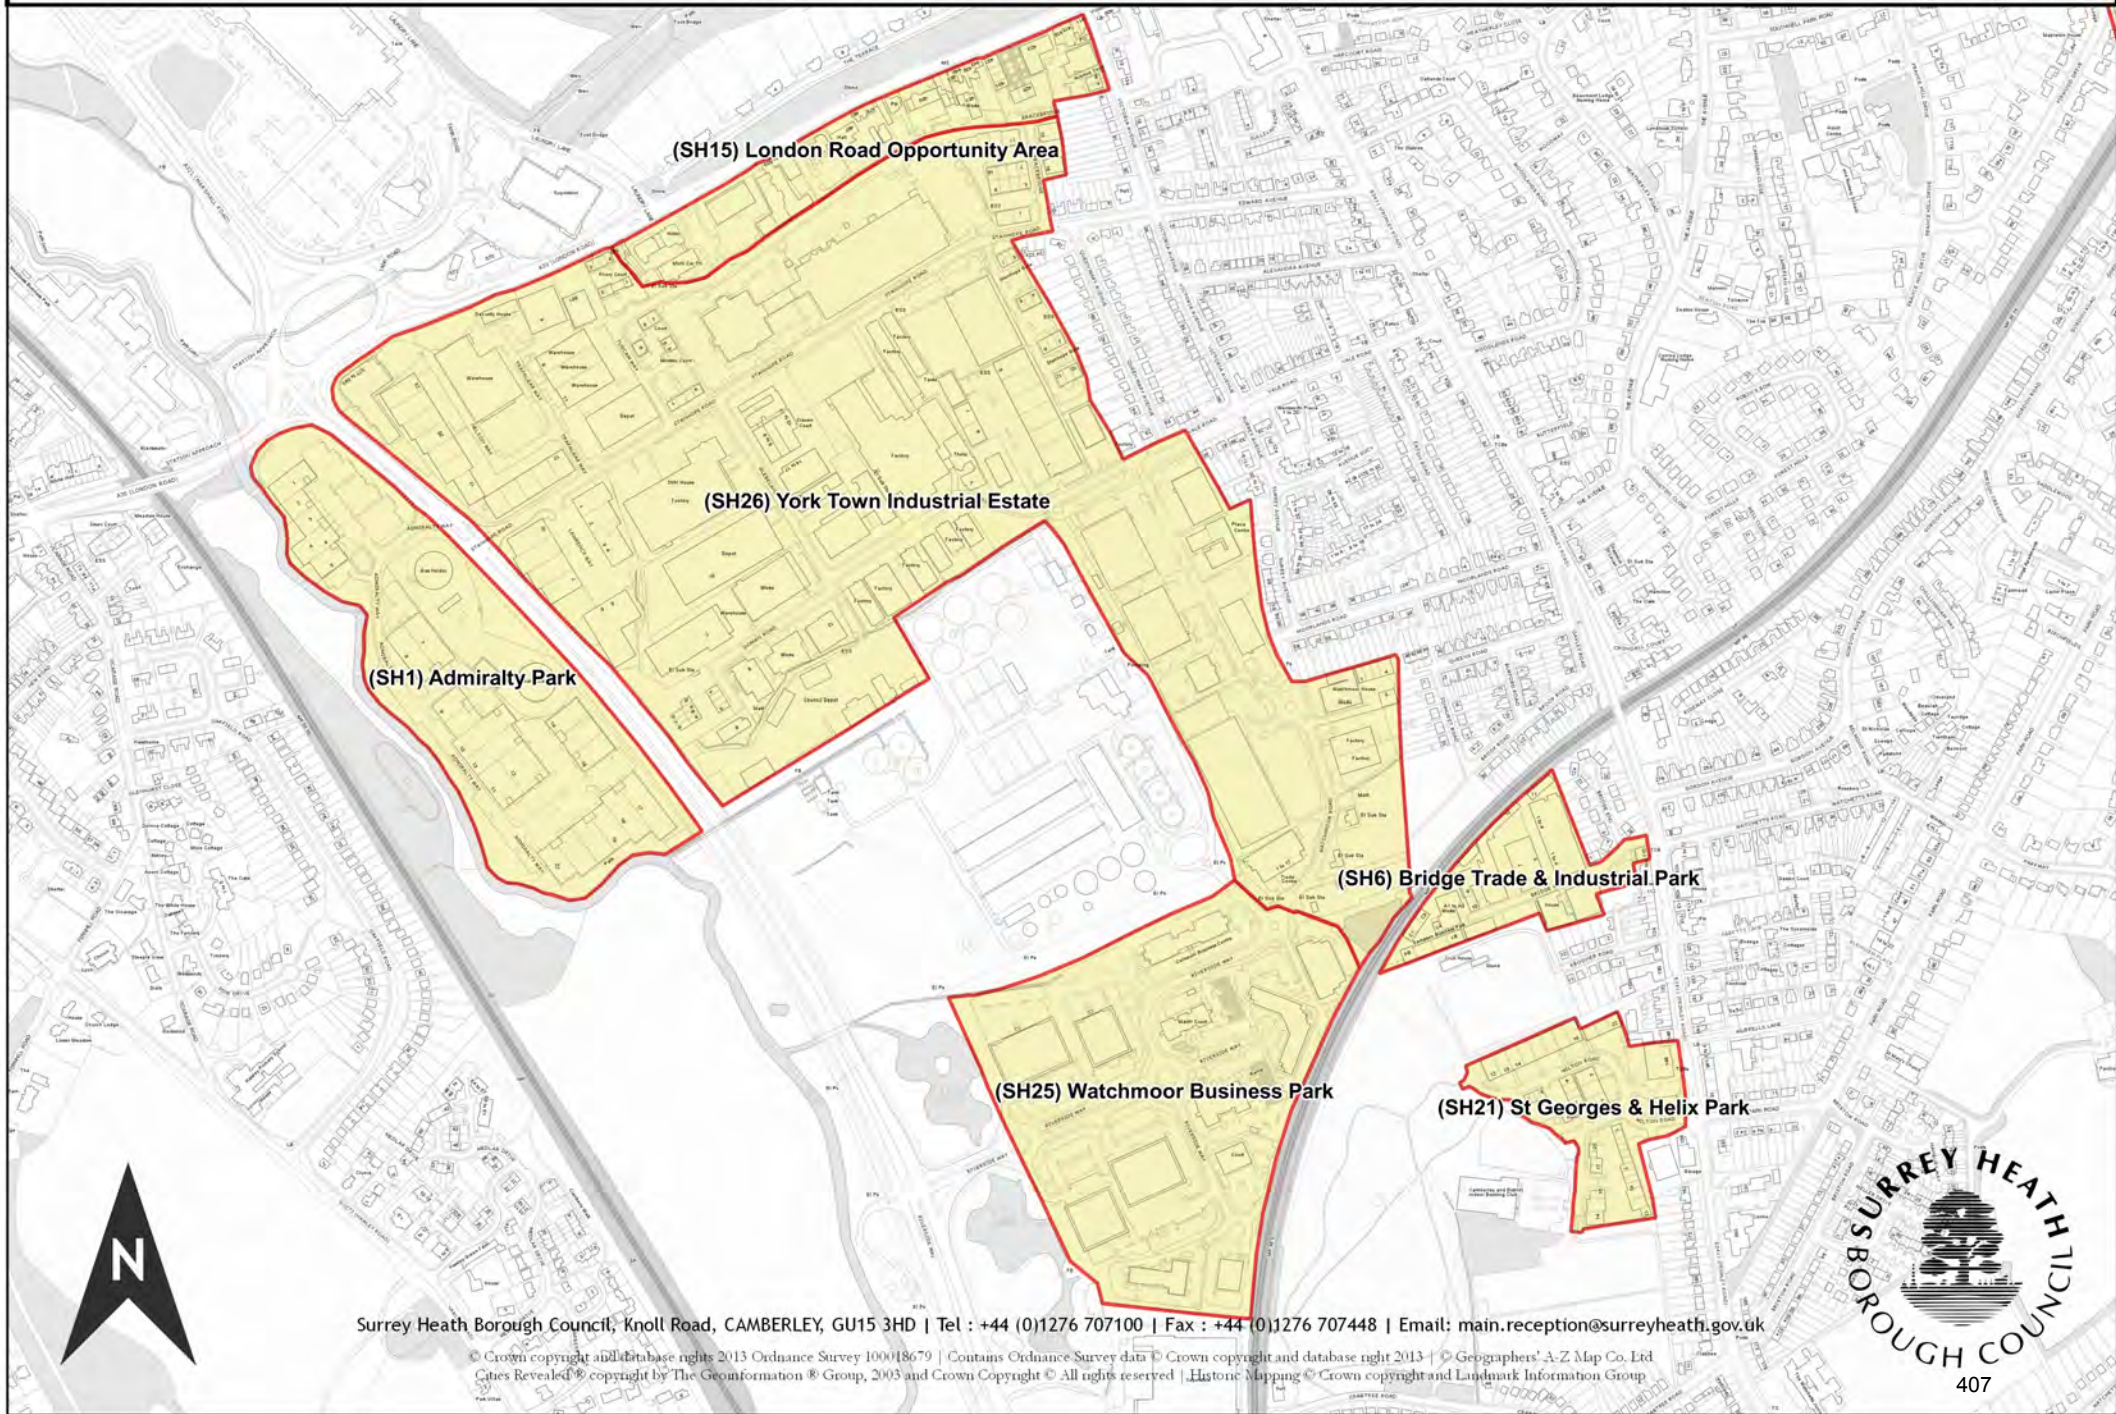

No

Unit Name / Number	Unit Type (B1a/b/c, B2, B8)	Size of unit / amount of floorspace marketed	Market attractiveness				Suitable for conversion to non-employment use? (please specify)
			Good	Refurbishment required	Obsolete	Redevelopment opportunity	
Unit 7D	B1	125.5sqm					No

CONCLUSIONS

Comments / Observations

This relatively small site is well occupied, with only one vacant unit at the time it was surveyed. It provides a good opportunity for SMEs that require workshops, small warehouses and generally lower grade/cost accommodation. It is however necessary to note that the close proximity of the site to neighbouring residential areas could indicate some potential conflict. Most units are fairly dated, with little to no sign of modernisation and low maintenance. However, the site fulfils the needs of the occupiers and as such serves as an important employment site and functioning part of Surrey Heath's Core Employment Area. Furthermore, the site plays an important role in accommodating bad neighbour activities nearby other industrial and trade estates in west Camberley.

Surrey Heath Borough Council, Knoll Road, CAMBERLEY, GU15 3HD | Tel : +44 (0)1276 707100 | Fax : +44 (0)1276 707448 | Email: main.reception@surreyheath.gov.uk

Site No: SH7	Site Name: Overall Assessment of Camberley Town Centre	LPA: Surrey Heath
Site Area: 17.1ha	Survey Date: November 2014	Name of Surveyor(s): CK, IM

SITE DESCRIPTION

The site can be described as the following (select all that apply):

<input type="checkbox"/> Edge of centre / out of town	<input checked="" type="checkbox"/> Town Centre	<input type="checkbox"/> Rural
<input type="checkbox"/> Incubator / SME Cluster Site	<input type="checkbox"/> Research and Technology / Science Park	<input type="checkbox"/> High Quality Business Park
<input type="checkbox"/> Warehouse / Distribution Park	<input checked="" type="checkbox"/> General Industry / Business Area	<input type="checkbox"/> Heavy / Specialist Industrial Site
<input type="checkbox"/> Site for Specific Occupier(s)	<input type="checkbox"/> Recycling / Environmental Industrial Sites	<input checked="" type="checkbox"/> Prominent Site
<input checked="" type="checkbox"/> Other: See below		

General comments / description of site

There are a wide range of town centre uses including purpose built office units. Pembroke Broadway and the London Road frontage are undergoing a period of change, as set out in the Camberley town Centre Area Action Plan. This has seen a reduction in employment uses in these two locations. However, policy guidance in the CTC Area Action Plan does recognise the importance of providing suitable commercial space within the town centre. Therefore a commercial cluster of office based accommodation is identified at the Knoll Road Commercial Area, in the east of the town centre.

ACCESSIBILITY

Distance to Strategic Highway Network: Access to the M3 at junction 4, 4.2km away, and junction 3, 6km away.	Rail Access: Located 0.2km from Camberley Station and 2.6km from Blackwater Station.
Quality of local roads: The A30 London Road runs along the northern edge of Camberley town centre and provides access to the M3 either by the A331 to the west or the A322 to the east, both of which are primary routes. The A30 does however suffer from congestion at peak hours.	Proximity to other settlements: 5.6km driving distance to Farnborough town centre, 12.4km driving distance to Aldershot town centre, 13.2km driving distance to Bracknell town centre, 16.6km driving distance to Woking town centre.

FACILITIES

	On site	Within 800m of the site
Convenience retail	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Gym / sports facilities	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Hotel	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Crèche / Children's Nursery	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Training facility	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Comparison Retail	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Other (please provide further information below)	<input type="checkbox"/>	<input type="checkbox"/>

Camberley town centre has extensive supply retail and local services.

NON-B CLASS USES

If there are non-B Class uses on the site indicate the type and approximate proportion of floorspace below:

Use	0-20%	20-40%	40-60%	60-80%	80-100%
Housing	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Retail	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Leisure	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Community	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Other (please provide further information below)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

ENVIRONMENT

Quality of environment for current use:

Very good Good Poor Very Poor

Is the site environment appropriate for the current uses?

Yes No (please provide further information below)

Knoll Road provides a pleasant and appropriate environment for offices. Most buildings have some minimal landscaping at their frontage. The street scene contains trees and green space. There are parking restrictions to ensure good traffic flow and a toucan crossing is in operation.

Neighbouring uses:

Residential Leisure Retail Town Centre Airport Railway Highway Office
 Industrial Warehousing Education Other (please specify)

Neighbouring areas to the town centre are predominantly residential. There is a school to the east, the Royal Military Academy to the northwest and the Ascot to Guildford railway line to the south.

ACCESS & PARKING

Car

Good access from various entry points around the town centre. Direct access from the A30 that marks the northern boundary of the town centre area.

HGV

Good access overall with servicing areas for the retail units. HGVs are not necessary for the current office uses and as such do not require access to Knoll Road.

Public Transport

Camberley Station is within the town centre and there are bus routes to surrounding towns.

Servicing

Good servicing provision.

Parking

Most offices have underground parking or individual car parks. There are also three large multi-storey car parks within the town centre that businesses can use.

Is the access and parking adequate for the uses within the site?

Yes

No (please provide further information below)

DEVELOPMENT CONTEXT:

Planning Considerations:

Flood Risk (Zone___)

Heritage and Conservation

Environmental Designation

Tree Preservation Order

Physical Considerations:

Topography

Contamination

Utilities Infrastructure

Other (please specify below)

Partially opposite the RMA/Staff College/London Road Frontage Conservation Area to the northwest of the A30 London Road. This is, mostly screened and buffered both visually and physically by mature trees, vegetation and fencing.

Unit Name / Number	Unit Type (B1a/b/c, B2, B8)	Size of existing unit
Admiral House	B1	1631 sqm
Sun House	B1	2582 sqm
1 st and 2 nd floor, Wessex House	B1	546 sqm

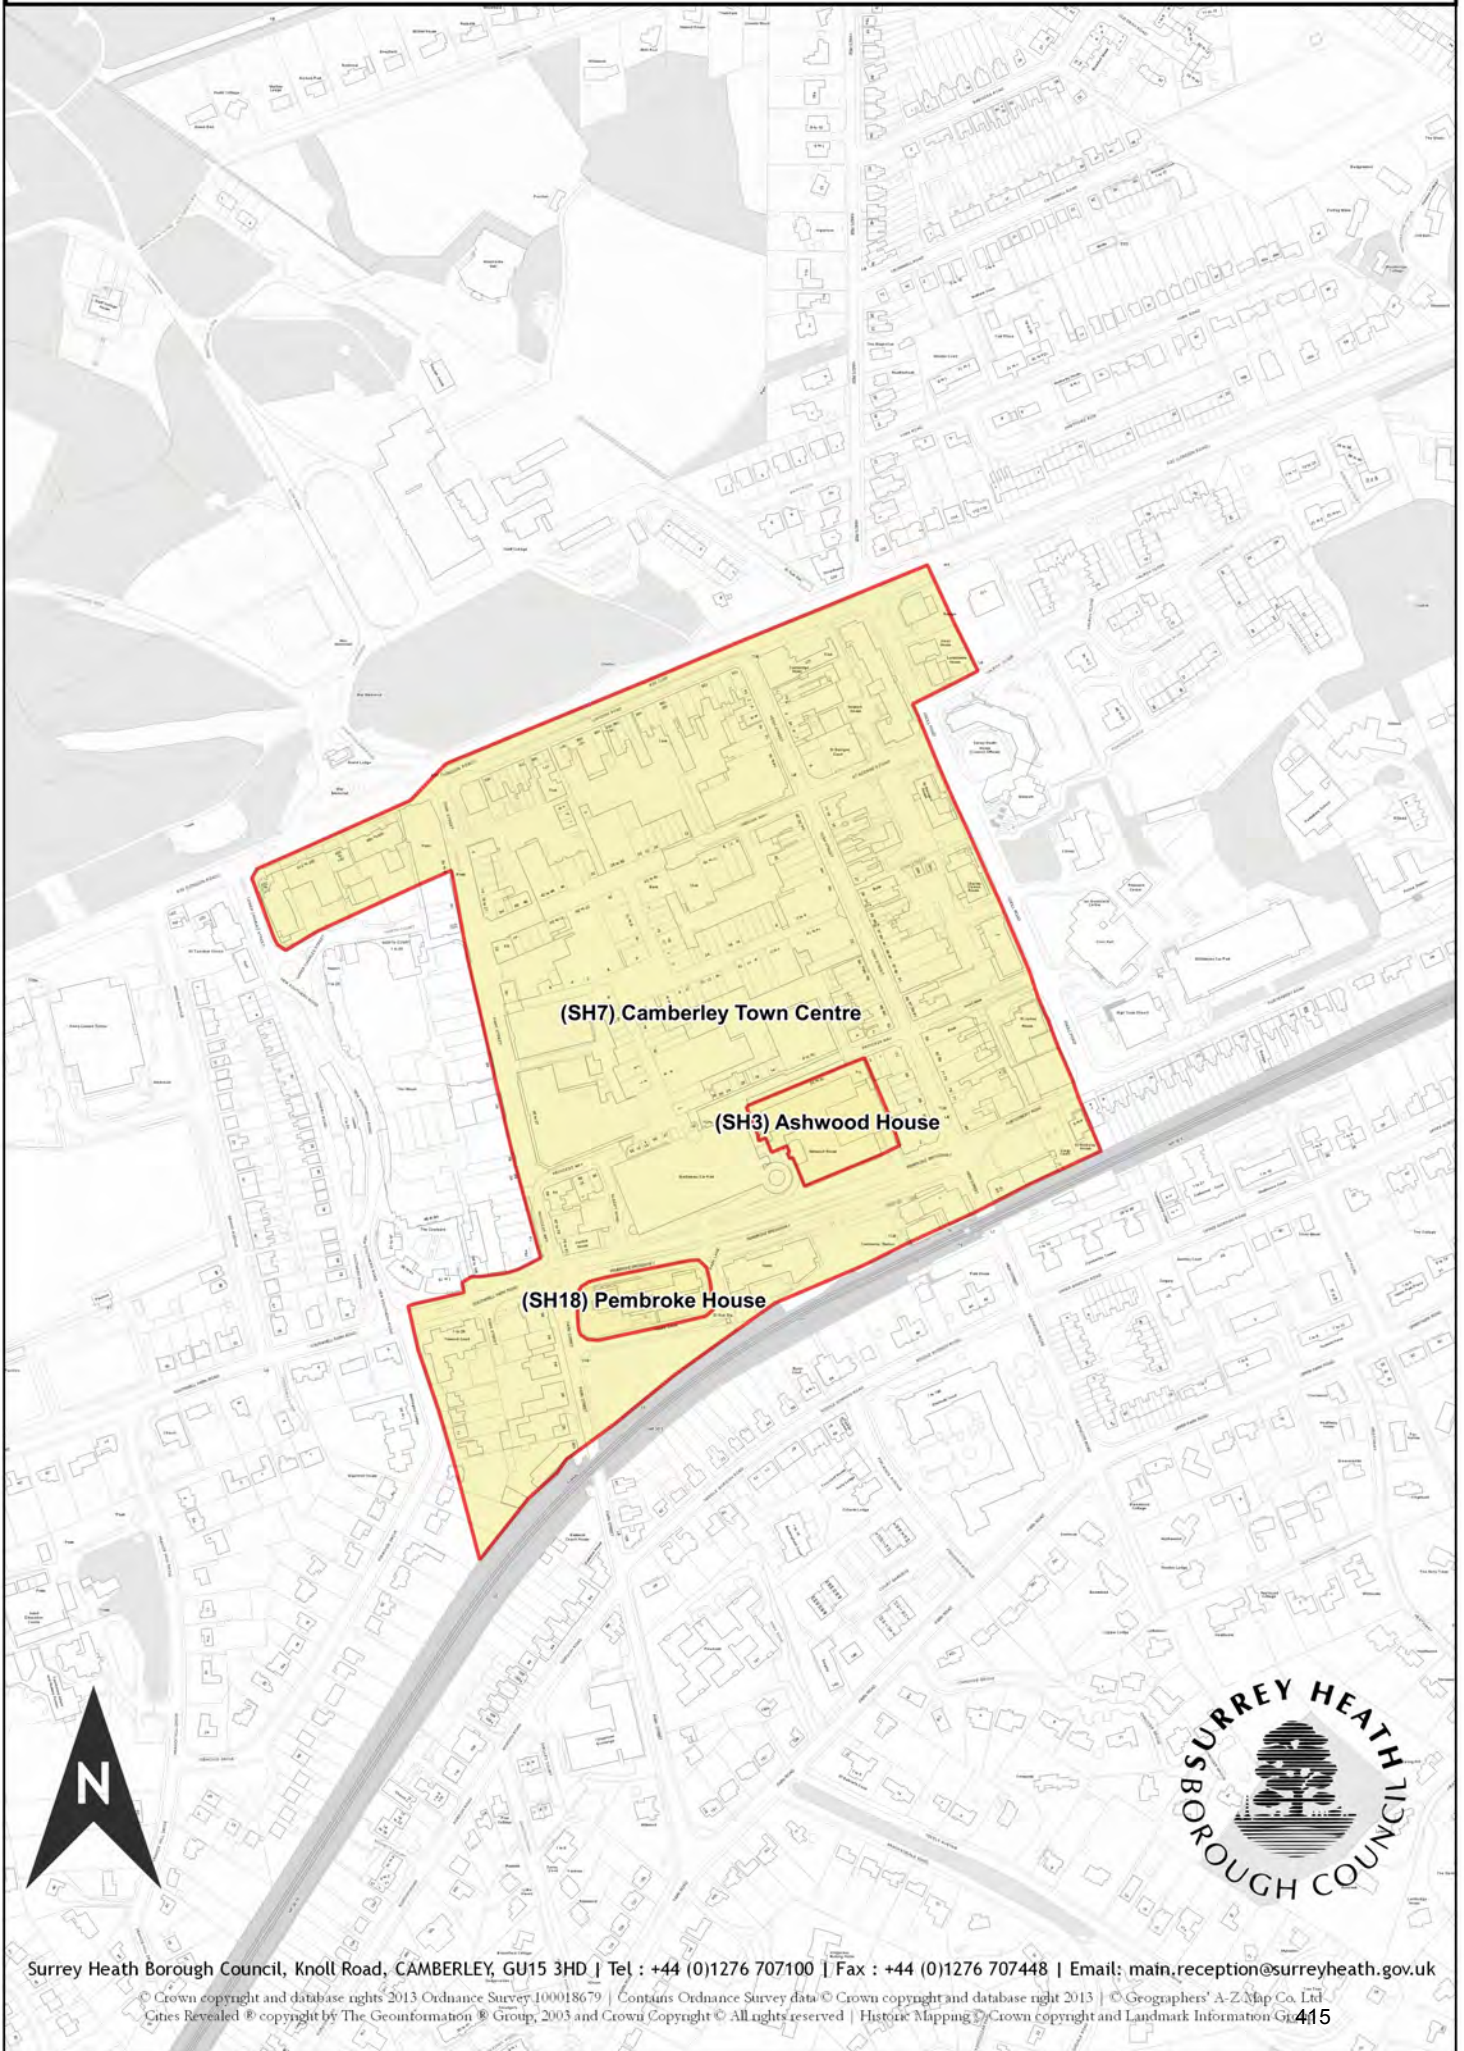

CONCLUSIONS

Comments / Observations

As recognised in the CTC Area Action Plan, there is a surplus of vacant offices within Camberley town centre. In order to establish an optimum level of supply and demand, it is necessary to lose some office space to other uses, whilst maintaining the role of the town centre as an important employment centre. Consequently, it is also recognised that some office floor space must be retained. As set out in Policy TC5 of the CTC Area Action Plan, the council will seek to retain the cluster of office uses in the existing Knoll Road commercial hub, which will function as the Knoll Road Commercial Area.

Policies TC15, TC16 and TC 17 of the CTC Area Action Plan provide guidance for the redevelopment of offices on Pembroke Broadway with mixed use and retail space to the north and residential uses to the south of the Broadway. As such, some redevelopment of the existing office buildings has already taken place. The remaining buildings have either unimplemented planning consents, are under construction or earmarked for redevelopment over the coming years.

The occupying businesses in Knoll Road form a technology cluster, consisting of mostly ICT, and computer programming companies, which aligns with both the Enterprise M3 priority sectors and FEA core growth sectors. There is potential to attract similar businesses, as the surplus of vacant office accommodation in other parts of Camberley town centre is reduced through the policies in the CTC Area Action Plan.

General comments / description of site

DERA (Defence Evaluation and Research Agency) is a former Ministry of Defence site that has been vacant since 2005, although there are some open storage uses currently on site. Approximately 20% of the site is in Surrey Heath, at its western extremity. The large majority of the site is in the borough of Runnymede. It is located to the southwest of Virginia Water, within the Green Belt. The M3 lies immediately to the southeast and the Reading to London Waterloo mainline immediately to the north. Directly to the west is Chobham Common, which is part of the Thames Basin Heaths Special Protection Area and the part of the site in Surrey Heath is entirely within the 400m buffer zone of the SPA. The site is accessed from a large roundabout with the B386 Chertsey Road/Longcross Road.

ACCESSIBILITY

Distance to Strategic Highway Network: Access to M3 at junction 3, 8km away. Access to M25 junction 11 7.7km away.	Rail Access: Located 0.3km from Longcross Station, 4.5km from Sunningdale Station and 4.3km from Virginia Water station and 9.7km from Woking Station.
Quality of local roads: Locally accessed from the B386 Chertsey Road/Longcross Road. This provides access to other local B roads leading to settlements such as Woking, as well as the A30 which provides access to Camberley, Staines and the M25.	Proximity to other settlements: 10.5km driving distance to Staines town centre, 15.4km driving distance to Bracknell town centre, 9.7km driving distance to Woking town centre.

Other (please provide further information below)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

ENVIRONMENT

Quality of environment for current use:

- Very good Good Adequate Poor

Is the site environment appropriate for the current uses?

- Yes No (please provide further information below)

n/a site not currently in use.

Neighbouring uses:

- Residential Leisure Retail Town Centre Airport Railway Highway Office
 Industrial Warehousing Education Other (please specify)

The site is bordered by Chobham Common, part of the Thames Basin Heaths Special Protection Area.

ACCESS & PARKING

Car

Good access to site from wide entrances at Burma Road and Chobham Lane.

HGV

Good wide access points and on site HGV parking provision.

Public Transport

Longcross Station is adjacent to the site but has limited rail services at this time. There is also a very limited bus service accessible from nearby Longcross Road.

Servicing

Good servicing on site.

Parking

Large parking areas in the Runnymede part of the site. There are parking areas in Surrey Heath, but provision is hard to analyse at this time, with few occupiers using the site.

Is the access and parking adequate for the uses within the site?

Yes

No (please provide further information below)

DEVELOPMENT CONTEXT:

Planning Considerations:

Flood Risk (Zone___)

Heritage and Conservation

Environmental Designation

Tree Preservation Order

Physical Considerations:

Topography

Contamination

Utilities Infrastructure

Other (please specify below)

The entire site is a designated Major Developed Site in the Greenbelt. It is entirely surrounded by Greenbelt land. The part of the site that is within Surrey Heath is entirely within the 400m buffer zone of the SPA, as is approximately half of the Runnymede site area.

Planning Status (select all that apply):

- | | | | | |
|--|--|---|--|---------------------------------------|
| <input checked="" type="checkbox"/> Planning Consent | <input type="checkbox"/> Site Allocation: Core Employment Area | <input type="checkbox"/> Site/part of site in SHLAA | | |
| <input type="checkbox"/> Fully Implemented | <input type="checkbox"/> Partially Implemented | <input type="checkbox"/> Cleared Site | | |
| <input type="checkbox"/> Greenfield | <input checked="" type="checkbox"/> Brownfield | | | |
| <input type="checkbox"/> Site Allocation | <input checked="" type="checkbox"/> Planning Consent | <input type="checkbox"/> Fully Implemented | <input type="checkbox"/> Partially Implemented | <input type="checkbox"/> Cleared Site |
| <input type="checkbox"/> Greenfield | <input checked="" type="checkbox"/> Brownfield | | | |

Additional comments:

A planning application has been approved by Runnymede Borough Council for the redevelopment of the site. This will provide a mixture of B1 employment (79,025sqm) and residential (up to 200 dwellings) uses with community infrastructure, retail and services following the demolition of existing buildings. The commercial and residential developments will not be in the part of the site that falls within Surrey Heath. However, in association with this, Surrey Heath Borough Council have approved a proposal to demolish existing buildings and implement an ecological park for the whole of the site area that falls within the borough, in respect of the SPA 400m buffer zone.

Opportunity for intensification of employment uses at the site:

- Yes (please provide further information below) No

Not within Surrey Heath, due to the SPA 400m buffer zone.

Undeveloped Land

- Yes (please provide further information below) No

Site is currently derelict.

Vacant Premises

Yes (please provide further information below)

No

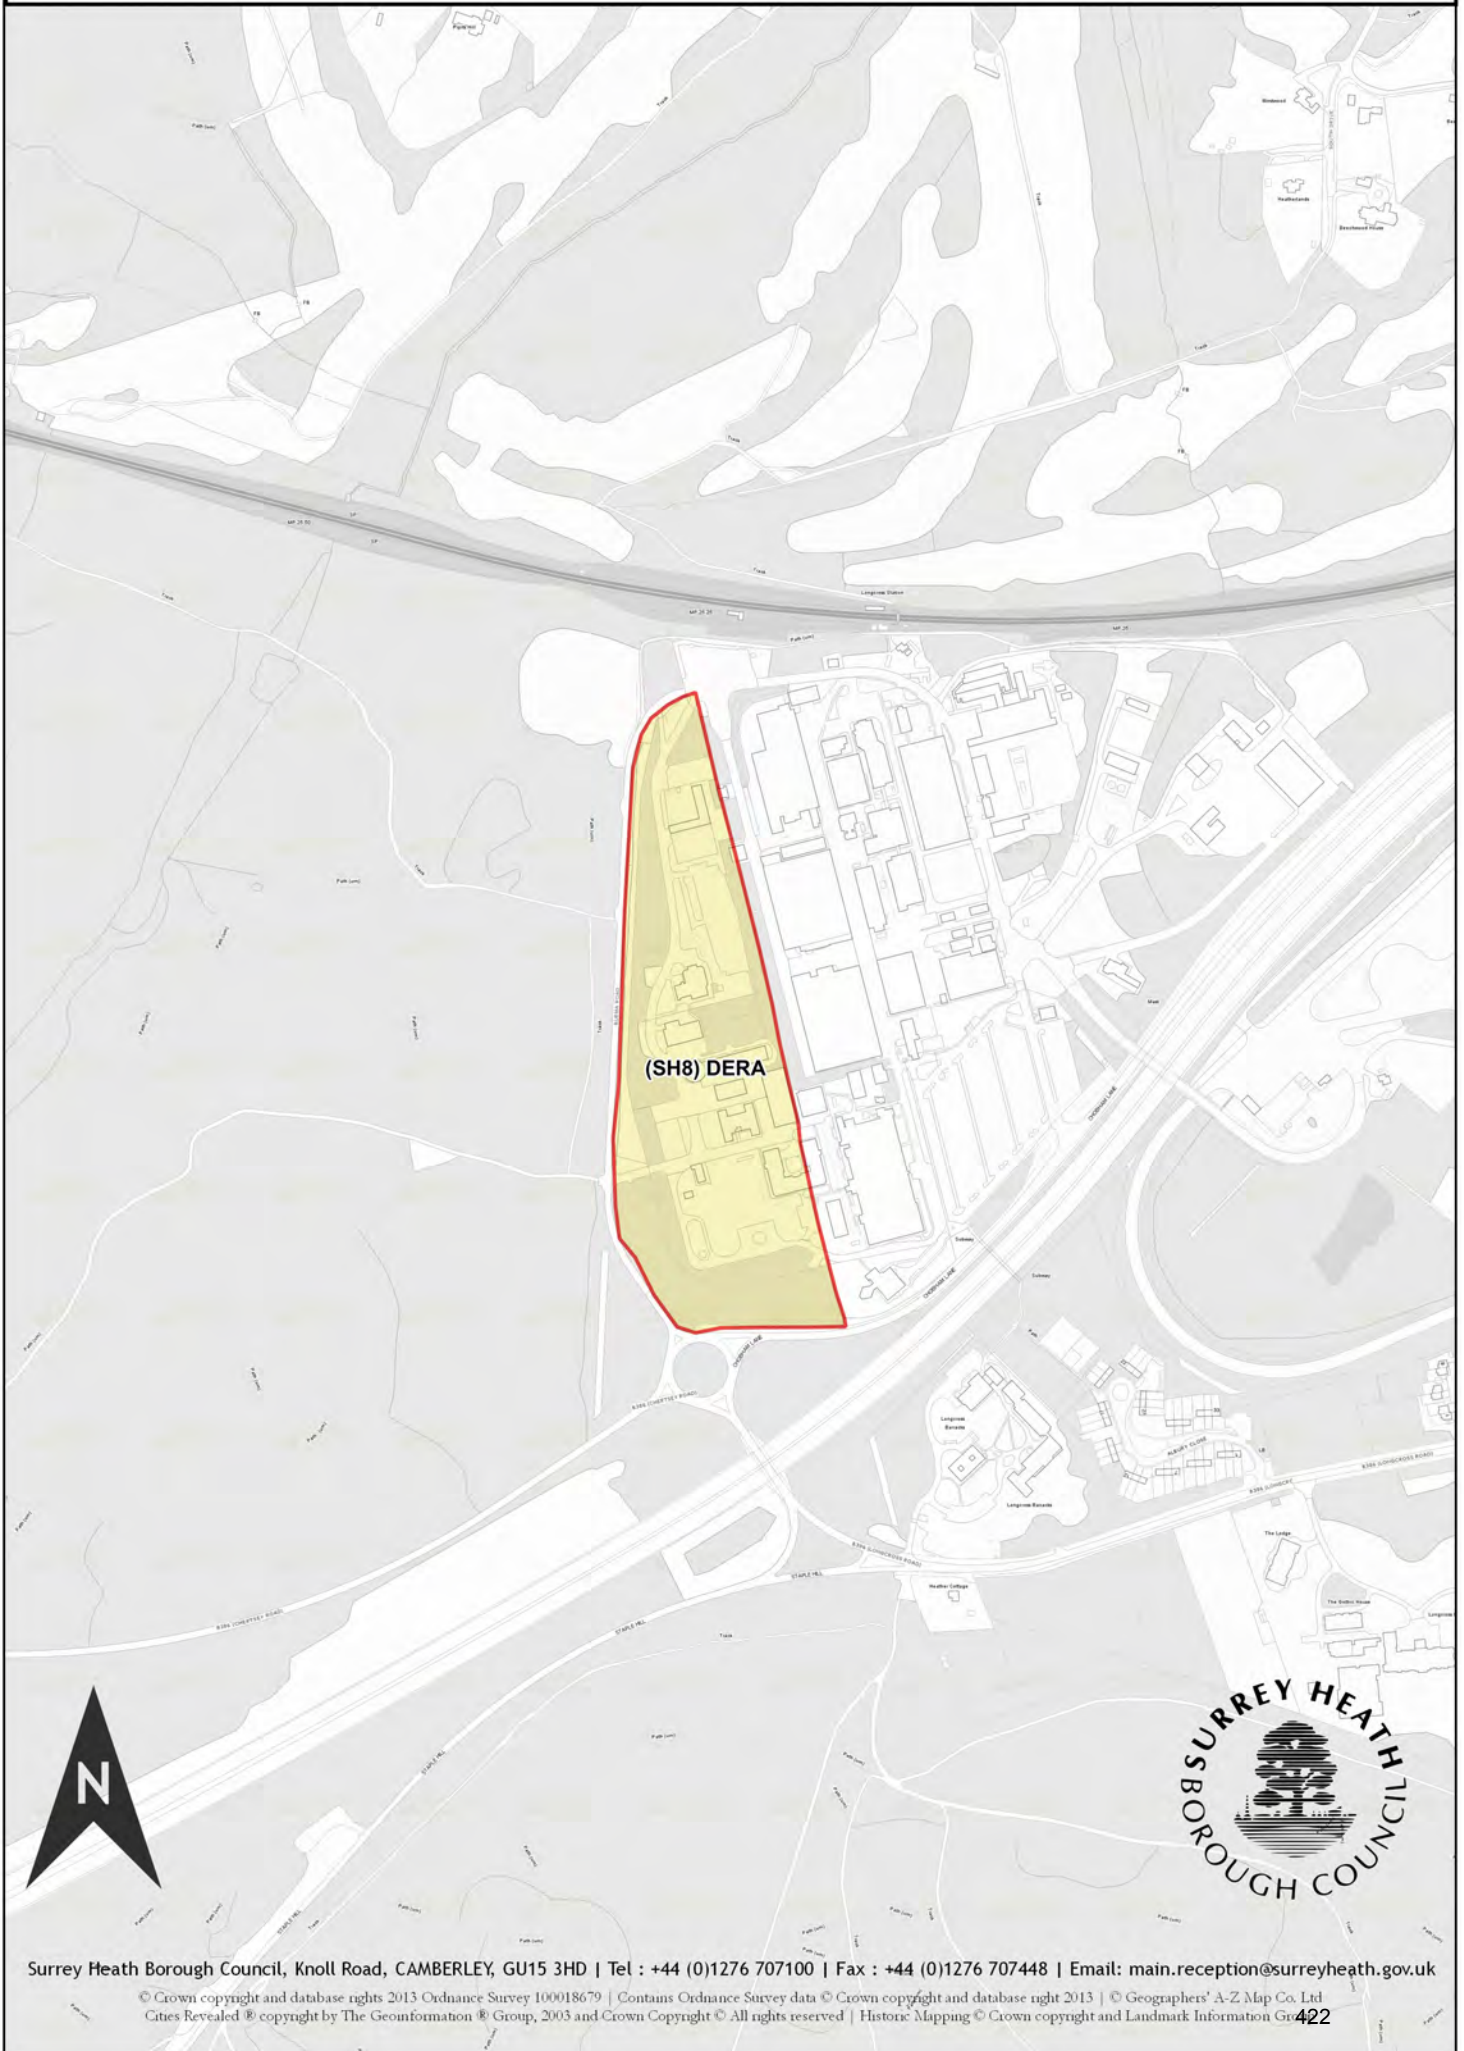

Unit Name / Number	Unit Type (B1a/b/c, B2, B8)	Size of unit / amount of floorspace marketed	Market attractiveness				Suitable for conversion to non-employment use? (please specify)
			Good	Refurbishment required	Obsolete	Redevelopment opportunity	

The site has been derelict since the Ministry of Defence vacated in 2005.

CONCLUSIONS

Comments / Observations

The former DERA site has relatively moderate to poor connections to the strategic motorway network, with the nearest junction of the M25 being almost 8km away. Having been vacated by its sole occupier nine years ago, it is not currently in good condition. However, an unimplemented planning permission has been granted for large scale redevelopment in the Runnymede section of the site, including a large supply of B1 office uses. As part of this strategic plan, rail services at Longcross Station, adjacent to the site could be increased, enabling direct access to the rail network. The smaller area of the site that sits within Surrey Heath is a proposed ecological park, which could be due to extremely limited scope for development as a result of the 400m SPA buffer zone.

Site No: SH9	Site Name: Eli Lilly, A30 London Road, Windlesham	LPA: Surrey Heath
Site Area: 12.9ha	Survey Date: December 2014	Name of Surveyor(s): CK, IM

SITE DESCRIPTION

The site can be described as the following (select all that apply):

<input type="checkbox"/> Edge of centre / out of town	<input type="checkbox"/> Town Centre	<input checked="" type="checkbox"/> Rural
<input type="checkbox"/> Incubator / SME Cluster Site	<input checked="" type="checkbox"/> Research and Technology / Science Park	<input type="checkbox"/> High Quality Business Park
<input type="checkbox"/> Warehouse / Distribution Park	<input type="checkbox"/> General Industry / Business Area	<input type="checkbox"/> Heavy / Specialist Industrial Site
<input checked="" type="checkbox"/> Site for Specific Occupier(s)	<input type="checkbox"/> Recycling / Environmental Industrial Sites	<input type="checkbox"/> Prominent Site
<input type="checkbox"/> Other: See below		

General comments / description of site

Site occupied by Eli Lilly European Centre for Neuroscience research and development. It is located to the northwest of Windlesham and is entirely within the Green Belt. The A30 London Road runs east to west immediately south of the site, separating it from Windlesham village. The site has good links to the strategic motorway network as well as adjacent bus stops on the A30. A new building was completed in 2012 which houses further research and development uses.

ACCESSIBILITY

Distance to Strategic Highway Network: Access to M3 at junction 3, 2.6km away. Access to M25 junction 13 via A30, 11.9km away.	Rail Access: Located 2.4km from Bagshot Station and 3.4km from Sunningdale Station.
Quality of local roads: Primary frontage onto the A30 London Road and close proximity to the A322 primary route dual carriageway. Good local access but both these routes can suffer from peak time congestion.	Proximity to other settlements: 6.9km driving distance to Camberley town centre, 8.4km driving distance to Bracknell town centre, 2.4km driving distance to Bagshot district centre.

FACILITIES

	On site	Within 800m of the site
Convenience retail	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Restaurants / café	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Gym / sports facilities	<input type="checkbox"/>	<input type="checkbox"/>
Hotel	<input type="checkbox"/>	<input type="checkbox"/>
Crèche / Children's Nursery	<input type="checkbox"/>	<input type="checkbox"/>
Training facility	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Comparison Retail	<input type="checkbox"/>	<input type="checkbox"/>
Other (please provide further information below)	<input type="checkbox"/>	<input type="checkbox"/>

Although the site appears secluded, there are pubs, restaurants and a petrol station with a convenience store on the A30, nearby.

NON-B CLASS USES

If there are non-B Class uses on the site indicate the type and approximate proportion of floorspace below:

Use	0-20%	20-40%	40-60%	60-80%	80-100%
Housing	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Retail	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Leisure	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Community	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Other (please provide further information below)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

ENVIRONMENT

Quality of environment for current use:

Very good Good Poor Very Poor

Is the site environment appropriate for the current uses?

Yes No (please provide further information below)

Well maintained site with extensive landscaping and a mixture of modern and older offices which have undergone refurbishment. There is a large car park area set within the grounds of the site.

Neighbouring uses:

Residential Leisure Retail Town Centre Airport Railway Highway Office
 Industrial Warehousing Education Other (please specify)

Surrounded by mostly rural greenbelt land.

ACCESS & PARKING

- Car The site is gated, with its only access point being from Sunninghill Road, which in turn provides direct access to the A30.
- HGV A wide entry road, with access levers in place. These have been built so as not to impede HGV access, as they are required on site for some of the current uses.
- Public Transport Bus stops are adjacent to the site.
- Servicing Adequate servicing provision
- Parking A large dedicated parking area is provided within the site's ground. There are various smaller parking areas within the site.

Is the access and parking adequate for the uses within the site?

- Yes No (please provide further information below)

DEVELOPMENT CONTEXT:

Planning Considerations:

- Flood Risk (Zone ___) Heritage and Conservation Environmental Designation Tree Preservation Order

Physical Considerations:

- Topography Contamination Utilities Infrastructure Other (please specify below)

Oil and gas pipelines border the site to the west. The site is entirely within the greenbelt.

Planning Status (select all that apply):

- | | | |
|---|--|---|
| <input type="checkbox"/> Planning Consent | <input type="checkbox"/> Site Allocation: Core Employment Area | <input type="checkbox"/> Site/part of site in SHLAA |
| <input checked="" type="checkbox"/> Fully Implemented | <input type="checkbox"/> Partially Implemented | <input type="checkbox"/> Cleared Site |
| <input type="checkbox"/> Greenfield | <input checked="" type="checkbox"/> Brownfield | |

Additional comments:

Opportunity for intensification of employment uses at the site:

- Yes (please provide further information below) No

It is a low density site, lending an opportunity for the intensification of employment uses. However, with the site being entirely within the Greenbelt, this may be inappropriate development.

Undeveloped Land

- Yes (please provide further information below) No

The site is fully implemented, but does contain extensive landscaping and greenfield land, contributing positively to the character of a site within the Greenbelt.

Vacant Premises Yes (please provide further information below) No

Unit Name / Number	Unit Type (B1a/b/c, B2, B8)	Size of unit / amount of floorspace marketed	Market attractiveness				Suitable for conversion to non-employment use? (please specify)
			Good	Refurbishment required	Obsolete	Redevelopment opportunity	

CONCLUSIONS**Comments / Observations**

This is a large, well maintained site with a high profile sole occupier. It borders the A30, near Windlesham, but it is not prominent due to natural screening in the form of mature trees and vegetation. The site is entirely within the Greenbelt and its character remains predominantly rural in nature, with extensive landscaped green space throughout. There is good strategic access to the motorway and railway networks, although the site is not within 800m walking distance of a local centre. There are however, convenience retail and hot food services within 800m walking distance on the A30. Eli Lilly specialises in neuroscience and pharmaceuticals, both of which are Enterprise M3 priority sectors. The office floor space grew in 2012, with the completion of a building that is used for further research and development uses.

Site No: SH10	Site Name: Fairoaks Airport	LPA: Surrey Heath
Site Area: 5.8ha	Survey Date: December 2014	Name of Surveyor(s): CK, IM

SITE DESCRIPTION

The site can be described as the following (select all that apply):

<input type="checkbox"/> Edge of centre / out of town	<input type="checkbox"/> Town Centre	<input checked="" type="checkbox"/> Rural
<input type="checkbox"/> Incubator / SME Cluster Site	<input checked="" type="checkbox"/> Research and Technology / Science Park	<input type="checkbox"/> High Quality Business Park
<input checked="" type="checkbox"/> Warehouse / Distribution Park	<input checked="" type="checkbox"/> General Industry / Business Area	<input type="checkbox"/> Heavy / Specialist Industrial Site
<input type="checkbox"/> Site for Specific Occupier(s)	<input type="checkbox"/> Recycling / Environmental Industrial Sites	<input type="checkbox"/> Prominent Site
<input type="checkbox"/> Other: Current uses are mostly associated with the aviation sector. Some high profile aviation based companies located at Fairoaks.		

General comments / description of site

The site is part of Fairoaks Airport in the southeastern corner of the borough near Chobham. The business centre at Fairoaks Airport is designated Major Development Site in the Greenbelt. In addition, the entire site is located within the Greenbelt, surrounded by open fields. There are a range of uses at the Fairoaks Airport Business Centre, associated with the aviation sector. These include aircraft hangars, air worthiness training businesses, specialist aviation and avionics engineering and maintenance enterprises, aircraft leasing charter companies and headquarters of national and international aviation authorities. The business centre also accommodates a number of industrial, storage and office based companies which are not directly related to the aviation activities at Fairoaks. The industrial units are well occupied, whilst some of the ancillary offices are currently vacant.

ACCESSIBILITY

Distance to Strategic Highway Network: Access to M25 junction 11 via A319 and A320, 4.7km away. Access to M3 junction 2 via M25, 8km away	Rail Access: Located 5.5km from Woking Station, 3.6km from Chertsey Station and 8.4km from West Byfleet station.
Quality of local roads: Primary frontage onto the B386 Chertsey Road. This provides access to other local B roads leading to settlements such as Woking and the A30 which provides access to Camberley, Staines and the M25.	Proximity to other settlements: 15km driving distance to Camberley town centre, 8.4km driving distance to Weybridge town centre, 5.5km driving distance to Woking town centre.

FACILITIES

Aircraft hangar storage

ENVIRONMENT

Quality of environment for current use:

- Very good Good Adequate Poor

Is the site environment appropriate for the current uses?

- Yes No (please provide further information below)

The majority of the airport's warehousing and industrial buildings date back to the Second World War and early 1950s. These include the aircraft hangars as well as the business park's workshops, industrial and office units. The building stock appears to be in need of redevelopment or upgrading.

Neighbouring uses:

- Residential Leisure Retail Town Centre Airport Railway Highway Office
 Industrial Warehousing Education Other (please specify)

The surroundings are predominantly rural. However there is a small separate industrial area to the north of the A319, opposite the site.

ACCESS & PARKING

Car

The site is accessed from two different junctions with the A319. Both are wide access points.

HGV

Although the initial access points are wide, the service roads on site are in poor condition in places with little signage.

Public Transport

There are no bus stops within close proximity of the site. The nearest are located in the village of Ottershaw, 1.5km northeast of the site.

Servicing

Varies across the site. Units nearer the entry points generally have more favourable servicing provision than those further away.

Parking

There is an unmarked surface car park at the northwest of the site accessed from the A319 Chertsey Road. In addition, there are small areas of car parking adjoining units throughout the business park.

Is the access and parking adequate for the uses within the site?

Yes

No (please provide further information below)

DEVELOPMENT CONTEXT:

D2b, D5a&b, D7a&c, Fair Oaks Airport	B1	154.3 sqm					No

CONCLUSIONS

Comments / Observations

Fairoaks Airport is in a somewhat isolated location, not within walking distance of retail uses or services. Strategic connections are also quite indirect. The building stock is dated and in need of refurbishment. However, this hasn't impacted majorly on occupancy rates, as all industrial and warehouse units are currently let although, there are some vacant ancillary office units. A notable number of the occupiers are aviation related, including high profile companies such as Gama Engineering Ltd and Synergy Aviation. These aviation and specialist engineering uses align with the Functional Economic Area's core growth sectors. There are also a cluster of SMEs that contain uses unrelated to the airport. Future development will be highly limited by the tightly drawn Major development Site boundary.

<input type="checkbox"/> Other: See below		

General comments / description of site

This L-shaped site was previously occupied by FC Brown, but has now been vacated and lies unused. It is located in the south of Bisley, bordered by Green Belt land to the south, and surrounded by residential uses on all other sides. This site is not far from the western outskirts of Woking. It is accessed from Queens Road, to the north of the site, beyond some residential properties.

ACCESSIBILITY

Distance to Strategic Highway Network: Access to M3 at junction 3, 5.6km away via the A322. Access to M25 junction 11, 12.9km away.	Rail Access: Located 2.9km from Brookwood Station and 6.8km from Woking station.
Quality of local roads: The site is accessed from an unclassified main road, Queens Road. This leads directly to the A322 which provides access to Guildford, Woking and the M3. This route can be congested at peak times.	Proximity to other settlements: 11.4km driving distance to Camberley town centre, 11.7km driving distance to Guildford town centre, 6.8km driving distance to Woking town centre.

			Good	Refurbishment required	Obsolete	Redevelopment opportunity	

The sole occupier, FC Brown, has now vacated the site and it is no longer in use.

CONCLUSIONS

Comments / Observations

This is a relatively large site that was previously occupied solely by FC Brown, but now lays entirely vacant. It is surrounded by residential uses and is partially within greenbelt land. In terms of strategic connections, the site is over 5km from the nearest motorway junction and over 2km from the nearest railway station. There is a large car park to the rear of the site which is accessed by a long service road. The site lacks prominence and has no frontage onto a highway, as it is situated behind residential areas and the access point is bordered by housing on either side.

<input type="checkbox"/> Other: _____		

General comments / description of site

Located adjacent to M3 junction 4, with site access from the junction 4 south roundabout. Just under half of the site is in Surrey Heath, with the slight majority in Rushmoor. It is a modern business park which contains areas that have undergone refurbishment and redevelopment in recent years. There is planning permission for further redevelopment towards the rear of the site, where there are currently a number of vacant units. There is a hub area in the middle of the site which includes on-site facilities such as a gym, café and refreshment facilities. Occupying businesses on site are mostly large national and international companies. The dominant business sectors are research, communication and development technology, with notable clusters of pharmaceutical and aerospace businesses.

ACCESSIBILITY

Distance to Strategic Highway Network: Access to M3 via junction 4, which is a 0.5km car journey from the centre of the site. The entry roads to Frimley Business park and M3 southbound are from the same roundabout. Northbound Motorway access is gained via the A331.	Rail Access: Located 1.6km from Frimley Station, 2.7km from Farnborough Main Station and 2.6km from Farnborough North Station.
Quality of local roads: The site adjoins the A331, to which it has direct access. This primary route connects to Camberley, Farnborough, Aldershot, the A31 and local routes	Proximity to settlements: 1.4km driving distance to Frimley district centre, 4.5km driving distance to Camberley town centre,

such as the A325.

3.5km driving distance to Farnborough town centre.

FACILITIES

	On site	Within 800m of the site
Convenience retail	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Other (please provide further information below)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

On-site hub providing a gym and café.

ENVIRONMENT

Quality of environment for current use:

- Very good Good Poor Very Poor

Is the site environment appropriate for the current uses?

- Yes No (please provide further information below)

Well maintained low density site with landscaping incorporated into the design. The River Blackwater and Blackwater Valley Route bisect the site.

Neighbouring uses:

- Residential Leisure Retail Town Centre Airport Railway Highway Office
 Industrial Warehousing Education Other (please specify)

The site is bordered entirely by busy highways around the A331/M3 junction 4 and the Reading to Redhill railway line.

ACCESS & PARKING

Car

Accessed is gained to the site from the M3 junction 4 south roundabout with the A331. A large wide access road leads into the site and a one way system is in operation with numerous service roads leading to different areas of the site.

HGV

Good HGV access, large wide unconstrained road network on site.

Public Transport

Not in close proximity to the public transport network. Frimley Station is approximately a 1km walk away as are bus stops.

Servicing

Good servicing with wide access bays and turning points.

Parking

Units have individual car parks of varying sizes dependent on the size of the unit. There are some additional decked parking areas. There is no evidence of parking issues, but the situation is dependent upon future development's parking provision.

Is the access and parking adequate for the uses within the site?

Yes

No (please provide further information below)

DEVELOPMENT CONTEXT:

Planning Considerations:

Flood Risk (Zone 2 & 3)

Heritage and Conservation

Environmental Designation

Tree Preservation Order

Physical Considerations:

Topography

Contamination

| <input type="checkbox"/> Greenfield | <input checked="" type="checkbox"/> Brownfield | |

Additional comments:

A redevelopment proposal for the area to the rear of the site has been given planning consent but has not yet been implemented. The project will see the demolition of more dated buildings that are mostly vacant at present, and the erection of more contemporary flexible office/industrial accommodation providing high quality offices, HQ buildings, laboratories and light industrial units.

Opportunity for intensification of employment uses at the site:

- Yes (please provide further information below) No

Scope for further redevelopment in certain areas of the business park.

Undeveloped Land

- Yes (please provide further information below) No

An large area to the rear of the site where permission has been granted but is yet to be implemented, located in Rushmoor.

Vacant Premises

Yes (please provide further information below)

No

Unit Name / Number	Unit Type (B1a/b/c, B2, B8)	Size of unit / amount of floorspace marketed	Market attractiveness				Suitable for conversion to non-employment use? (please specify)
			Good	Refurbishment required	Obsolete	Redevelopment opportunity	
Building 4.2 Marketed: Unimplemented consent awaiting occupiers	B1	3245 sqm					No
Office space in Building 4.3	B1	1091.3 sqm					No
Office space in Building 4.4	B1	726 sqm					No

In addition, a large area at the rear of the site is now been vacated prior to the implementation of planning consent to demolish and redevelop the area as flexible office/industrial units.

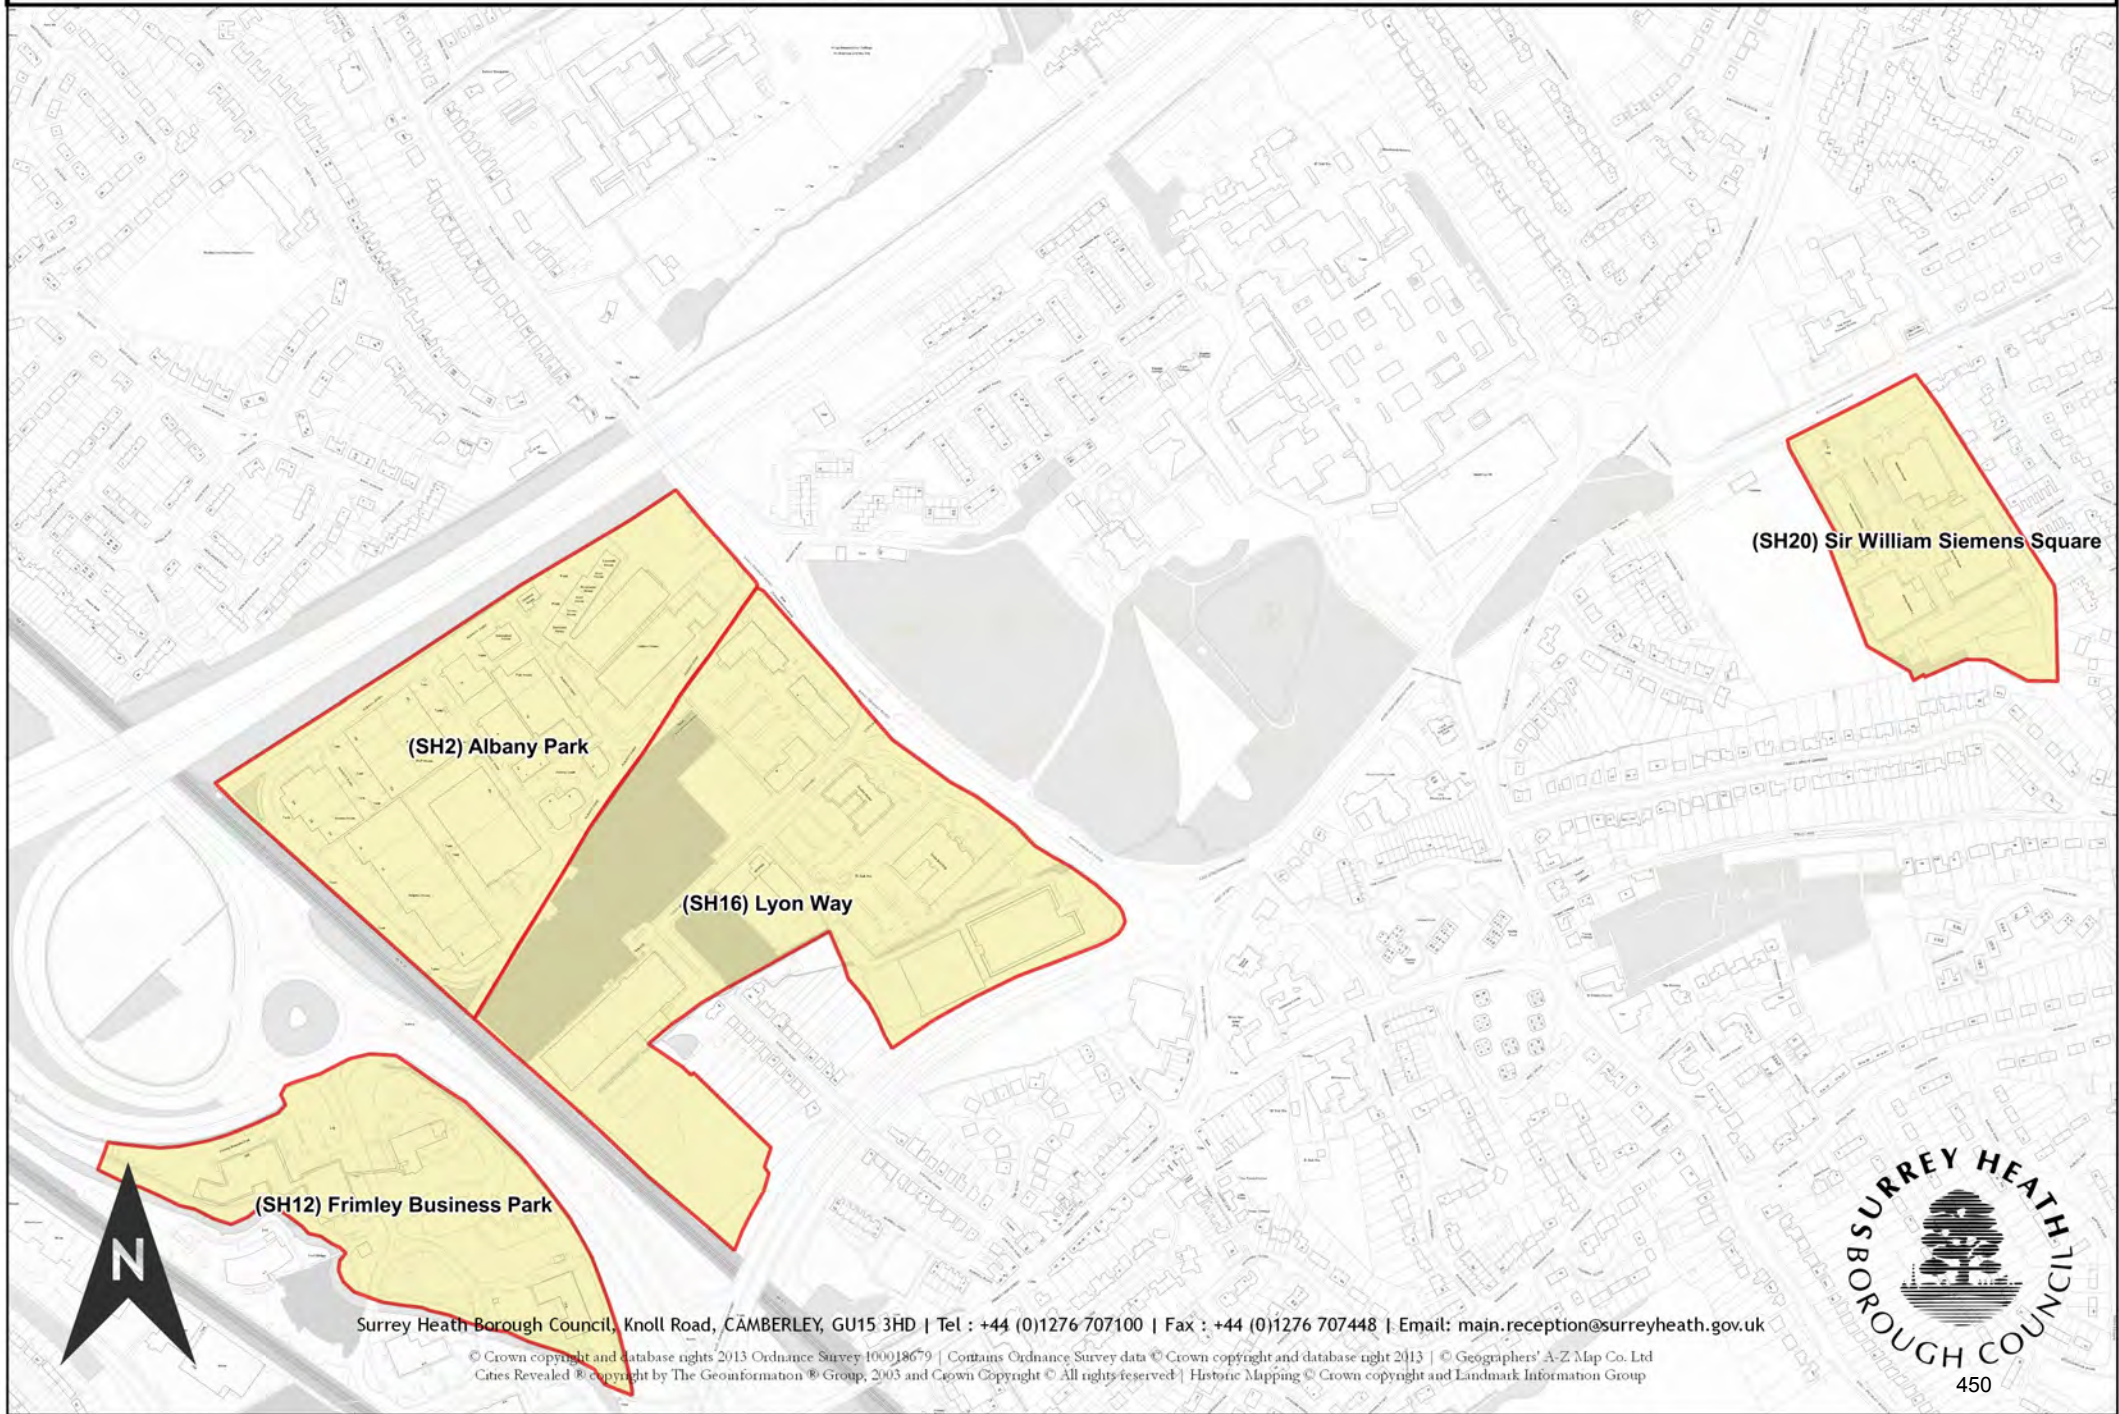

CONCLUSIONS

Comments / Observations

The site is a prominent, modern business park which is well maintained with high quality landscaping and provision of on-site facilities. Although it appears isolated from local centres and services, Frimley District Centre can be reached by an 800m walk. This partially implemented site is contains a redevelopment zone, with the demolition of an area of older, lower quality units and implementation of a planning consent for modern flexible office and industrial space. There is a further planning permission awaiting implementation, which is being marketed as a 'Build to Suit' opportunity, meaning it can be delivered to suit an individual occupier's requirements. Two units contain vacant office space, but overall the implemented area of the site is well occupied. The site's dominant business uses include aerospace, pharmaceuticals, research and technology, which are well aligned with both the M3 priority sectors and the FEA growth sectors.

<input type="checkbox"/> Site for Specific Occupier(s)	<input type="checkbox"/> Recycling / Environmental Industrial Sites	<input type="checkbox"/> Prominent Site
<input type="checkbox"/> Other		

General comments / description of site

A small site located in a rural area between Mytchett and the A331. It is bordered by countryside to all sides except the northeast, where there is a modern residential area that was recently constructed. The site contains light industrial, storage and office uses. The units are a mix of converted former agricultural buildings at Linsford Farm and more recent purpose built accommodation.

ACCESSIBILITY

Distance to Strategic Highway Network: Access to M3 at junction 4, 3.9km away, via a well maintained unclassified main road and the A331 primary route.	Rail Access: Located 2.1km from Farnborough North Station and 2.4km from Farnborough Main Station.
Quality of local roads: The site is accessed by a small, single lane road, which is accessed from a wider, unclassified main road. This provides direct access to the A331 primary route, 1.1km away but has restricted to entry and exit, northbound only. Southbound access can be gained by a 2.4km journey.	Proximity to other settlements: 2.4km driving distance to Farnborough town centre, 7.1km driving distance to Aldershot town centre, 7.2km driving distance to Camberley town centre.

Unit R	B1/B8 flexible office / storage space	186 sqm					No. Recently completed
Unit S	B1/B8 flexible office / storage space	186 sqm					No. Recently completed

CONCLUSIONS

Comments / Observations

Linsford Business Centre is a well occupied site. Its connections to the strategic road and rail network are adequate and there is quick access to the A331 primary route, which is 1.1km away by road. The direct access onto site is from a small road that is shared with a neighbouring residential area. Due to the site's rural location, there are little services within 800m; one convenience store is within this distance. A recently completed residential area now borders the site, so it is no longer completely surrounded by countryside, although it remains rural in character. The site is expanding its building stock, with two recently completed units and a further two which are currently under construction. Linsford Business Centre accommodates a cluster of SMEs and incubator companies, providing an important location for smaller businesses servicing the local economy.

(SH13)-Linsford Business Centre

Site No: SH14	Site Name: London Road Frontage, Bagshot	LPA: Surrey Heath
Site Area: 1.2ha	Survey Date: November 2014	Name of Surveyor(s): CK, IM

SITE DESCRIPTION

The site can be described as the following (select all that apply):

<input checked="" type="checkbox"/> Edge of centre / out of town	<input type="checkbox"/> Town Centre	<input type="checkbox"/> Rural
<input checked="" type="checkbox"/> Incubator / SME Cluster Site	<input type="checkbox"/> Research and Technology / Science Park	<input type="checkbox"/> High Quality Business Park
<input type="checkbox"/> Warehouse / Distribution Park	<input checked="" type="checkbox"/> General Industry / Business Area	<input type="checkbox"/> Heavy / Specialist Industrial Site
<input type="checkbox"/> Site for Specific Occupier(s)	<input type="checkbox"/> Recycling / Environmental Industrial Sites	<input checked="" type="checkbox"/> Prominent Site
<input checked="" type="checkbox"/> Other: See below		

General comments / description of site

A mixed use area situated adjacent to Bagshot District Centre, northwest of the High Street. Contains offices, general industry, car hire and vehicle repair. There is prominent frontage on the A30 London Road, from which the majority of buildings are accessed. The building stock consists primarily of offices and vehicle hire and servicing workshops. The offices are individual units with separate access and parking. Due to the long spread out nature of the site (along the A30), it does appear to lack coherence and has a notable office vacancy rate.

ACCESSIBILITY

Distance to Strategic Highway Network: Access to M3 at junction 3, 1.4km away. Access to M25 junction 13 via A30, 14.2km.	Rail Access: Located 0.3km from Bagshot Station, 5.6km from Sunningdale Station and 4.8km Camberley Station.
Quality of local roads: Primary frontage onto the A30 London Road and close proximity to the A322 primary route dual carriageway. Good local access but both these routes suffer from peak time congestion.	Proximity to other settlements: 3.1km driving distance to Camberley town centre, 8.7km driving distance to Bracknell town centre, 12.2km driving distance to Woking town centre.

FACILITIES

	On site	Within 800m of the site
Convenience retail	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Restaurants / café	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Gym / sports facilities	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Hotel	<input type="checkbox"/>	<input type="checkbox"/>
Crèche / Children's Nursery	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Training facility	<input type="checkbox"/>	<input type="checkbox"/>
Comparison Retail	<input type="checkbox"/>	<input type="checkbox"/>
Other (please provide further information below)	<input type="checkbox"/>	<input type="checkbox"/>

NON-B CLASS USES

If there are non-B Class uses on the site indicate the type and approximate proportion of floorspace below:

Use	0-20%	20-40%	40-60%	60-80%	80-100%
Housing	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Retail	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Leisure	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Community	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Other (please provide further information below)	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

There are restaurants and premises for the sale of hot food consumption also integrated into the London Road frontage, as well as health and community centres. In addition, there are Sui Generis car hire and servicing uses.

ENVIRONMENT

Quality of environment for current use:

- Very good Good Adequate Poor

Is the site environment appropriate for the current uses?

- Yes No (please provide further information below)

The site stretches along the A30 London Road just northwest of Bagshot District Centre and Conservation Area. It has a cluster of commercial uses and car services of varying quality all accessed from the A30.

Neighbouring uses:

- Residential Leisure Retail Town Centre Airport Railway Highway Office
 Industrial Warehousing Education Other (please specify)

Adjacent to Bagshot Village Conservation Area.

ACCESS & PARKING

<input checked="" type="checkbox"/> Car	Direct access from the A30 London Road.
<input checked="" type="checkbox"/> HGV	Some access points can be quite tight which could impede HGV access, although the current uses generally do not require HGV vehicles.
<input checked="" type="checkbox"/> Public Transport	There are bus stops adjacent at Bagshot High Street. Bagshot Station is within 800m.
<input checked="" type="checkbox"/> Servicing	Generally adequate for current uses.
<input checked="" type="checkbox"/> Parking	Most occupiers have individual parking areas or moderately sized car parks.

Is the access and parking adequate for the uses within the site?

- Yes No (please provide further information below)

DEVELOPMENT CONTEXT:

Planning Considerations:

- Flood Risk (Zone 2 & 3) Heritage and Conservation Environmental Designation Tree Preservation Order

Physical Considerations:

- Topography Contamination Utilities Infrastructure Other (please specify below)

The site falls just outside the boundary of Bagshot village Conservation Area.

Planning Status (select all that apply):

Additional comments:

Saved Policy E8 from the Surrey Heath Local Plan 2000, Land at Half Moon Street. A redevelopment Site where uses such as industrial, offices, residential and small retail units will be encouraged. Not yet implemented.

Opportunity for intensification of employment uses at the site:

- Yes (please provide further information below) No

Some cleared areas to the rear of the site as well as hard surfacing adjoining London Road around the car servicing uses.

Undeveloped Land

- Yes (please provide further information below) No

There is an undeveloped area of hard surfacing to the rear of London Road near Half Moon Street.

Vacant Premises

Yes (please provide further information below)

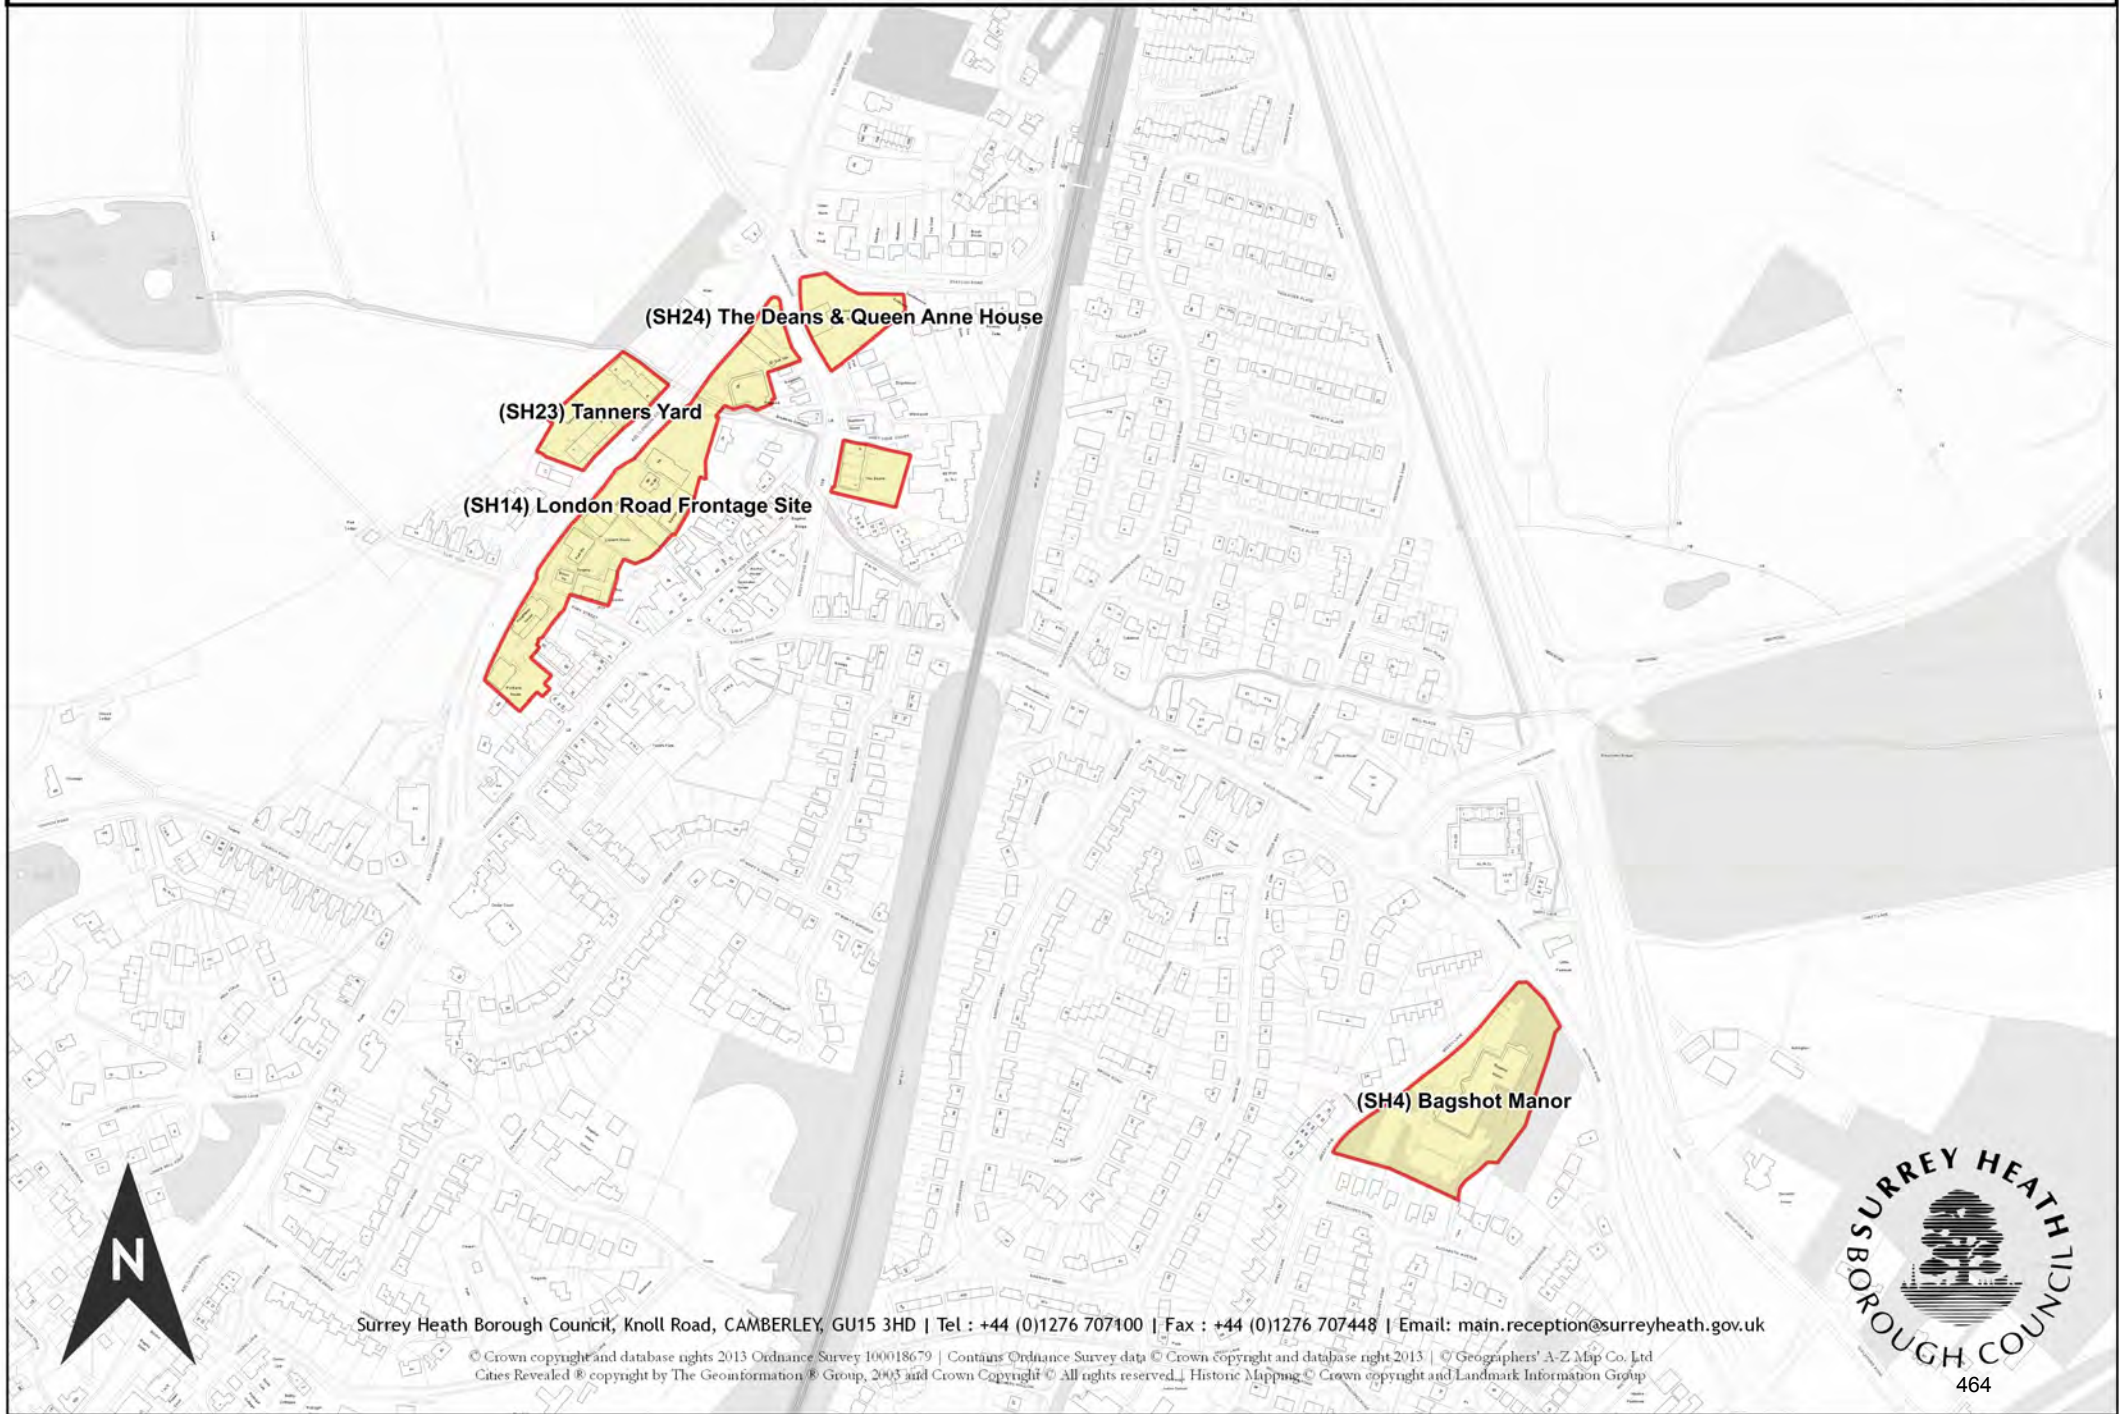

No

Unit Name / Number	Unit Type (B1a/b/c, B2, B8)	Size of unit / amount of floorspace marketed	Market attractiveness				Suitable for conversion to non-employment use? (please specify)
			Good	Refurbishment required	Obsolete	Redevelopment opportunity	
Office space, Seal House	B1	177 sqm					No
Office space, Knightway House	B1	749 sqm					No

CONCLUSIONS

Comments / Observations

This fairly prominent site has a mix of uses with primary frontage onto the A30 London Road. It has good strategic connections to both the highway and railway networks. Offices make up the majority of the site's building stock with other uses consisting of car hire and repair businesses. The car servicing and showrooms are well occupied, but there is notable vacant office floorspace, demonstrating a potential lack of demand for office accommodation in this locality. Indeed, of the three main office buildings. However, Knightway House is undergoing refurbishment, which could be a sign of an increase in lettings with new occupiers being attracted to the area. The environment is dominated by the busy A30 and lacks soft landscaping and coherence. It benefits from close proximity to the shops and services of Bagshot District Centre.

Site No: SH15	Site Name: London Road Opportunity Area, Camberley	LPA: Surrey Heath
Site Area: 3.5ha	Survey Date: November 2014	Name of Surveyor(s): CK, IM

SITE DESCRIPTION

The site can be described as the following (select all that apply):

<input checked="" type="checkbox"/> Edge of centre / out of town	<input type="checkbox"/> Town Centre	<input type="checkbox"/> Rural
<input type="checkbox"/> Incubator / SME Cluster Site	<input type="checkbox"/> Research and Technology / Science Park	<input type="checkbox"/> High Quality Business Park
<input type="checkbox"/> Warehouse / Distribution Park	<input checked="" type="checkbox"/> General Industry / Business Area	<input type="checkbox"/> Heavy / Specialist Industrial Site
<input type="checkbox"/> Site for Specific Occupier(s)	<input type="checkbox"/> Recycling / Environmental Industrial Sites	<input checked="" type="checkbox"/> Prominent Site
<input checked="" type="checkbox"/> Other: Retail uses, food and drink premises, professional services and car showrooms		

General comments / description of site

The site is situated in the northwest of Camberley. It is located adjacent to the A30 London Road, which it runs parallel with. There are a range of uses, which include offices, retail premises, restaurants, cafes, vehicle servicing and showrooms. The site has good strategic and local connections, being near the A331 primary route and Blackwater Station. The site's largest office unit has recently been given prior approval, permitting a change of use to residential apartments, resulting in a marked decline in the number of office uses. There are however further office buildings in the area adjacent to London road, east of the existing site surveyed in the 2009 ELR. For the purposes of this survey, this area will also be included in the site appraisal as it contains more B class employment uses. The most notable of these is Basepoint, which is marketed as virtual office space, in addition to accommodating occupying businesses.

ACCESSIBILITY

Distance to Strategic Highway Network: Access to M3 at junction 4, 2.7km away via the A30 and the A331.	Rail Access: 1.9km from Camberley Station and 0.8km from Blackwater Station.
Quality of local roads: The site's primary frontage is onto the A30 London Road. This has good access to Camberley town centre, the A331 which leads to other local towns such as Farnborough and Aldershot. This stretch of the A30 can suffer peak	Proximity to settlements: 1.9km driving distance to Camberley town centre, 5.8km driving distance to Farnborough town centre.

time congestion and improvement projects have been secured which are due to be implemented in 2017. Rear access can be gained from Tuscam way.

Leisure	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Community	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Other (please provide further information below)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Sui Generis uses: vehicle servicing and showrooms.

ENVIRONMENT

Quality of environment for current use:

- Very good Good Adequate Poor

Is the site environment appropriate for the current uses?

- Yes No (please provide further information below)

This mixed use site has seen a decline in B use employment, and is now primarily a combination of retail, restaurants and Sui Generis uses, with some offices. There has been a grant of prior approval to change the use of offices at Pipers Court & Pilgrims Well to residential accommodation still to be implemented. The urban environment of the site has been identified as being in need of some renewal and regeneration.

Neighbouring uses:

- Residential Leisure Retail Town Centre Airport Railway Highway Office
 Industrial Warehousing Education Other (please specify)

York Town Industrial Estate is to the south, with a range of industrial, office and warehouse uses.

ACCESS & PARKING

Car

Buildings can be accessed from either the A30 to the front (north) of the site of Tuscam Way and Sullivan Road to the rear (south). Access from the A30 is limited in places, with some entrances having height and width restrictions. There is also limited to no parking provision for retail units and restaurants, with only on-street parking in some cases.

HGV

Limited access to the rear from Tuscam Way and Sullivan Road, with no HGV parking. Very limited HGV access to the front from the A30.

Public Transport

Blackwater Station is an 800m walk from the site. Bus stops are accessible within the site, on the A30 London Road.

Servicing

Some difficulty in servicing retail units and restaurants from the A30. Most offices can be serviced from the rear service roads.

Parking

Limited on-street parking on the A30 which has time restrictions. Some units (mostly offices) have car parks at their rear. Basepoint Business Centre, McDonalds, the Camberley Audi Showroom and Travelodge Hotel have dedicated larger car parks.

Is the access and parking adequate for the uses within the site?

Yes

No (please provide further information below)

DEVELOPMENT CONTEXT:

Planning Considerations:

Flood Risk (Zone 2 & 3)

Heritage and Conservation

Environmental Designation

Tree Preservation Order

Physical Considerations:

Topography

Contamination

Utilities Infrastructure

Other (please specify below)

Opposite the RMA/Staff College/London Road Frontage Conservation Area to the north of the A30 London Road. This is, however screened and buffered both visually and physically by mature trees, vegetation and fencing. The latter is also for security purposes to protect the RMA.

Planning Status (select all that apply):

- | | | |
|--|--|--|
| <input checked="" type="checkbox"/> Planning Consent | <input type="checkbox"/> Site Allocation: Core Employment Area | <input checked="" type="checkbox"/> Site/part of site in SHLAA |

Unit Name / Number	Unit Type (B1a/b/c, B2, B8)	Size of unit / amount of floorspace marketed	Market attractiveness				Suitable for conversion to non-employment use? (please specify)
			Good	Refurbishment required	Obsolete	Redevelopment opportunity	
Pipers Court & Pilgrims Well (all)	B1	4110 sqm					Yes. Planning consent to convert to residential
1 st floor, Basepoint	B1	816 sqm					No

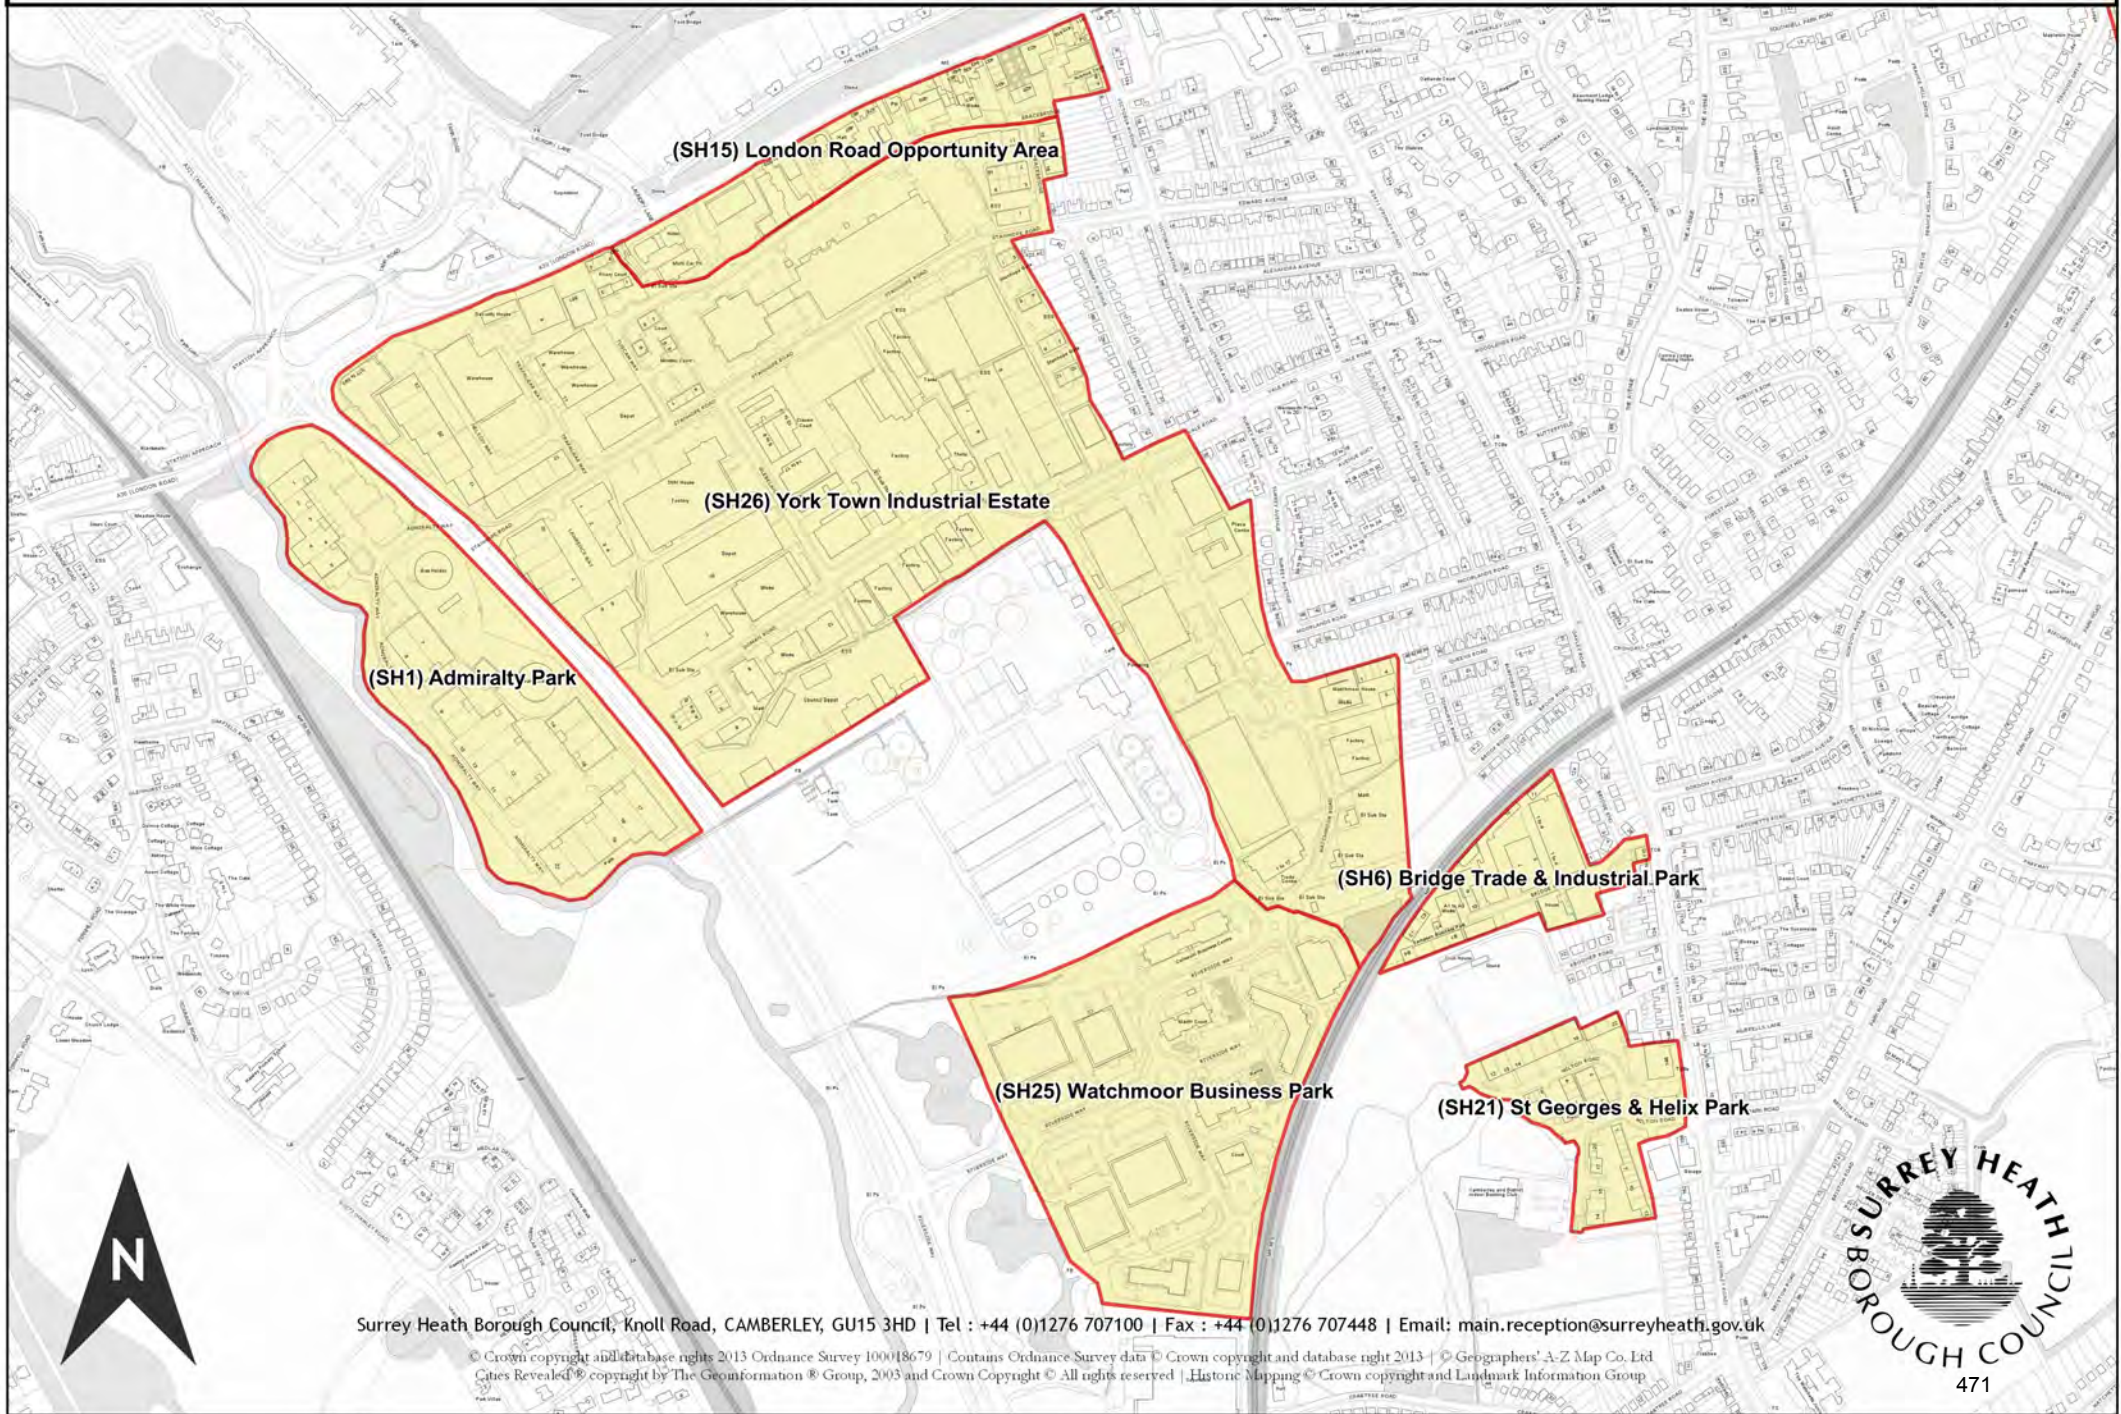

CONCLUSIONS

Comments / Observations

The site has good strategic connections and local access. However, some of the individual buildings on site can be quite difficult to access and this part of the A30 can become very congested. The site now contains very little B class employment use. The main uses are a wide mix of retail, hot food and restaurants, car showrooms, warehouse storage and a hotel. In addition, there will be a further reduction in office use and an increase in residential uses when the Pipers Court and Pilgrims Well development is implemented. There is however, the opportunity to include the area to the east of the site that continues to run adjacent to London Road within its boundary, as there are some office based employment uses in this locality. In particular, Basepoint Business Centre provides valuable accommodation and support for SMEs who are attracted to the development due to the short term leases, flexible and virtual office space.

Joint Employment Land Review 2015: Camberley West Sites

Scale 1:7,500

Site No: SH16	Site Name: Lyon Way, Frimley	LPA: Surrey Heath
Site Area: 10.4ha	Survey Date: November 2014	Name of Surveyor(s): CK, IM

SITE DESCRIPTION

The site can be described as the following (select all that apply):

<input checked="" type="checkbox"/> Edge of centre / out of town	<input type="checkbox"/> Town Centre	<input type="checkbox"/> Rural
<input type="checkbox"/> Incubator / SME Cluster Site	<input checked="" type="checkbox"/> Research and Technology / Science Park	<input type="checkbox"/> High Quality Business Park
<input type="checkbox"/> Warehouse / Distribution Park	<input checked="" type="checkbox"/> General Industry / Business Area	<input type="checkbox"/> Heavy / Specialist Industrial Site
<input type="checkbox"/> Site for Specific Occupier(s)	<input type="checkbox"/> Recycling / Environmental Industrial Sites	<input type="checkbox"/> Prominent Site
<input checked="" type="checkbox"/> Other: Warehouse and industrial units under construction		

General comments / description of site

The site is located adjacent to Albany Park, south of the M3 and north of the A325 Frimley by-pass. The A325 dual carriageway divides the site from Frimley District Centre to the south. Lyon Way is a partially developed site. The eastern half has primary frontage onto the B3411 Frimley Road and is a fully implemented business park with technology, research and development uses and some vacant office space. The western / rear half of the site covers an area that was formerly occupied by BAE Systems. This is partially under construction to be redeveloped as Trade City Frimley; an industrial space comprising of 9 warehouse units. The larger remaining area at the rear is a cleared site, and has an unimplemented planning consent to be developed as 6 plots consisting of light industrial and warehouse uses, known as Kier Park. Trade City and Kier Park will differ in character from the existing business park at Lyon Way, being more industrial in nature. The existing business park is well maintained, with incorporated landscaping, modern office buildings and designated parking areas.

ACCESSIBILITY

Distance to Strategic Highway Network: Accessed from M3 via junction 4, which is a 1.4km car journey. Access to M3 from the site is 2.6km due to the nature of the road layout.	Rail Access: Located 1km from Frimley Station, 2.7km from Farnborough Main Station and 2.6km from Farnborough North Station.
Quality of local roads: Primary frontage and access is on to the B3411 Frimley Road, which can be	Proximity to settlements: 0.6km driving distance to Frimley district centre,

used to access Camberley Town Centre. The A325 borders the site and can be accessed from Frimley Road in 0.3km. This provides further access to the A331, M3, Farnborough and Aldershot.

2.9km driving distance to Camberley town centre,
3.2km driving distance to Farnborough town centre.

Other (please provide further information below)	<input type="checkbox"/>	<input type="checkbox"/>

NON-B CLASS USES

If there are non-B Class uses on the site indicate the type and approximate proportion of floorspace below:

Use	0-20%	20-40%	40-60%	60-80%	80-100%
Housing	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Retail	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Leisure	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Community	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Other (please provide further information below)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

ENVIRONMENT

Quality of environment for current use:

Very good Good Poor Very Poor

Is the site environment appropriate for the current uses?

Yes No (please provide further information below)

The eastern half of the site is a modern, well maintained business park with landscaping and incorporated seating areas. It is well lit and laid out. The other half of the site is partially under construction (Trade City), with the remaining area cleared but as yet unimplemented (Kier Park).

Neighbouring uses:

Residential Leisure Retail Town Centre Airport Railway Highway Office
 Industrial Warehousing Education Other (please specify)

There is a residential street that borders the southern area of the site, adjoining the light industrial and warehouse uses that are currently under construction at Trade city Frimley.

ACCESS & PARKING

<input checked="" type="checkbox"/> Car	Good access from a traffic light junction with a dual carriageway section of Frimley Road.
<input checked="" type="checkbox"/> HGV	Good access from Frimley Road. The site contains large car parking areas and some parking restrictions to prevent obstruction of the main internal roads. However, the site is currently office based and thus is not used by HGVs, but will be able to sustain HGV use when the Trade City Frimley and Kier Park developments are complete.
<input checked="" type="checkbox"/> Public Transport	There are bus stops adjacent to the site on Frimley Road.
<input checked="" type="checkbox"/> Servicing	Good
<input checked="" type="checkbox"/> Parking	Very good. A surplus car parking spaces provided in large designated parking areas. These are well used.

Is the access and parking adequate for the uses within the site?

Yes No (please provide further information below)

DEVELOPMENT CONTEXT:

Planning Considerations:

Flood Risk (Zone 2 & 3) Heritage and Conservation Environmental Designation Tree Preservation Order

Physical Considerations:

Topography Contamination Utilities Infrastructure Other (please specify below)

Planning Status (select all that apply):

- | | | |
|--|---|---|
| <input checked="" type="checkbox"/> Planning Consent | <input checked="" type="checkbox"/> Site Allocation: Core Employment Area | <input type="checkbox"/> Site/part of site in SHLAA |
| <input type="checkbox"/> Fully Implemented | <input checked="" type="checkbox"/> Partially Implemented | <input checked="" type="checkbox"/> Cleared Site |
| <input type="checkbox"/> Greenfield | <input checked="" type="checkbox"/> Brownfield | |

Additional comments:

Approximately 50% of the site is being redeveloped. Trade City Frimley is currently under construction and when complete, will provide 5210 sqm of industrial, warehouse and trade counter floor space. Kier Park is an unimplemented planning consent that has permission to provide up to 11,830sqm of warehousing and light industrial units of floors pace. This is marketed as 'Build to Suit', meaning the implementation can be delivered as a bespoke solution to suit any individual occupier's requirements. Both of these developments are to be completed on brownfield land at the rear of the site, which previously housed relatively low quality outdated units, many of which were vacant.

Opportunity for intensification of employment uses at the site:

- Yes (please provide further information below) No

See above

			Good	Refurbishment required	Obsolete	Redevelopment opportunity	
Absolute Frimley	B1	1245 sqm					No
Archipelago Office Park	B1	657 sqm					No

CONCLUSIONS

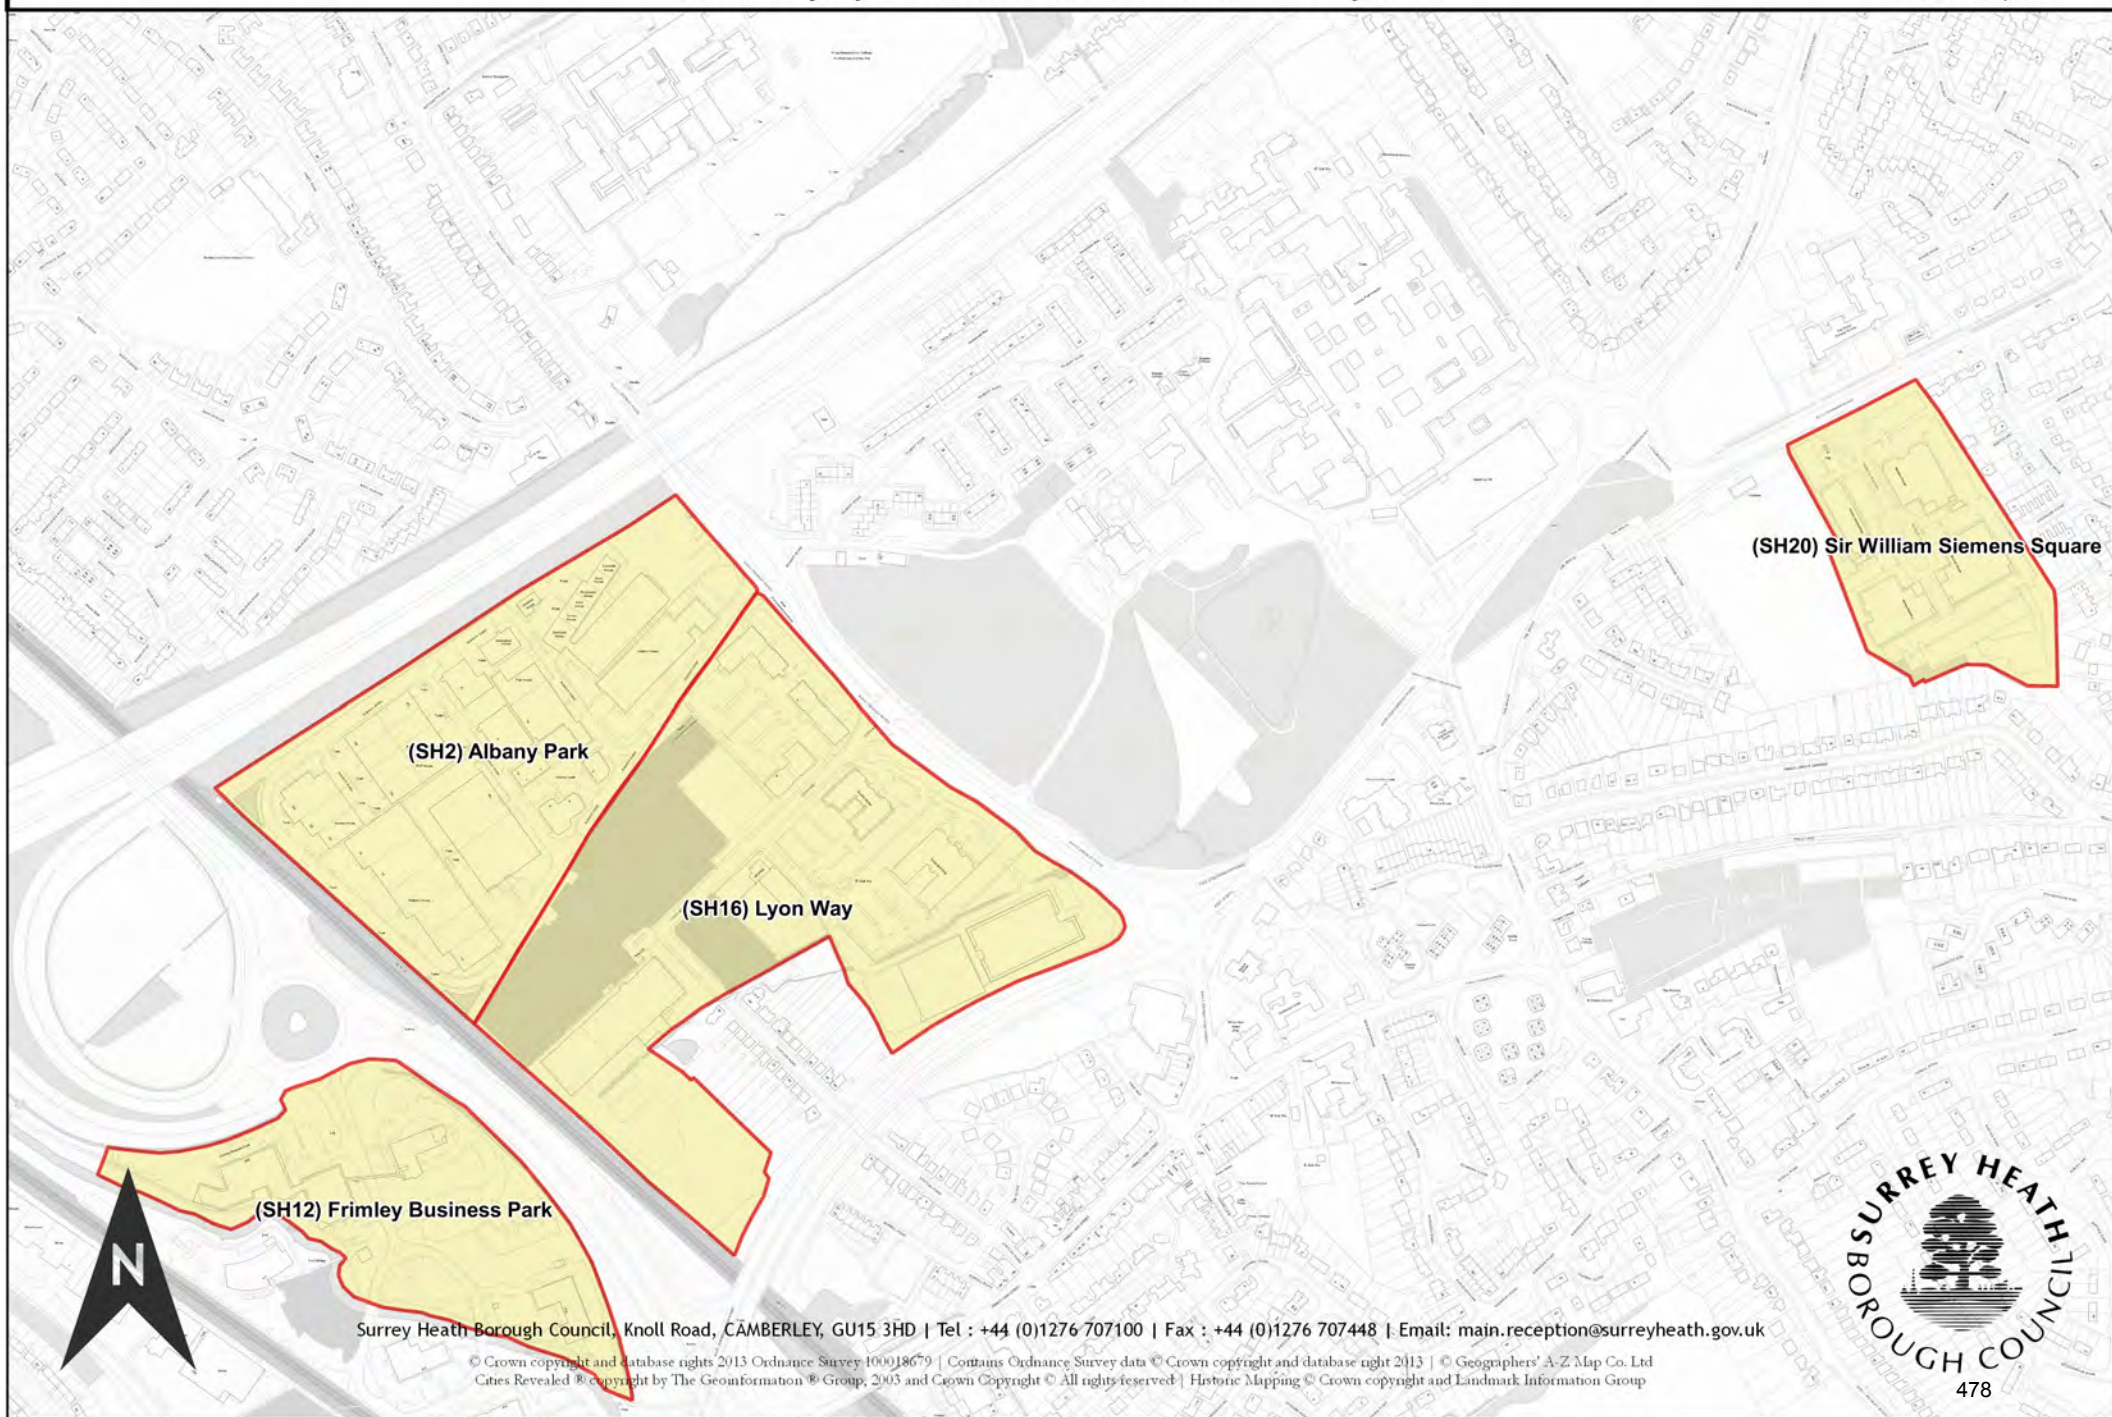

Comments / Observations

The site is well located, next to Frimley District Centre and in close proximity of strategic highway network and rail access. There are facilities and services within 800m of the site, located in Frimley District Centre. There is a residential street that borders the site, which is screened by mature vegetation, and is inaccessible from the site. The front of the site is a business park for office based uses. It is occupied mostly by international ICT and digital media companies, which aligns well with the Enterprise M3 priority sectors.

There are also some large, vacant office buildings. It is a well maintained site with abundant landscaping and large car parks. The construction area and large cleared space at the rear of the site accounts for almost half of the overall site area and is being developed into a warehouse storage and distribution centre with other light industrial uses. This zone is known as the former BAE site and is identified as a prime investment potential site in the Enterprise M3 Commercial Property Market Report. The development will be quite distinct from the existing established Business Park that fronts onto Frimley Road.

<input checked="" type="checkbox"/> Site for Specific Occupier(s)	<input type="checkbox"/> Recycling / Environmental Industrial Sites	<input type="checkbox"/> Prominent Site
<input type="checkbox"/> Other:		

General comments / description of site

A compact, semi-rural site, located between Frimley Green and Mytchett. The site is bordered by two different railway lines and the B3411 Sturt Road. The sole occupier, Mitie specialises in strategic outsourcing and energy services, with this particular branch focusing on water treatment for South East Water. It is a gated site that is screened from Sturt Road and therefore lacks prominence. There is high quality landscaping which incorporates seating areas and a pond. A large car park is accessed by a road that leads around the main office building. The offices are fairly modern and located all within one building. There is a large field to the rear of the site that is currently unused.

ACCESSIBILITY

Distance to Strategic Highway Network: Access to M3 at junction 4, 4.2km away, via the A331 primary route.	Rail Access: Located 2.4km from Farnborough North Station and 2.9km from Farnborough Main Station.
Quality of local roads: The site's primary frontage is onto the B3411 Sturt Road from which the site is accessed. This, in turn provides access to the A331 primary route via a local road through a residential area of Mytchett. There is a low railway bridge over Sturt Road heading north from the site, which may be restrictive of HGVs accessing the site from this direction.	Proximity to other settlements: 2.5km driving distance to Farnborough town centre, 7.8km driving distance to Aldershot town centre, 5.6km driving distance to Camberley town centre.

FACILITIES

CONCLUSIONS

Comments / Observations

A relatively small site that is solely occupied by Mitie. The offices house research and development uses for water treatment, outsourced from South East Water. It is a well maintained fully landscaped site containing a fairly modern office building. The site is considerably spacious, with a large supply of parking and undeveloped greenfield land at the rear. Overall the site lacks prominence, with only a small gated entry point and some screening from vegetation and fencing. However, it has close proximity to the A331 primary route, which provides direct access to the M3. It houses an important local employer, with research capabilities and specialist engineering uses that align with Enterprise M3 priority sectors.

Site No: SH18	Site Name: Pembroke House, Camberley Town Centre	LPA: Surrey Heath
Site Area: 0.27ha	Survey Date: November 2014	Name of Surveyor(s): CK, IM

SITE DESCRIPTION

The site can be described as the following (select all that apply):

<input type="checkbox"/> Edge of centre / out of town	<input checked="" type="checkbox"/> Town Centre	<input type="checkbox"/> Rural
<input type="checkbox"/> Incubator / SME Cluster Site	<input type="checkbox"/> Research and Technology / Science Park	<input type="checkbox"/> High Quality Business Park
<input type="checkbox"/> Warehouse / Distribution Park	<input type="checkbox"/> General Industry / Business Area	<input type="checkbox"/> Heavy / Specialist Industrial Site
<input type="checkbox"/> Site for Specific Occupier(s)	<input type="checkbox"/> Recycling / Environmental Industrial Sites	<input checked="" type="checkbox"/> Prominent Site
<input checked="" type="checkbox"/> Other: See below		

General comments / description of site

Previously occupied solely by Holiday Autos, this is now a vacant office building. This town centre site has primary frontage on Pembroke Broadway, although it is accessed from Park Lane, at the rear. It has a prominent location, occupying the corner area where Pembroke Broadway and Park Street meet in the south of Camberley town centre. The building is 4 storeys in height with underground car parking. A planning application has been granted approval to demolish the existing building and erect a 92 bed care home in its place.

ACCESSIBILITY

Distance to Strategic Highway Network: Access to the M3 at junction 4, 4.2km away, and junction 3, 6km away.	Rail Access: Located 0.2km from Camberley Station and 2.6km from Blackwater Station.
Quality of local roads: The A30 London Road runs along the northern edge of Camberley town centre and provides access to the M3 either by the A331 to the west or the A322 to the east, both of which are primary routes. The A30 does however suffer from congestion at peak hours.	Proximity to other settlements: 5.6km driving distance to Farnborough town centre, 12.4km driving distance to Aldershot town centre, 13.2km driving distance to Bracknell town centre, 16.6km driving distance to Woking town centre.

FACILITIES

	On site	Within 800m of the site

			Good	Refurbishment required	Obsolete	Redevelopment opportunity	
Pembroke House	B1	Office building entirely vacant for imminent demolition					Yes. Residential or mixed use scheme appropriate.

CONCLUSIONS

Comments / Observations

The site is in a prominent location within Camberley town centre. It has good strategic and local access. There is also adequate on site access and parking provision. The offices are entirely vacant, and as such, do not appear to be maintained. The surplus of empty office accommodation within Camberley town centre is addressed in the CTC Area Action Plan. Policy advocates the concentration of employment uses in the Knoll Road Commercial Area, to the east of the town centre. The Site forms part of the Land at Park Lane Opportunity Area, which under policy TC16, is proposed for redevelopment as residential use.

Site No: SH19	Site Name: SC Johnson, Frimley Green	LPA: Surrey Heath
Site Area: 26.8ha	Survey Date: November 2014	Name of Surveyor(s): CK, IM

SITE DESCRIPTION

The site can be described as the following (select all that apply):

<input checked="" type="checkbox"/> Edge of centre / out of town	<input type="checkbox"/> Town Centre	<input type="checkbox"/> Rural
<input type="checkbox"/> Incubator / SME Cluster Site	<input checked="" type="checkbox"/> Research and Technology / Science Park	<input type="checkbox"/> High Quality Business Park
<input checked="" type="checkbox"/> Warehouse / Distribution Park	<input type="checkbox"/> General Industry / Business Area	<input type="checkbox"/> Heavy / Specialist Industrial Site
<input checked="" type="checkbox"/> Site for Specific Occupier(s)	<input type="checkbox"/> Recycling / Environmental Industrial Sites	<input type="checkbox"/> Prominent Site
<input type="checkbox"/> Other: _____		

General comments / description of site

Single occupier site (SC Johnsons) located on the northern edge of Frimley Green, bordered by the B3411 Frimley Green Road to the east, the Ascot to Guildford rail line to the west and residential neighbourhoods to the north and south. It contains offices with research and development uses. The site is now only partially used, with much of the original building lying vacant. A section of the offices at the front (east) of the site remain in use, primarily for administration purposes. However, the site is no longer used for manufacturing products. Approximately 70% of the site is undeveloped green space and woodland retaining a green gap between the settlements of Frimley and Frimley Green.

ACCESSIBILITY

Distance to Strategic Highway Network: Accessed from M3 via junction 4, which is a 2.4km car journey. Access to M3 from the site is 3.0km due to the nature of the road layout.	Rail Access: Located 1.4km from Frimley Station, 3.9km from Farnborough Main Station and 3.4km from Farnborough North Station.
Quality of local roads: The site is accessed from a roundabout on the B3411 Frimley Green Road. This route provides direct access to Frimley district centre, the A325, A331 and consequently the rest of the Blackwater Valley towns.	Proximity to settlements: 1.0km driving distance to Frimley district centre, 4.2km driving distance to Camberley town centre, 3.5km driving distance to Farnborough town centre.

FACILITIES

	On site	Within 800m of the site
Convenience retail	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Restaurants / café	<input type="checkbox"/>	<input type="checkbox"/>
Gym / sports facilities	<input type="checkbox"/>	<input type="checkbox"/>
Hotel	<input type="checkbox"/>	<input type="checkbox"/>
Crèche / Children's Nursery	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Training facility	<input type="checkbox"/>	<input type="checkbox"/>
Comparison Retail	<input type="checkbox"/>	<input type="checkbox"/>
Other (please provide further information below)	<input type="checkbox"/>	<input type="checkbox"/>

Whilst a local shop is within 800m of the site, it is further than 800m to Frimley District Centre, where more extensive retail and additional hot food services are available.

NON-B CLASS USES

If there are non-B Class uses on the site indicate the type and approximate proportion of floorspace below:

Use	0-20%	20-40%	40-60%	60-80%	80-100%
Housing	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Retail	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Leisure	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Community	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Other (please provide further information below)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

ENVIRONMENT

Quality of environment for current use:

Very good Good Poor Very Poor

Is the site environment appropriate for the current uses?

Yes No (please provide further information below)

The site contains a large car park and is well landscaped with attractive vegetation and water features.

Neighbouring uses:

Residential Leisure Retail Town Centre Airport Railway Highway Office
 Industrial Warehousing Education Other (please specify)

There are residential areas to the north and south of the site. These border extensive open green space and wooded areas contained within the gated site.

ACCESS & PARKING

<input checked="" type="checkbox"/> Car	Access from a roundabout junction with Frimley Green Road. A good wide entry road with lever controlled entry/exit access.
<input checked="" type="checkbox"/> HGV	HGV access is good, with a wide entry road and good service roads on site.
<input checked="" type="checkbox"/> Public Transport	There are bus stops adjacent to the site, on Frimley Green Road.
<input checked="" type="checkbox"/> Servicing	Servicing is adequate for the needs of the site.
<input checked="" type="checkbox"/> Parking	There is a large car park located to the south of the main office building.

Is the access and parking adequate for the uses within the site?

Yes NO (please provide further information below)

DEVELOPMENT CONTEXT:

Planning Considerations:

Flood Risk (Zone 2 & 3) Heritage and Conservation Environmental Designation Tree Preservation Order

Physical Considerations:

Topography Contamination Utilities Infrastructure Other (please specify below)

Planning Status (select all that apply):

- | | | |
|---|--|--|
| <input type="checkbox"/> Planning Consent | <input type="checkbox"/> Site Allocation: Core Employment Area | <input checked="" type="checkbox"/> Site/part of site in SHLAA |
| <input checked="" type="checkbox"/> Fully Implemented | <input type="checkbox"/> Partially Implemented | <input type="checkbox"/> Cleared Site |
| <input type="checkbox"/> Greenfield | <input checked="" type="checkbox"/> Brownfield | |

Additional comments:

In the SHLAA as a site that is not currently developable.

Opportunity for intensification of employment uses at the site:

- Yes (please provide further information below) No

There is unused green space on site. However, this forms an important gap between the settlements of Frimley and Frimley Green. In addition, the majority of the warehousing and offices on site are currently vacant; therefore intensification may not be practical at this time.

Undeveloped Land

- Yes (please provide further information below) No

There are large areas of open green space and woodland on site.

Vacant Premises

Yes (please provide further information below)

No

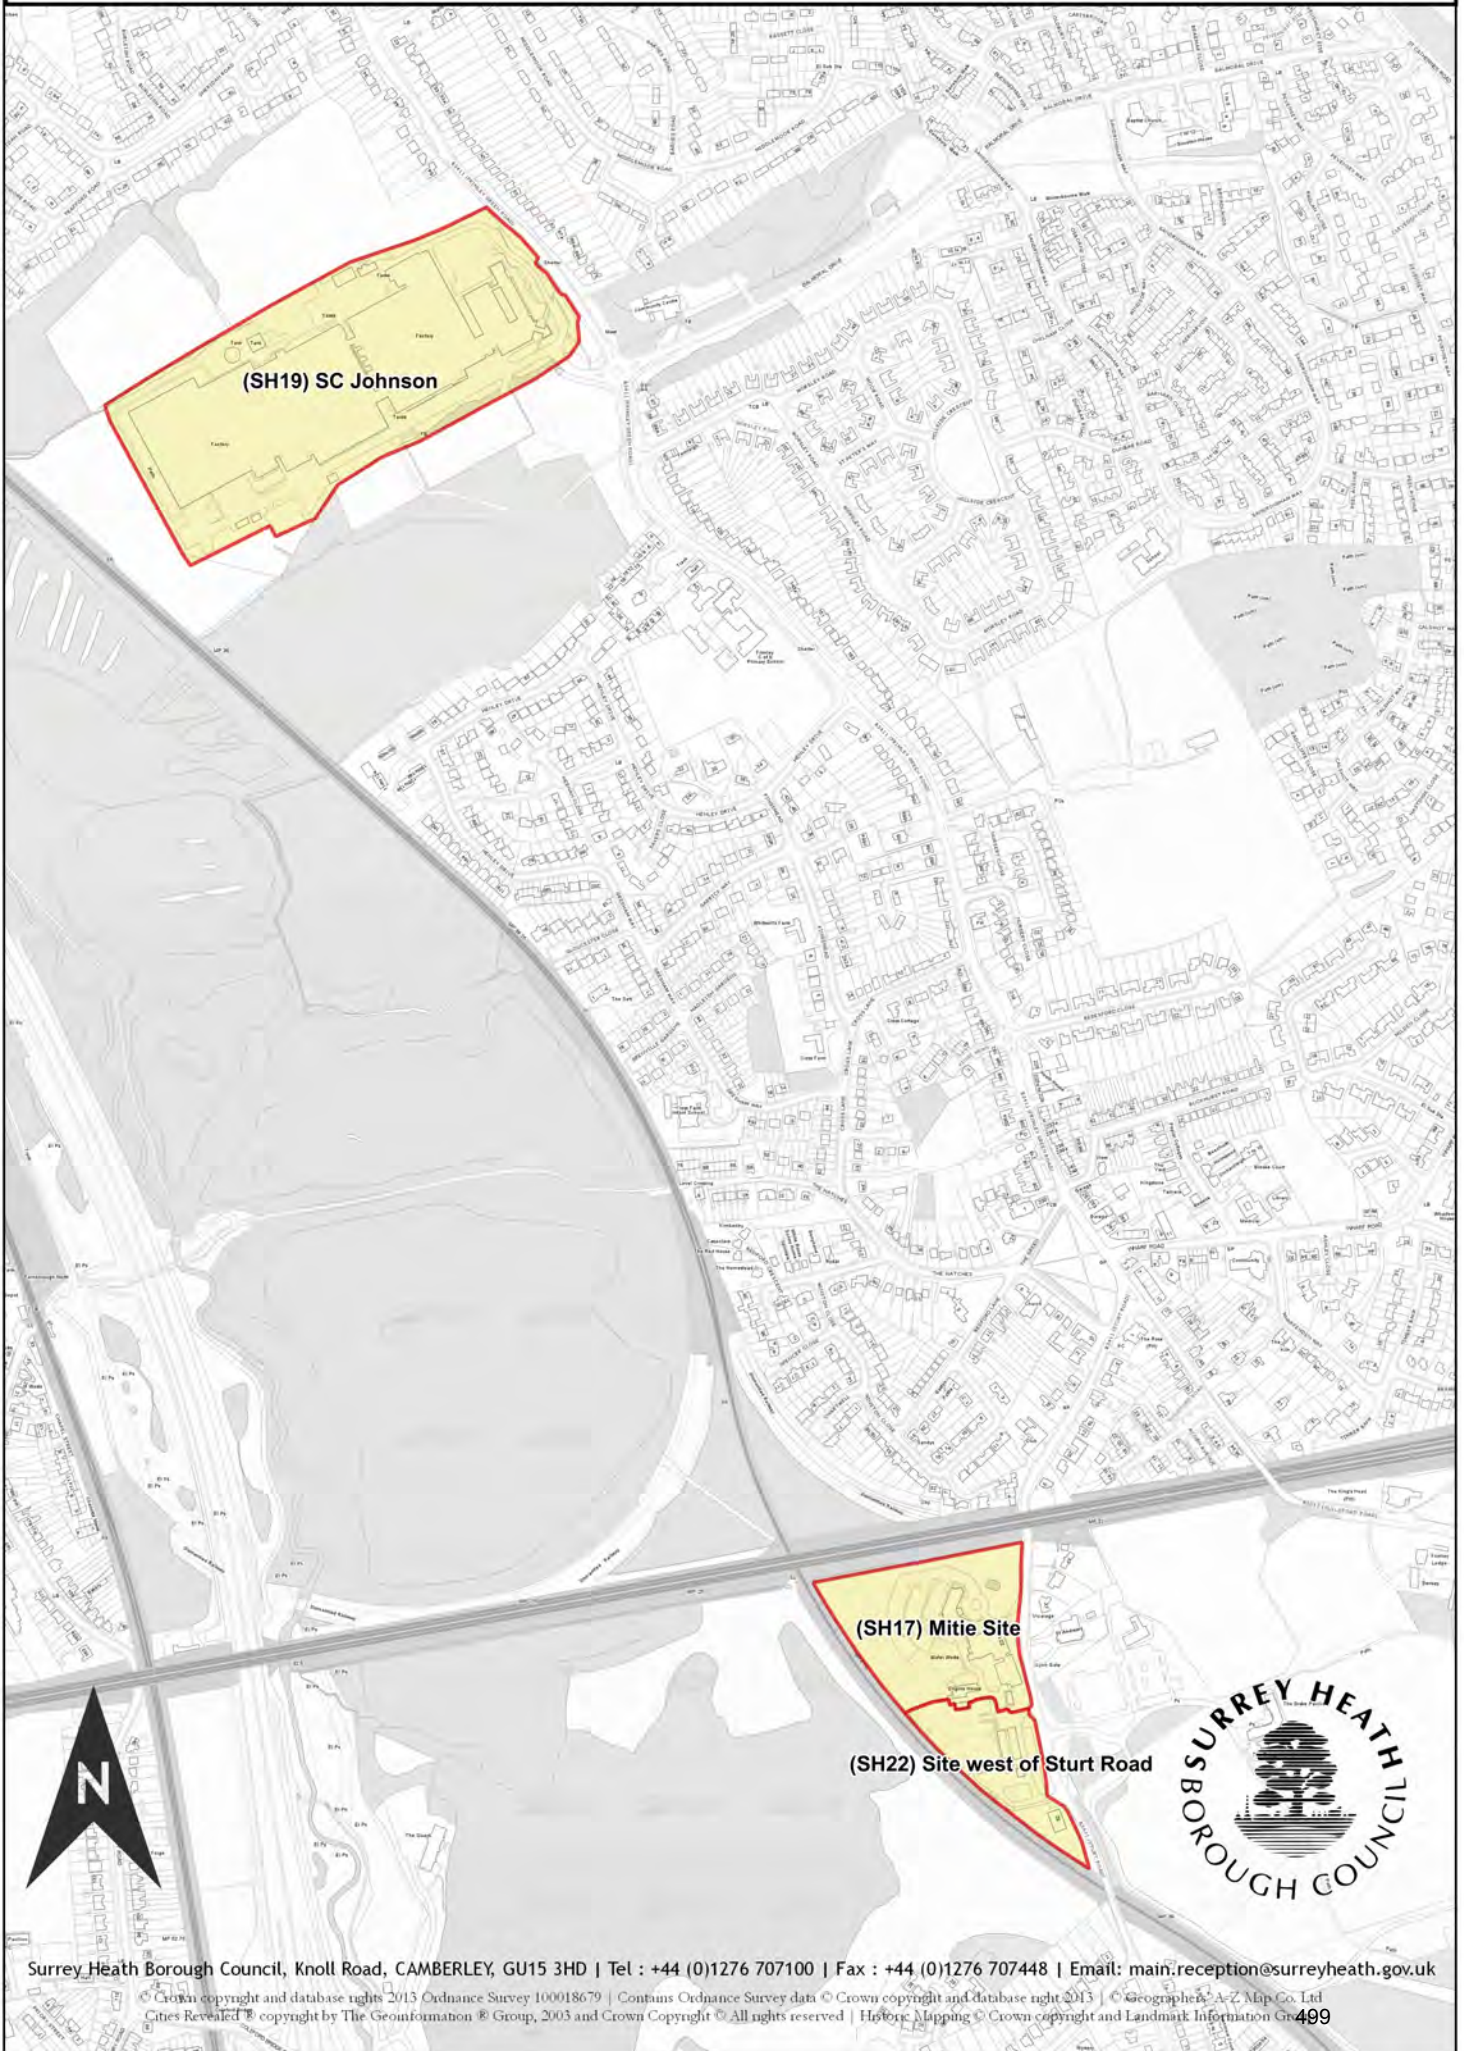

Unit Name / Number	Unit Type (B1a/b/c, B2, B8)	Size of unit / amount of floorspace marketed	Market attractiveness				Suitable for conversion to non-employment use? (please specify)
			Good	Refurbishment required	Obsolete	Redevelopment opportunity	

The site is solely occupied by SC Johnsons. It was previously used for manufacturing, storage and distribution uses, but the majority of this large site now lies vacant. Some of the offices at the front are used for administration purposes.

CONCLUSIONS

Comments / Observations

This large site has good proximity to the strategic road and rail network. The building stock consists of offices at the front of the site, with warehouses and industrial units to the rear which were previously used for production use and storage. Much of the site now lies vacant and unused, but remains in the ownership of the sole occupier, SC Johnsons. The quality of the landscaping remains high, as well as site access and parking provision. With the majority of the site now unused, it is well placed to be allocated for redevelopment, with the potential to accommodate a mix of uses. However, the owner’s future intentions and aspirations for the site remain unclear at this time.

Site No: SH20	Site Name: Sir William Siemens Square, Frimley	LPA: Surrey Heath
Site Area: 2.6ha	Survey Date: November 2014	Name of Surveyor(s): CK, IM

SITE DESCRIPTION

The site can be described as the following (select all that apply):

<input checked="" type="checkbox"/> Edge of centre / out of town	<input type="checkbox"/> Town Centre	<input type="checkbox"/> Rural
<input type="checkbox"/> Incubator / SME Cluster Site	<input checked="" type="checkbox"/> Research and Technology / Science Park	<input checked="" type="checkbox"/> High Quality Business Park
<input type="checkbox"/> Warehouse / Distribution Park	<input type="checkbox"/> General Industry / Business Area	<input type="checkbox"/> Heavy / Specialist Industrial Site
<input checked="" type="checkbox"/> Site for Specific Occupier(s): Siemens Plc	<input type="checkbox"/> Recycling / Environmental Industrial Sites	<input checked="" type="checkbox"/> Prominent Site
<input type="checkbox"/> Other: _____		

General comments / description of site

A compact, high profile site located west of Frimley District Centre, immediately west of Frimley Park Hospital. Solely occupied by Siemens Plc it houses their UK head office. The site consists of office based research and development uses, specialising in ICT, digital media and global research capabilities. It is a high quality site that is well maintained, with modern offices, prominent signage and attractive landscaping. There are strong sightlines which enhance the prominence of the site. The parking areas are clearly designated, with a one way lever entry / exit access point from Chobham Road.

ACCESSIBILITY

Distance to Strategic Highway Network: Accessed from M3 via junction 4, which is a 1.9km car journey. Access to M3 from the site is 2.9km due to the nature of the road layout.	Rail Access: Located 1.4km from Frimley Station, 3.4km from Farnborough Main Station and 4.0km from Farnborough North Station.
Quality of local roads: Site is accessed from the B311 Chobham Road. This provides direct access to the A325 which connects to the A331 Primary Route and the local towns of Camberley, Farnborough and Aldershot.	Proximity to settlements: 1.0km driving distance to Frimley district centre, 3.9km driving distance to Camberley town centre, 3.7km driving distance to Farnborough town centre.

FACILITIES

	On site	Within 800m of the site
Convenience retail	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Restaurants / café	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Gym / sports facilities	<input type="checkbox"/>	<input type="checkbox"/>
Hotel	<input type="checkbox"/>	<input type="checkbox"/>
Crèche / Children's Nursery	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Training facility	<input type="checkbox"/>	<input type="checkbox"/>
Comparison Retail	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Other (please provide further information below)	<input type="checkbox"/>	<input type="checkbox"/>

Farm Road local shops and services are well within 800m of the site, whilst Frimley High Street is just within this in terms of walking distance.

NON-B CLASS USES

If there are non-B Class uses on the site indicate the type and approximate proportion of floorspace below:

Use	0-20%	20-40%	40-60%	60-80%	80-100%
Housing	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Retail	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Leisure	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Other (please provide further information below)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

ENVIRONMENT

Quality of environment for current use:

Very good Good Poor Very Poor

Is the site environment appropriate for the current uses?

Yes No (please provide further information below)

This is a well maintained, modern site, which has incorporated existing protected trees into the landscaping.

Neighbouring uses:

Residential Leisure Retail Town Centre Airport Railway Highway Office
 Industrial Warehousing Education Other (please specify)

Chobham Road recreation ground is to the west of the site, residential uses are to the east and south, which are well screened with extensive landscaping. The B311 Chobham Road to lies directly to the north of the site, with a primary school beyond.

ACCESS & PARKING

Car

The site is accessed by a one way entry/exit point from Chobham Road, which to some degree may assist with traffic flow.

HGV

There could potentially be restricted site access for HGVs due to the width of the entry and exit levers, although there is no current need for HGV access due to the nature of uses on site.

Public Transport

Chobham Road has bus stops within 800m of the site. The nearest train station is at Frimley.

Servicing

Servicing for the site is good for its current use.

Parking

Very good on-site parking provision in pleasant, well lit and landscaped surroundings. There is also good permeability and security measures in place.

Is the access and parking adequate for the uses within the site?

Yes

No (please provide further information below)

DEVELOPMENT CONTEXT:

Planning Considerations:

Flood Risk (Zone ___)

Heritage and Conservation

Environmental Designation

Tree Preservation Order

Physical Considerations:

Topography

Contamination

Utilities Infrastructure

Other (please specify below)

TPO protected trees at the front of the site and around the perimeter.

			Good	Refurbishment required	Obsolete	Redevelopment opportunity	

CONCLUSIONS

Comments / Observations

This site is located within a short distance from both the strategic highway network and the rail network. There are some neighbouring residential uses but these are well screened and the uses on site do not appear to be conflicting or disruptive. It has an open frontage, but is fenced to the sides and rear. The site is attractive, with good quality, modern buildings and well landscaped external areas. It is a high quality, high profile site where the sole occupier has now well established its HQ. The main business uses are ICT, digital media and global research capabilities, which all align with Enterprise M3's priority business sectors.

Site No: SH21	Site Name: St Georges Industrial Estate & Helix Business Park, Camberley	LPA: Surrey Heath
Site Area: 3.0ha	Survey Date: November 2014	Name of Surveyor(s): CK, IM

SITE DESCRIPTION

The site can be described as the following (select all that apply):

<input checked="" type="checkbox"/> Edge of centre / out of town	<input type="checkbox"/> Town Centre	<input type="checkbox"/> Rural
<input checked="" type="checkbox"/> Incubator / SME Cluster Site	<input type="checkbox"/> Research and Technology / Science Park	<input type="checkbox"/> High Quality Business Park
<input checked="" type="checkbox"/> Warehouse / Distribution Park	<input checked="" type="checkbox"/> General Industry / Business Area	<input type="checkbox"/> Heavy / Specialist Industrial Site
<input type="checkbox"/> Site for Specific Occupier(s)	<input checked="" type="checkbox"/> Recycling / Environmental Industrial Sites	<input type="checkbox"/> Prominent Site
<input type="checkbox"/> Other: _____		

General comments / description of site

St Georges Industrial Estate and Helix Business Park are located to the southwest of Camberley, in an urban area. The two industrial areas occupy a site just west of Frimley Road. Helix Business Park is effectively an extension of the original industrial estate at St Georges. Both areas are well used and contain units of similar size and layout, occupied predominantly by SMEs. The site's main uses are primarily light industrial, warehouse storage and ancillary offices. There is some limited landscaping and maintenance of the site, but overall it is industrial in character and serves as a location for valuable bad neighbour activities and uses.

ACCESSIBILITY

Distance to Strategic Highway Network: Accessed from M3 via junction 4, which is a 2.4km car journey. Access to M3 from the site is 3.7km (via a different route) due to the nature of the road layout.	Rail Access: Located 1.8km from Camberley Station, 1.9km from Frimley Station and 2.6km from Blackwater Station.
Quality of local roads: The site is accessed from a roundabout on the B3411 Frimley Road, which is a busy stretch of the route that runs north to south through the western suburbs of Camberley. Congestion is an issue at peak hours. This route	Proximity to settlements: Equidistant to Camberley and Frimley centres at 1.6km driving distance, 4.2km driving distance to Farnborough town centre.

provides direct access to the A30, A325, A331 and consequently the rest of the Blackwater Valley towns.

FACILITIES

	On site	Within 800m of the site
Convenience retail	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Restaurants / café	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Gym / sports facilities	<input type="checkbox"/>	<input type="checkbox"/>
Hotel	<input type="checkbox"/>	<input type="checkbox"/>
Crèche / Children’s Nursery	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Training facility	<input type="checkbox"/>	<input type="checkbox"/>
Comparison Retail	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Other (please provide further information below)	<input type="checkbox"/>	<input type="checkbox"/>

The site is within close proximity of Frimley Road which has a range of local shops and services.

NON-B CLASS USES

If there are non-B Class uses on the site indicate the type and approximate proportion of floorspace below:

Use	0-20%	20-40%	40-60%	60-80%	80-100%
Housing	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Retail	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Leisure	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Community	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Other (please provide further information below)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

There is a car showroom located on the site and a St John Ambulance Centre within the site boundary.

ENVIRONMENT

Quality of environment for current use:

Very good Good Poor Very Poor

Is the site environment appropriate for the current uses?

Yes No (please provide further information below)

Good vehicular and pedestrian access, with wide loading and unloading bays at individual units for HGVs.

Neighbouring uses:

Residential Leisure Retail Town Centre Airport Railway Highway Office
 Industrial Warehousing Education Other (please specify)

The site is within a busy, urban area of west Camberley. It is bordered by Krooner Park Football Ground to the north and allotments to the south. Crabtree Park borders to site to the west, whilst retail and other services border the site to the east, as well as the B3411 Frimley road and two residential streets. A waste collection facility is located just to the southwest.

ACCESS & PARKING

<input checked="" type="checkbox"/> Car	Good access to the site from a roundabout with Frimley Road.
<input checked="" type="checkbox"/> HGV	Adequate access from a small roundabout junction, although potentially quite constrained for HGVs.
<input checked="" type="checkbox"/> Public Transport	Bus stops adjacent to the site on Frimley Road.
<input checked="" type="checkbox"/> Servicing	Adequate for the site's uses.
<input checked="" type="checkbox"/> Parking	Each unit is allocated parking bays, with spaces to spare. There were however, parked cars on the access roads at the time of the visit which could demonstrate a lack of visitor or customer parking.

Is the access and parking adequate for the uses within the site?

Yes NO (please provide further information below)

DEVELOPMENT CONTEXT:

Planning Considerations:

Flood Risk (Zone ___) Heritage and Conservation Environmental Designation Tree Preservation Order

Physical Considerations:

Topography Contamination Utilities Infrastructure Other (please specify below)

Adjacent to a waste collection facility. No apparent planning constraints have arisen from this.

Unit 11, Helix Business Park	B2/B8	186 sqm					No
Pembroke House, Frimley Road. Not part of the industrial estates	B and B2	1095 sqm					No. The unit is within a Core Employment Area

CONCLUSIONS

Comments / Observations

A compact, well occupied site that provides a good location and appropriate units for accommodating and supporting SMEs. The site has good access to the strategic highway and rail networks, although entry to the site is from a small roundabout junction which can easily become congested. Onsite access and servicing is good, with large areas built in for turning and manoeuvring, as well as loading and unloading bays at individual units. There are a wide range of shops and services available within a short walk of the site at Frimley Road neighbourhood centre.

The site is relatively well maintained, with some minimal landscaping and good condition building stock. There is a high occupancy rate; of 43 industrial and warehouse units, just 2 remain vacant, demonstrating that the site assists in meeting the demand for industrial and warehouse accommodation in the Functional Economic Area.

<input type="checkbox"/> Site for Specific Occupier(s)	<input type="checkbox"/> Recycling / Environmental Industrial Sites	<input type="checkbox"/> Prominent Site
<input type="checkbox"/> Other: _____		

General comments / description of site

A small site located just south of Mitie , between Frimley Green and Mytchett. The site consists of a few lower grade workshops used primarily for storage and distribution with extensive outdoor storage and a trade counter use. There are two small access points from Sturt Road which are gated. The site has low prominence as a result of a high fence along the frontage onto Sturt Road. The entry points are wide enough for HGVs which require access to the site for its current uses.

ACCESSIBILITY

Distance to Strategic Highway Network: Access to M3 at junction 4, 4.1km away, via the A331 primary route.	Rail Access: Located 2.3km from Farnborough North Station and 2.8km from Farnborough Main Station.
Quality of local roads: The site's primary frontage is onto the B3411 Sturt Road from which the site is accessed. This, in turn provides access to the A331 primary route via a local road through a residential area of Mytchett. There is a low railway bridge over Sturt Road heading north from the site, which may be restrictive of HGVs accessing the site from this direction.	Proximity to other settlements: 2.4km driving distance to Farnborough town centre, 7.7km driving distance to Aldershot town centre, 5.7km driving distance to Camberley town centre.

FACILITIES

A deliverable site in the SHLAA.

Opportunity for intensification of employment uses at the site:

- Yes (please provide further information below) No

Undeveloped Land

- Yes (please provide further information below) No

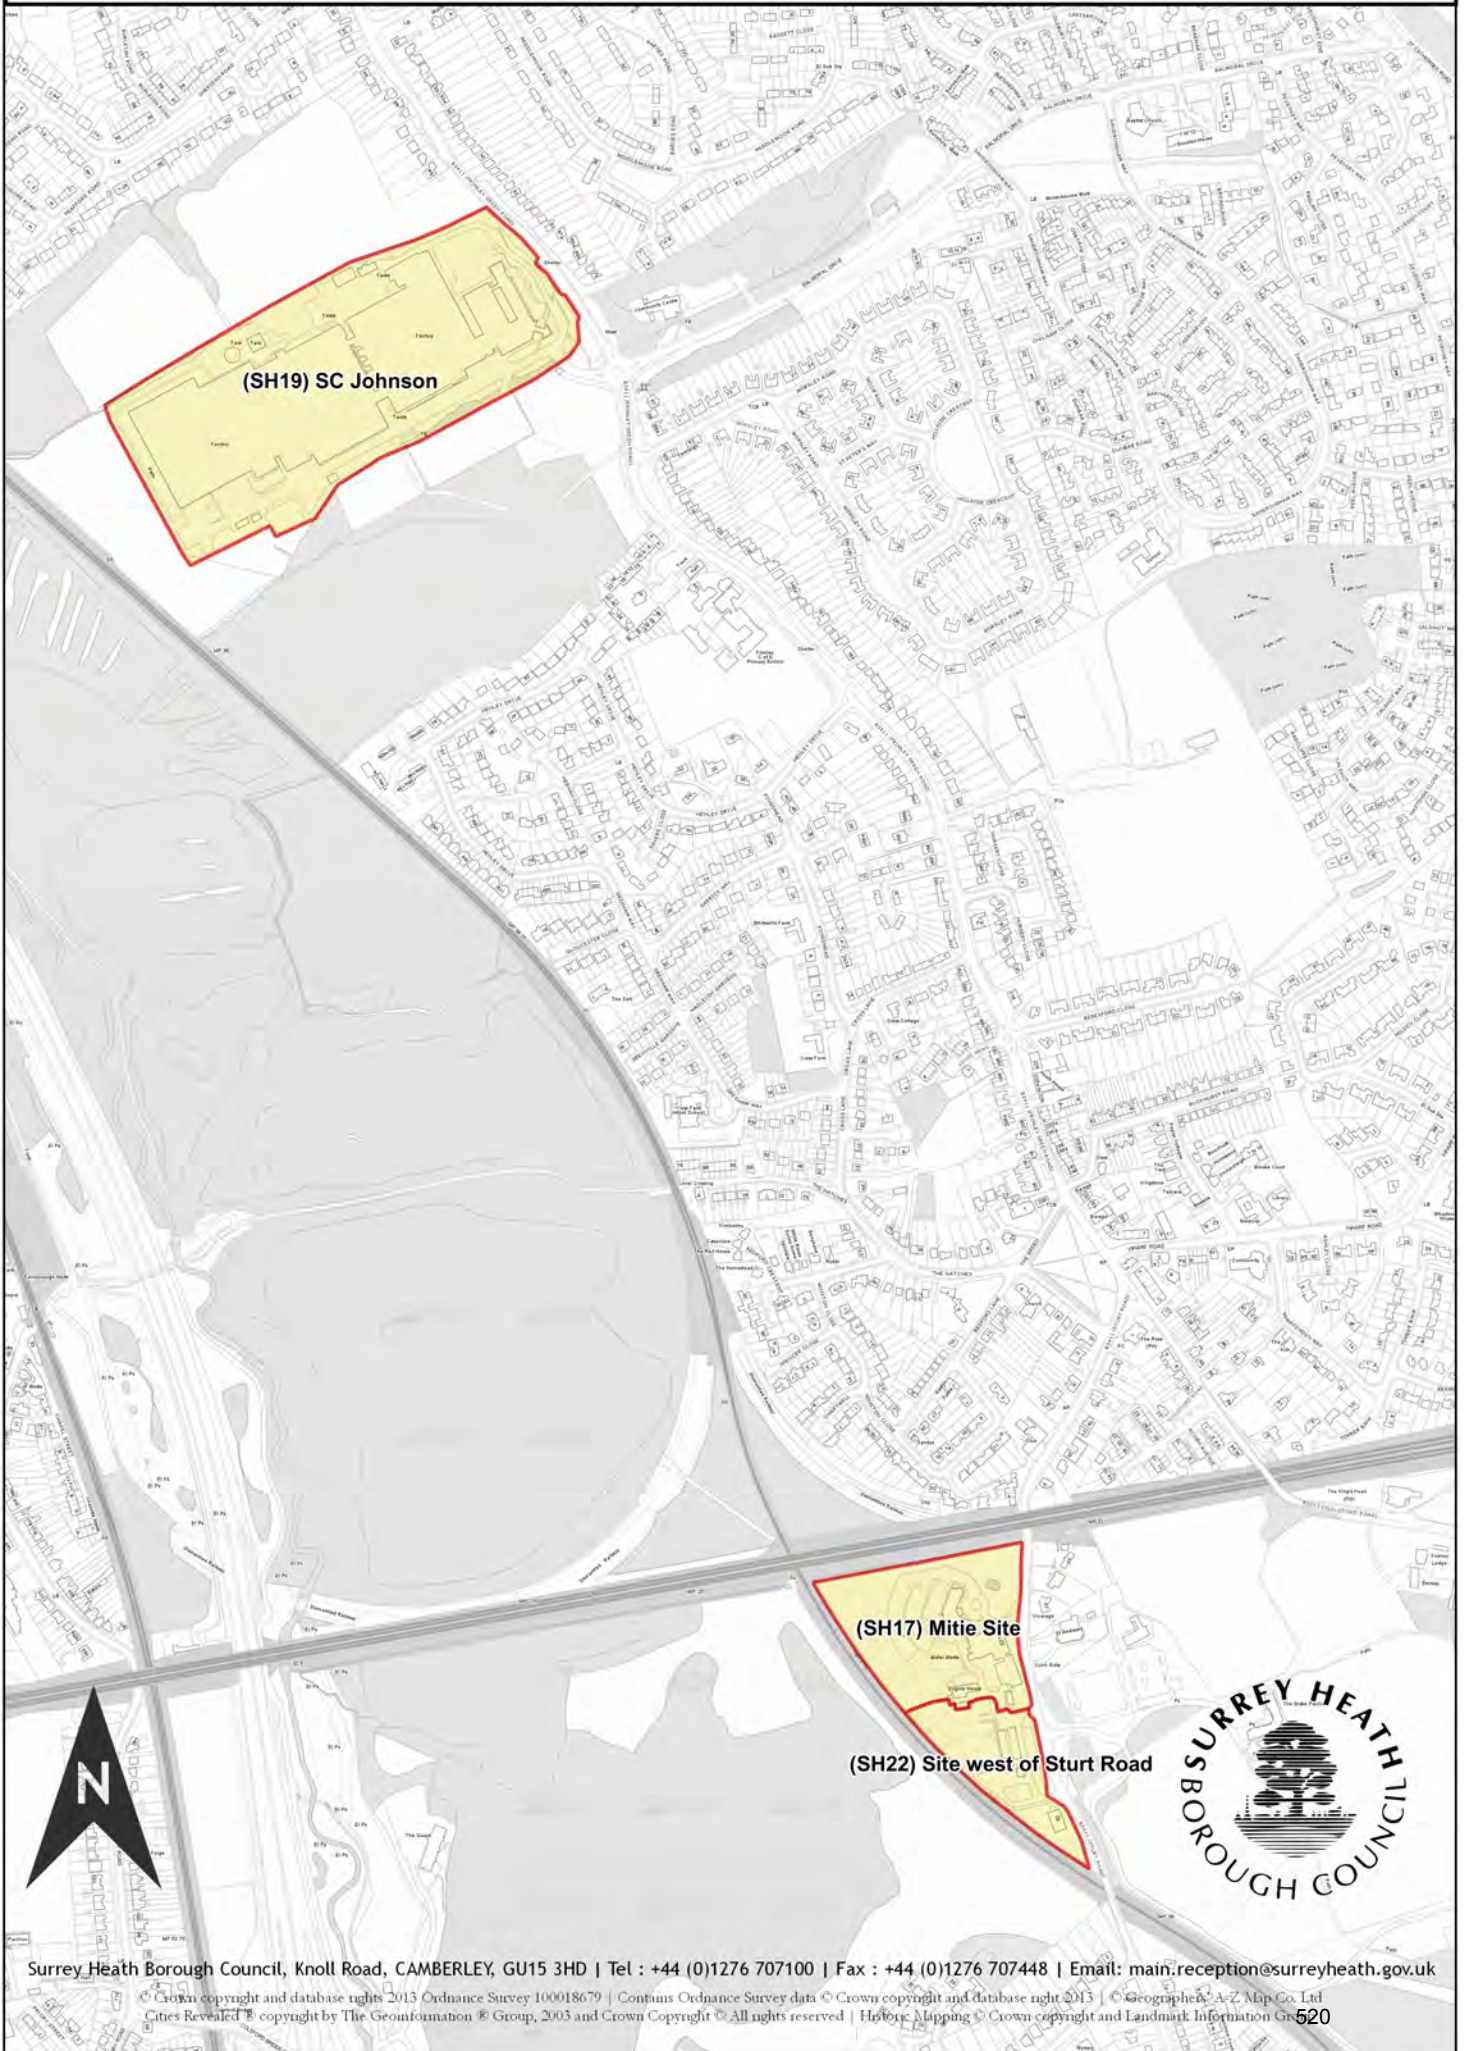

Outdoor areas used for storage purposes only.

Vacant Premises Yes (please provide further information below) No

Unit Name / Number	Unit Type (B1a/b/c, B2, B8)	Size of unit / amount of floorspace marketed	Market attractiveness				Suitable for conversion to non-employment use? (please specify)
			Good	Refurbishment required	Obsolete	Redevelopment opportunity	

CONCLUSIONS**Comments / Observations**

The site accommodates warehouse and storage based businesses, consisting mostly of external storage yards for materials suited to outdoor conditions. The site is generally not in good condition, with minimal accommodation, all of which is lower grade building stock. Being screened and set back from Sturt Road, the site lacks prominence and could potentially be difficult to identify should there not be knowledge of its existence. This is however, beneficial in separating it from potentially conflicting neighbouring uses. As the site primarily provides outdoor storage space for businesses, it does not contribute much in the form of building stock provision for accommodating SMEs.

Site No: SH23	Site Name: Tanners Yard, Bagshot	LPA: Surrey Heath
Site Area: 0.32ha	Survey Date: November 2014	Name of Surveyor(s): CK, IM

SITE DESCRIPTION

The site can be described as the following (select all that apply):

<input checked="" type="checkbox"/> Edge of centre / out of town	<input type="checkbox"/> Town Centre	<input type="checkbox"/> Rural
<input type="checkbox"/> Incubator / SME Cluster Site	<input type="checkbox"/> Research and Technology / Science Park	<input type="checkbox"/> High Quality Business Park
<input type="checkbox"/> Warehouse / Distribution Park	<input checked="" type="checkbox"/> General Industry / Business Area	<input type="checkbox"/> Heavy / Specialist Industrial Site
<input type="checkbox"/> Site for Specific Occupier(s)	<input type="checkbox"/> Recycling / Environmental Industrial Sites	<input checked="" type="checkbox"/> Prominent Site
<input type="checkbox"/> Other: See below		

General comments / description of site

A compact, modern arrangement of office accommodation located to the north of Bagshot District Centre, just north of the A30 London Road. Tanners Yard contains relatively small office units and appears well maintained and has small scale landscaping. The site accommodates the headquarters of international baking company, Lantmannen Unibake Ltd, which occupies units 1-3 of a total of 8. The remainder of let units contain a small cluster of SMEs. A wide entry point from the A30 London Road provides direct access to a substantial car park. The site has prominence, with its primary frontage on the A30.

ACCESSIBILITY

Distance to Strategic Highway Network: Access to M3 at junction 3, 1.4km away. Access to M25 junction 13 via A30, 14.2km.	Rail Access: Located 0.2km from Bagshot Station, 5.6km from Sunningdale Station and 4.8km Camberley Station.
Quality of local roads: Primary frontage onto the A30 London Road and close proximity to the A322 primary route dual carriageway. Good local access but both these routes suffer from peak time congestion.	Proximity to other settlements: 3.1km driving distance to Camberley town centre, 8.7km driving distance to Bracknell town centre, 12.2km driving distance to Woking town centre.

FACILITIES

	On site	Within 800m of the site

Unit 5/6	B1	142 sqm					No

CONCLUSIONS**Comments / Observations**

The site has a good strategic location and prominence, on the A30 London Road. Being just outside Bagshot District Centre, there is good access to local shops and services. It provides office accommodation in small, modern units and at the time of visiting there was just one joint unit remaining vacant. Overall it is well maintained and the quality of accommodation is good. It is a smaller more intimate site which is seemingly attractive to SMEs, although there is also an international company's UK headquarters based here. It is an important site in servicing the local economy.

Site No: SH24	Site Name: The Deans and Queen Anne House, Bagshot	LPA: Surrey Heath
Site Area: 0.42ha	Survey Date: November 2014	Name of Surveyor(s): CK, IM

SITE DESCRIPTION

The site can be described as the following (select all that apply):

<input type="checkbox"/> Edge of centre / out of town	<input checked="" type="checkbox"/> Town Centre: - Bagshot district centre	<input type="checkbox"/> Rural
<input checked="" type="checkbox"/> Incubator / SME Cluster Site	<input type="checkbox"/> Research and Technology / Science Park	<input type="checkbox"/> High Quality Business Park
<input type="checkbox"/> Warehouse / Distribution Park	<input checked="" type="checkbox"/> General Industry / Business Area	<input type="checkbox"/> Heavy / Specialist Industrial Site
<input type="checkbox"/> Site for Specific Occupier(s)	<input type="checkbox"/> Recycling / Environmental Industrial Sites	<input type="checkbox"/> Prominent Site
<input type="checkbox"/> Other:		

General comments / description of site

The site is located in Bagshot District Centre, just east of the High Street and is accessed from a two small junctions with Bridge Road. The Deans is accessed via a small turning into a single lane entry point and Queen Anne house is accessed from a wider road that leads to a rear car park. The Deans is a purpose built, relatively modern office development that borders the Bagshot village Conservation Area and as such has been designed sympathetically to its surroundings. Queen Anne House is a statutory listed building, slightly further from the Conservation Area boundary that has more recently been converted into office space.

ACCESSIBILITY

Distance to Strategic Highway Network: Access to M3 at junction 3, 1.4km away. Access to M25 junction 13 via A30, 14.2km.	Rail Access: Located 0.2km from Bagshot Station, 5.6km from Sunningdale Station and 4.8km Camberley Station.
Quality of local roads: Direct access to the A30 London Road and close proximity to the A322 primary route dual carriageway. Good local access but both these routes suffer from peak time congestion.	Proximity to other settlements: 3.1km driving distance to Camberley town centre, 8.7km driving distance to Bracknell town centre, 12.2km driving distance to Woking town centre.

FACILITIES

	On site	Within 800m of the site

Other (please provide further information below)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

ENVIRONMENT

Quality of environment for current use:

Very good Good Poor Very Poor

Is the site environment appropriate for the current uses?

Yes No (please provide further information below)

An attractive listed building and a sympathetically designed modern building, both with vegetation to the front and car parks at the rear.

Neighbouring uses:

Residential Leisure Retail Town Centre Airport Railway Highway Office
 Industrial Warehousing Education Other (please specify)

There is a care home directly behind The Deans.

ACCESS & PARKING

<input checked="" type="checkbox"/> Car	Both office buildings are accessed from Bridge Road.
<input checked="" type="checkbox"/> HGV	The Deans has a narrow entry point unsuitable for HGVs.
<input checked="" type="checkbox"/> Public Transport	Within 800m of Bagshot Station and bus stops.
<input checked="" type="checkbox"/> Servicing	Servicing is adequate for site's needs.
<input checked="" type="checkbox"/> Parking	Both office buildings have car parks to their rear with enough provision for their current occupiers.

Is the access and parking adequate for the uses within the site?

- Yes NO (please provide further information below)

DEVELOPMENT CONTEXT:

Planning Considerations:

- Flood Risk (**Zone 2**) Heritage and Conservation Environmental Designation Tree Preservation Order

Physical Considerations:

- Topography Contamination Utilities Infrastructure Other (please specify below)

The Deans falls just outside the Bagshot Village Conservation Area and is within Flood Zone 2. Whilst Queen Anne House doesn't have these constraints, it is an early 18th century statutory Grade 2 listed building.

			Good	Refurbishment required	Obsolete	Redevelopment opportunity	
Office space in The Deans	B1	229 sqm					The building has some suitability for residential use, in part due to its appearance.

CONCLUSIONS

Comments / Observations

This small site is partially within Bagshot District Centre and has relatively low prominence, as it is set back from the A30, with discreet access points and the appearance of residential buildings rather than office use. It has good strategic connections, being less than 2km for the M3 junction 3 and within 800m of Bagshot Station. There is limited HGV access, but ample parking provision. Both buildings are well maintained, although The Deans does have some vacant offices.

It should be noted that Queen Anne House is used partially for 'virtual office space', which enables businesses to use the building as an address and to hold meetings or events, whilst not permanently occupying floor space. This could imply that there are not in-house occupiers and the building is only used for corporate functions held by the virtual occupiers. The Deans borders the Bagshot Village Conservation Area and is within Flood Zone 2, so is considerably constrained. Queen Anne House, a Grade 2 listed building. It is unlikely this small employment area could expand, due to heritage and flooding constraints.

Site No: SH25	Site Name: Watchmoor Business Park, Camberley	LPA: Surrey Heath
Site Area: 11.4ha	Survey Date: November 2014	Name of Surveyor(s): CK, IM

SITE DESCRIPTION

The site can be described as the following (select all that apply):

<input checked="" type="checkbox"/> Edge of centre / out of town	<input type="checkbox"/> Town Centre	<input type="checkbox"/> Rural
<input type="checkbox"/> Incubator / SME Cluster Site	<input checked="" type="checkbox"/> Research and Technology / Science Park	<input checked="" type="checkbox"/> High Quality Business Park
<input type="checkbox"/> Warehouse / Distribution Park	<input checked="" type="checkbox"/> General Industry / Business Area	<input type="checkbox"/> Heavy / Specialist Industrial Site
<input type="checkbox"/> Site for Specific Occupier(s)	<input type="checkbox"/> Recycling / Environmental Industrial Sites	<input checked="" type="checkbox"/> Prominent Site
<input type="checkbox"/> Other: _____		

General comments / description of site

The site is located on the western edge of Camberley. The open countryside, road and rail networks that run parallel to the River Blackwater are to the west of the site, as is the border with Hampshire. It is a prominent business park site with a spacious layout, strong visual sightlines, well maintained landscaping and contains 11 large, relatively modern, good quality office units. The occupiers are predominantly research and development based international companies, with particular clusters of health based pharmaceutical, satellite technology and ICT & computer programming related businesses.

ACCESSIBILITY

Distance to Strategic Highway Network: Access to M3 at junction 4, 1.3km away, via the A331 primary route.	Rail Access: Located 3.4km from Camberley Station and 1.6km from Blackwater Station.
Quality of local roads: The site is accessed from the A331 primary route at a traffic light junction with Riverside Way, a dual carriageway that leads into the site. Connectivity is good. The immediate section of the A331 is a dual carriageway route that connects the M3, A30, and provides further access to Camberley town centre, Farnborough and Aldershot.	Proximity to settlements: 3.4km driving distance to Camberley town centre, 4.3km driving distance to Farnborough town centre.

FACILITIES

	On site	Within 800m of the site

Training facility	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Comparison Retail	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Other (please provide further information below)	<input type="checkbox"/>	<input type="checkbox"/>

Comparison Retail facilities are available by a 0.5km walk to a large nearby superstore.

NON-B CLASS USES

If there are non-B Class uses on the site indicate the type and approximate proportion of floorspace below:

Use	0-20%	20-40%	40-60%	60-80%	80-100%
Housing	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Retail	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Leisure	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Community	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Other (please provide further information below)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

ENVIRONMENT

Quality of environment for current use:

Very good

Good

Poor

Very Poor

Is the site environment appropriate for the current uses?

Yes

No (please provide further information below)

The site has good quality building stock, high quality landscaping and is well maintained. It is built at a low density.

Neighbouring uses:

Residential

Leisure

Retail

Town Centre

Airport

Railway

Highway

Office

Industrial

Warehousing

Education

Other (please specify)

A sewage treatment works site is located to the north of Watchmoor Business Park. A large superstore is to the south.

ACCESS & PARKING

<input checked="" type="checkbox"/> Car	Riverside Way, a dual carriageway road provides access to the site from the A331 primary route.
<input checked="" type="checkbox"/> HGV	Although HGVs do not appear to require access to the site for the current occupiers, the provision for their access is good.
<input type="checkbox"/> Public Transport	No local bus routes nearby. Blackwater Station is 1.6km away.
<input checked="" type="checkbox"/> Servicing	A spacious site with good provision for servicing.
<input checked="" type="checkbox"/> Parking	Parking provision appears to be good. The site has been designed in order for office buildings to have large individual car parks. There is no sign of unauthorised on street parking. At the rear (east) of the site, where it is most dense, a decked car park has been provided for the occupiers of a 4 storey building.

Is the access and parking adequate for the uses within the site?

- Yes No (please provide further information below)

Ten Watchmoor – currently undergoing refurbishment	B1	4460 sqm					No
Eleven Watchmoor – Offices on 1st floor	B1	516 sqm					No

CONCLUSIONS

Comments / Observations

The site has a good strategic location, with direct access to the A331 primary route and close proximity to the M3 junction 4. It is an attractive, low density site, where the landscaping has been designed to include lakes which have capacity to accommodate the flood risk from EA Zone 3. There is an on-site café and a large superstore is within walking distance, but the site is not within close proximity of other services. There are some vacant units, however the majority of these are either undergoing refurbishment or have recently been refurbished to enable more flexibility, which may attract a wider range of businesses. Many of the current occupiers are well established at the site. There are notable clusters of health based pharmaceutical, satellite technology and ICT & computer programming related businesses which strongly align to both the Enterprise M3 priority sectors and the FEA growth sectors.

Site No: SH26	Site Name: York Town Industrial Estate, Camberley	LPA: Surrey Heath
Site Area: 37.0ha	Survey Date: November 2014	Name of Surveyor(s): CK, IM

SITE DESCRIPTION

The site can be described as the following (select all that apply):

<input checked="" type="checkbox"/> Edge of centre / out of town	<input type="checkbox"/> Town Centre	<input type="checkbox"/> Rural
<input checked="" type="checkbox"/> Incubator / SME Cluster Site	<input type="checkbox"/> Research and Technology / Science Park	<input type="checkbox"/> High Quality Business Park
<input checked="" type="checkbox"/> Warehouse / Distribution Park	<input checked="" type="checkbox"/> General Industry / Business Area	<input type="checkbox"/> Heavy / Specialist Industrial Site
<input type="checkbox"/> Site for Specific Occupier(s)	<input type="checkbox"/> Recycling / Environmental Industrial Sites	<input checked="" type="checkbox"/> Prominent Site
<input type="checkbox"/> Other: _____		

General comments / description of site

This large site is located to the north west of Camberley, covering an area bordered by the A30 and A331 to the north and west respectively, and a largely residential area to the east. The site it comprised of various warehouse parks, industrial workshops, business centres and trade parks. These are defined areas contained within the overall site, which cluster uses together in sub-zones. There is a wide mix of offices, light and general industry, storage and distribution uses. Building stock ranges from 1950s industrial workshops and manufacturing units to large modern warehouses and is continually being updated and redeveloped in places. More recent developments mostly consist of warehouse units with flexible office or industrial space.

ACCESSIBILITY

Distance to Strategic Highway Network: Access to M3 at junction 4, 1.9km away, via the A331 primary route.	Rail Access: Located 2.4km from Camberley Station and 0.6km from Blackwater Station.
Quality of local roads: The site has several access points and is integrated into the urban fabric of Camberley. Access to the site can be gained from the A331 onto Stanhope Road at a traffic light junction, and from the A30 at Yorktown Way, also at a traffic light junction. Doman Road and the eastern entry point of Stanhope	Proximity to settlements: 2.4km driving distance to Camberley town centre, 5.1km driving distance to Farnborough town centre.

Road provide access from a neighbouring residential area of Camberley. These two entry points have width restrictions that prevent HGVs from accessing the site.

FACILITIES

	On site	Within 800m of the site
Convenience retail	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Restaurants / café	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Gym / sports facilities	<input type="checkbox"/>	<input type="checkbox"/>

Comparison Retail	<input type="checkbox"/>	<input type="checkbox"/>
Other (please provide further information below)	<input type="checkbox"/>	<input type="checkbox"/>

The site is large and well integrated into the urban fabric. Two neighbourhood centres are within 800m walking distance of the site with a range of retail units and services.

NON-B CLASS USES

If there are non-B Class uses on the site indicate the type and approximate proportion of floorspace below:

Use	0-20%	20-40%	40-60%	60-80%	80-100%
Housing	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Retail	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Leisure	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Community	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Other (please provide further information below)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

ENVIRONMENT

Quality of environment for current use:

Very good

Good

Poor

Very Poor

Is the site environment appropriate for the current uses?

Yes

No (please provide further information below)

The site is suitable for the current wide ranging mix of uses it contains. The older 1950s developments around Craven Court suitably house industrial, manufacturing and workshop based uses. More recent developments have some minimal landscaping and appear to be maintained.

Neighbouring uses:

Residential

Leisure

Retail

Town Centre

Airport

Railway

Highway

Office

Industrial

Warehousing

Education

Other (please specify)

A sewage treatment works borders the south of the site. Residential areas are immediately adjacent to the east of the site.

ACCESS & PARKING

Car

There are multiple access points to the site, which covers a large area of northwest Camberley. Access can be gained from both the A331, A30 and for non HGV vehicles, from the neighbouring residential area to the east. Watchmoor Point and Watchmoor Trade Centre have more restricted access, with only one entry point from Riverside Way on Watchmoor Business Park. Compton Place Business Centre can only be accessed from Surrey Avenue, a small residential road to the east of the site.

HGV

HGVs can access the site from the A331 and A30. There is restricted access from the neighbouring residential areas to the east.

Public Transport

There are bus stops nearby on both London Road and Frimley Road. Some of the site is within 800m of Blackwater Station.

Servicing

There is generally good servicing provision, but it does vary, as would be expected in such a large site.

Parking

Parking is site dependent. The more recently developed areas have variable parking provision. Some have adjoining car parks and all other have designated bays. The original 1950s units have little to no parking provision, with only small areas at the front of their premises as indicative parking zones. In these localities, motor vehicles are often parked on the service roads and can impede HGV access in certain areas.

Is the access and parking adequate for the uses within the site?

Yes

NO (please provide further information below)

DEVELOPMENT CONTEXT:

Planning Considerations:

Flood Risk (Zone 2 & 3)

Heritage and Conservation

Environmental Designation

Tree Preservation Order

Physical Considerations:

Topography

Contamination

Utilities Infrastructure

Other (please specify below)

Planning Status (select all that apply):

- | | | |
|---|---|---|
| <input type="checkbox"/> Planning Consent | <input checked="" type="checkbox"/> Site Allocation: Core Employment Area | <input type="checkbox"/> Site/part of site in SHLAA |
| <input checked="" type="checkbox"/> Fully Implemented | <input type="checkbox"/> Partially Implemented | <input type="checkbox"/> Cleared Site |
| <input type="checkbox"/> Greenfield | <input checked="" type="checkbox"/> Brownfield | |

Additional comments:

There are some more recent developments, consisting primarily of flexible warehouse space. It appears that natural regeneration is taking place, as some of the outdated or unused building stock is gradually being redeveloped or replaced.

Opportunity for intensification of employment uses at the site:

- Yes (please provide further information below) No

Undeveloped Land

- Yes (please provide further information below) No

Vacant Premises

Yes (please provide further information below)

No

Unit Name / Number	Unit Type (B1a/b/c, B2, B8)	Size of unit / amount of floorspace marketed	Market attractiveness				Suitable for conversion to non-employment use? (please specify)
			Good	Refurbishment required	Obsolete	Redevelopment opportunity	
4b,10,11,12 Stanhope Gate	B1 (flexible)	856 sqm combined					No
26b,26c,29,30, Craven Court	B1/B2 flexible	1116 sqm approx					No
Units 3,5,6, J4	B2/B8	2156 sqm combined					No
Units 10,11,23 Tuscam Trade Park	B8	3167 sqm combined					No
Warehouse, Lawrence Way	B8	911 sqm					No
Unit 1,6,8, Minster Court	B1	438 sqm					No
Unit 4A, Priory Court	B1	702 sqm					No
Units 11,16,8,B Watchmoor Trade Centre	B1 offices & B2 workshop	411 sqm					No
Units 6,14,20m Compton Place Busniess Centre	B2 flexible	137 sqm					No
Unit 1, Watchmoor Point	B8	1409 sqm					No
Units A & B1 Theta House	B1	93 sqm					No

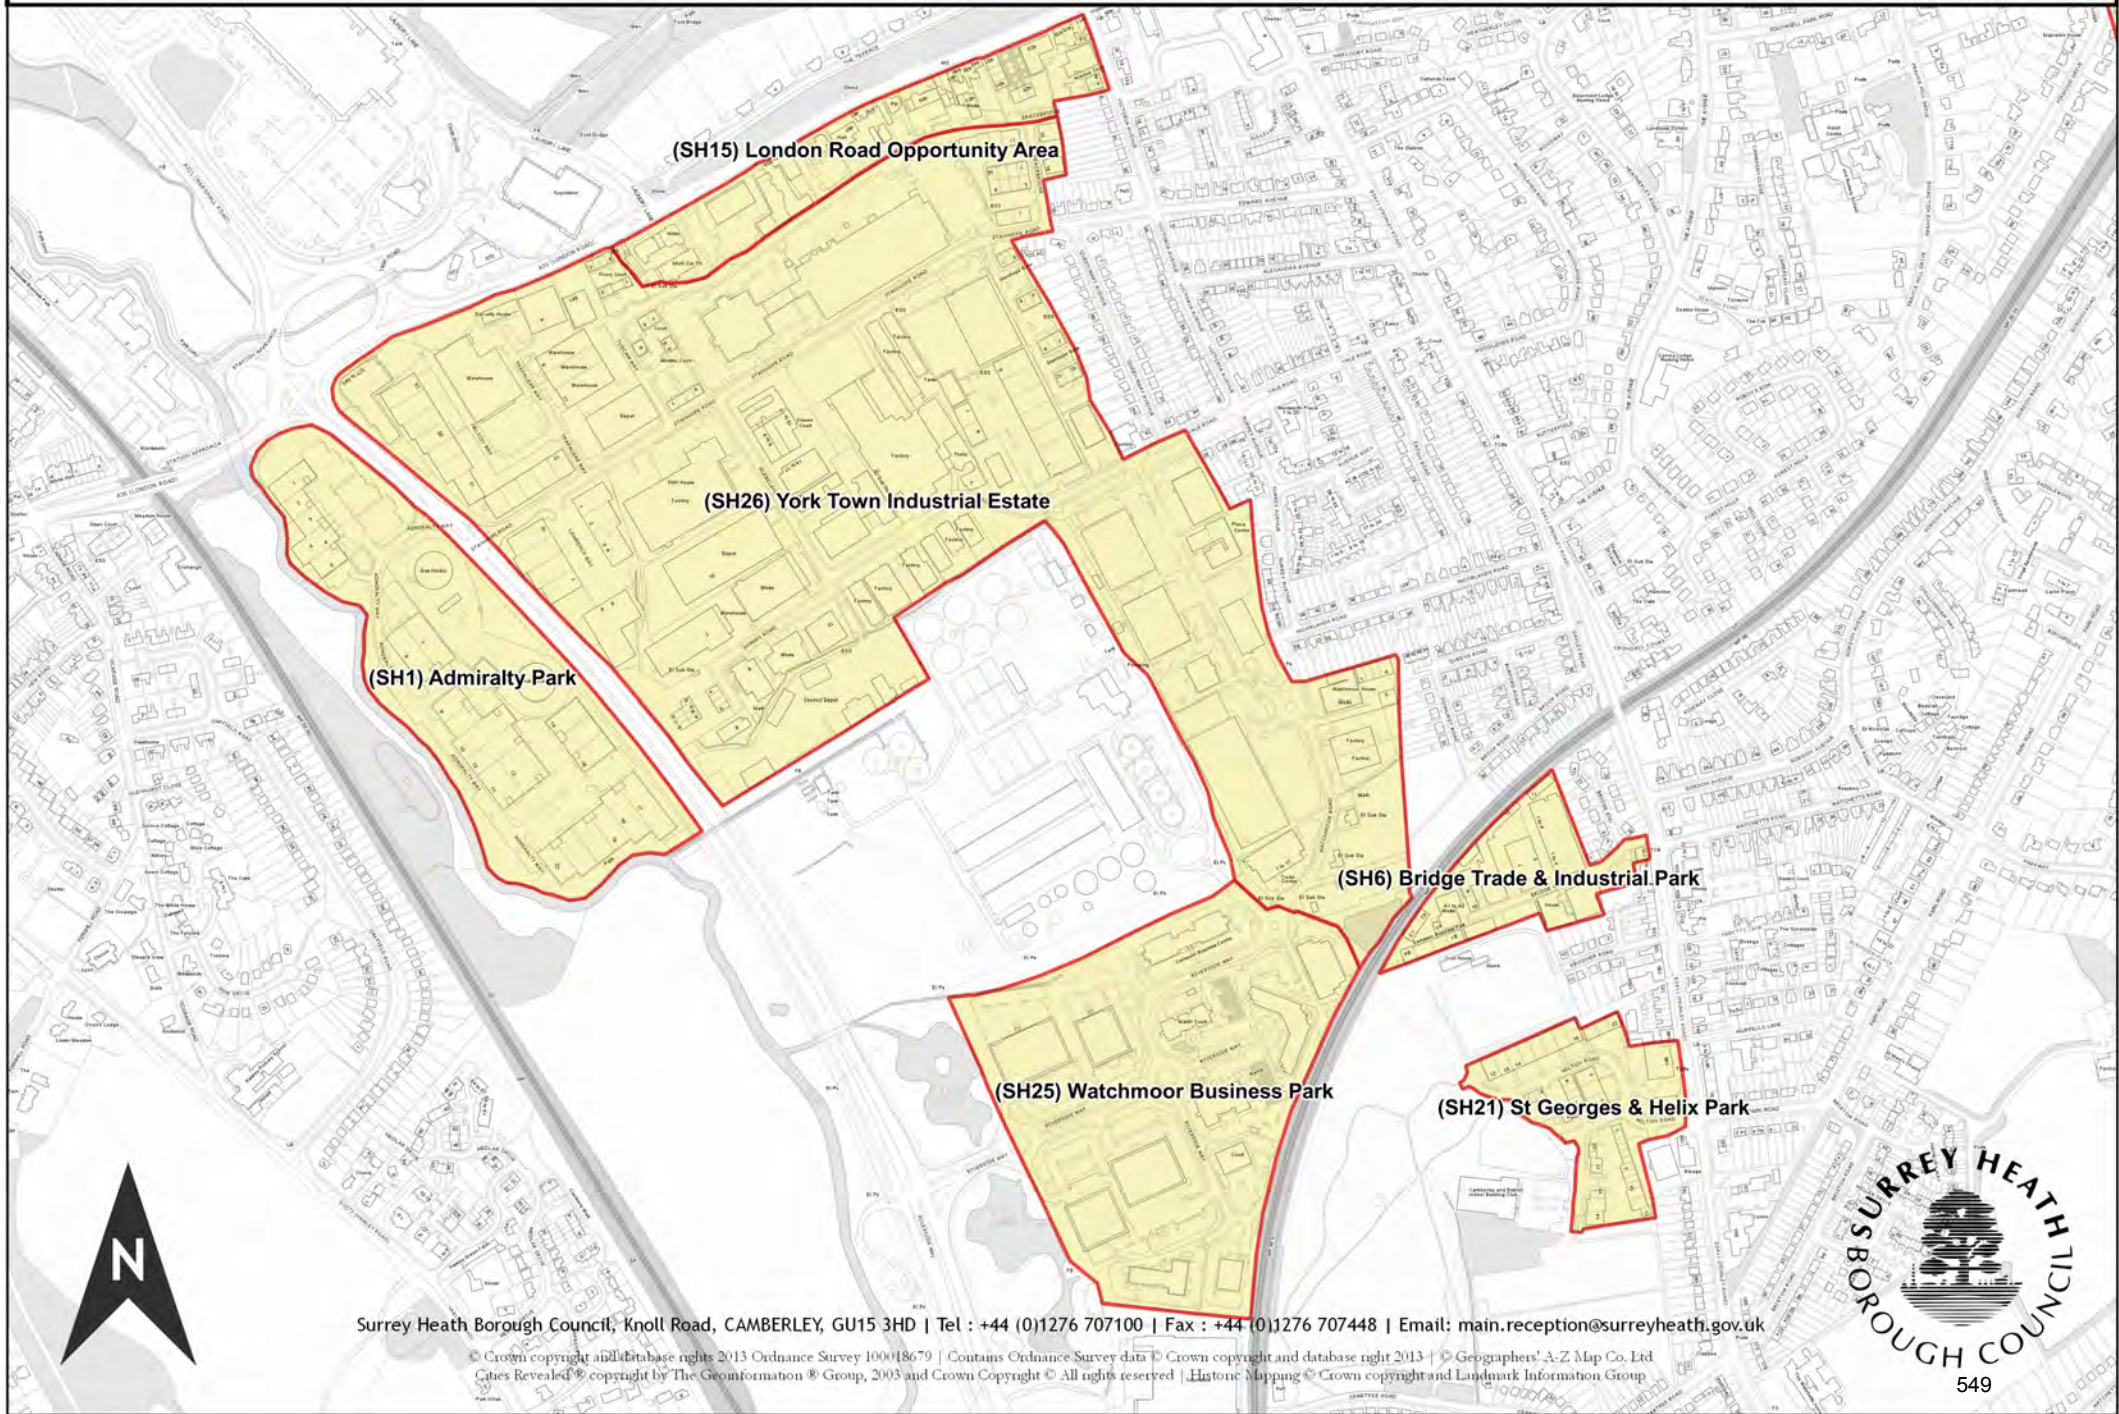

Although there may appear to be a large amount of vacant units from the list above, it should be noted that York Town is a very large site that houses a wide range of businesses in various sub zones. Therefore, when taking account of the many units on site, the overall vacancy rate for York Town Industrial Estate is not overtly high.

CONCLUSIONS

Comments / Observations

York Town Industrial Estate is a large, well established site that has good local and strategic access. It is well integrated into the surrounding urban fabric and has four access points. It plays an important role in housing industrial businesses and SMEs in small clusters of workshops, as well as large modern warehousing. There is minimal landscaping and the overall environment provides a more suitable location for bad neighbour uses than high quality offices. The site fits this purpose well and as such has a low vacancy rate. There are some industrial units with trade counters and whole sale on the western edge of the site.

The eastern edge of the site is in very close proximity to neighbouring residential areas, with no physical buffering. It is well established and has been developed over time in different phases. There appears to be ongoing regeneration of some of the older warehousing, but the existing 1950s industrial core remains, demonstrating a continuing demand for smaller workshops and manufacturing units. There is also a technology cluster focused at Camberley Business Centre, emphasising the wide diversity of uses represented at York town. Due to its size, ongoing development opportunities, wide range of accommodation attracting both SMEs and larger organisations, York Town has the potential and capacity as a site to attract future economic development to the Functional Economic Area.
